HEALTH OF CITY RESTS ON SEWERS

Unless Proper Facilities for Disposal Are Provided, People Will Suffer.

WEST TULSA IS IN NEED

Forthcoming Bond Issue Provides for Some Very Necessary Extensions.

No great plague is threatening the city. But the continued growth and development of the city is threatened unless immediate action is taken to extend the sewerage system, not only the principal sections of the city, but those portions which are now unserved by such conveniences.

On July 11 the voters of Tulsa will be called upon to vote an issue of $1,042,500 in bonds, at least $80,000 of which is to be used in the installation of additional storm and sanitary sewer mains and submains.

Where Improvements Go.

The improvements contemplated under this item of the bond issue include improvements of sewerage conditions in West Tulsa at a cost of approximately $10,000; in Kendall of $48,670; in Sunset Park of $5,500; of Sanger-Douglas addition, thru Woodard Park, $6,000, and in Maple Ridge addition and Sunset Park addition, thru Selg addition, $4,000.

The improvements contemplated in West Tulsa, tho not the most extensive or expensive, are without doubt the most necessary from an industrial standpoint, as it is upon this that the success of the efforts to secure the location in West Tulsa of the Frisco terminal, upon removal from Sapulpa are based.

Before the corporation commission several months ago local citizens appeared asking that the Frisco officials be permitted to remove the terminals of that road to West Tulsa. Sapulpans presented data to the commissioners declaring that West Tulsa was unserved with sewers and that as such it was an unhealthy place in which to force the railroad men to move to from Sapulpa, which boasts of a good sewer system.

Blocks Movement of Shops.

This argument at that time could not be met. It was a fact that West Tulsa was unserved by sewers. There was a probability that there might be spread of disease there. So the city commissioners and other interested themselves in trying to tear down the only substantial stumbling block which had been placed before the removal of the terminals to West Tulsa.

This stumbling block cannot be removed until sewers are installed, or until the commission has proof that sewers are to be installed. Then, and only then, will Tulsa secure the terminal of the Frisco railroad, which is now knocking at the door, but which cannot gain admittance because of the delay in providing those improvements which should have come before.

When the voters go to the polls on July 11 there should be no delay or hesitancy in voting for the bonds, as the items included are equally as important in the development of Tulsa as the item for the construction of sewers, failure of which will result in a marked delay in future development.

HOUSEWIVES, SIGN THIS TODAY.

LAX-FOS—An Improved Cascara.

A digestive liquid laxative, cathartic and liver tonic. Combines strength with palatable aromatic taste. Does not gripe or disturb stomach. 50c.

BAR AUTOMOBILES FROM OWEN PARK

Will Be Closed to Traffic for Fourth of July Event Wednesday Night.

ANNUAL BUDGET IS MADE UP

Department Asks for $27,000 for Next Year; Concession at Forsythe.

No automobiles or other vehicles will be permitted to enter Owen park after 6 o'clock Wednesday night, according to official action of the park board at its weekly meeting last night. Plans for the municipal Independence day celebration at this beautiful park were completed at this meeting.

Cars will have access to the park during the day, but promptly at 6 o'clock all three entrances will be barricaded and officers will be placed on guard. Autoists desiring to park their cars on Irving Hill, to the west of the park, may do so by driving around the park on the unpaved street between Owen and the Country club estate.

Fireworks All Evening.

The fireworks display will start at dark and continue until 10:30 o'clock. It will consist of numerous aerial bombs and other sky effects, colored fire and a varied assortment of set pieces, mostly of a patriotic design. An enclosure has been fenced off and no spectators will be allowed to go near the pyrotechnics. Neither will there be any skyrockets this year, on account of the danger from fire. Park benches will be arranged along the east banks of Owen park lake for spectators. Thousands can be accommodated on the sloping lawn to the rear of the seats.

There will be band concerts in the park afternoon and evening. At night the band will play on the lake peninsula.

Golobie Will Speak.

At 4 o'clock a stirring patriotic address will be delivered by Senator John Golobie of Guthrie, pioneer newspaper editor and native of Australia.

The park board has filed with the city auditor its budget of estimated expenses for the current fiscal year. The city commission will probably act on it this morning. It calls for a total appropriation of $27,000. Every cent of this is needed in order to properly maintain the various parks and carry out improvements. The principal item is $7,000 for the improvement of Woodard park, a 36-acre tract lying south and east of Maple Ridge. This year a lake has been constructed in the park, but has not yet been filled with water. With $7,000 the park board can clear the park, put in walks, flower gardens and shelter houses and otherwise make it as complete and ready for public use as any other municipal playground.

Another item is $1,250 for the improvement of Lincoln park, in the colored section of the city. Altho purchased three years ago no work has been done on this tract and the board feels that it should be improved without further delay in justice to the extensive negro population of Tulsa.

The sum of $1,500 is asked for completing the work of clearing Waterworks park, which will lie upon the route of the new city boulevard. Millions of tin cans and other rubbish must be removed before the tract can be put into shape for park use.

The board granted two young women permission to operate for the balance of this season a refreshment stand at Forsythe park on Admiral boulevard.

LIVES 200 YEARS!

For more than 200 years Haarlem Oil, the famous national remedy of Holland, has been recognized as an infallible relief from all forms of kidney and bladder disorders. Its very age is proof that it must have unusual merit.

If you are troubled with pains or aches in the back, feel tired in the morning, headache, indigestion, insomnia, painful or too frequent passage of urine, irritation or stone in the bladder, you will most certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules. This is the good old remedy that has stood the test for hundreds of years, prepared in the proper quantity and convenient to take. It is imported direct from Holland laboratories and you can get it at any drug store. Your money promptly refunded if it does not relieve you. But be sure to get the genuine GOLD MEDAL brand. In boxes, three sizes.—Adv.

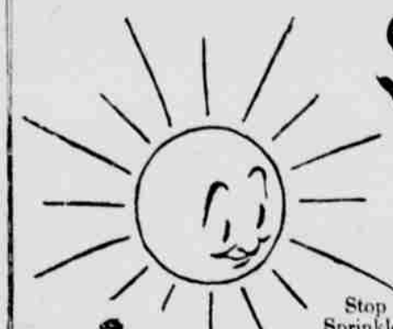
Special Announcement

We beg to announce that we have persuaded the special representative of the most exclusive curtain house in this country to show his complete line of real Lace Curtains, Panels and Draperies for the special benefit of our customers for this day (Tuesdays) only, on our second floor. It is an exhibit well worth going out of your way to see, as it is of an artistic as well as of a practical nature, no matter if you come with the intention to buy or just to look around. The execution of individual orders, the making up of designs to suit your own taste and style is one of the strong points of this house.

Those who are not acquainted with our Drapery Department and come here today for the first time will be very much surprised—and pleasantly so—to find what large variety of Window Hangings, from the most modest to the most exclusive ones, we really do carry.

Mayos'

Scalp Irritation
Stop It Now!



The heat of the sun dries out the natural oils of the scalp. Dandruff increases. Scalp itching becomes not only unpleasant but even dangerous.

Stop this itching now. You can, with very little trouble! Sprinkle, only twice a week, a little Pompeian HAIR Massage on your scalp. Rub it in the Pompeian way (carefully described in booklet enclosed in every package) and soon your scalp itching will stop.

Pompeian HAIR Massage
Stops Dandruff--Hair Coming Out

The success of Pompeian HAIR Massage is in the "massage" idea. It is a treatment, not merely a tonic. The massaging (rubbing) of the scalp wakes up the roots of the hair to new life. This massaging also opens the pores of the scalp to the wonderfully stimulating liquids in Pompeian HAIR Massage. Dandruff goes. Your hair will become and stay healthy, vigorous and attractive.

Pompeian HAIR Massage is a clear amber liquid (not a cream). Not oily. Not sticky. Very pleasant to use. 25c, 50c and $1 bottles, at the store.

MEN—Have your barber give you a treatment, and prove to yourself how refreshed your scalp feels by one application.

Don't hesitate to use Pompeian HAIR Massage. It is made by the old and reliable makers of Pompeian MASSAGE Cream and Pompeian NIGHT Cream.

MUSKOGEE EXPECTS TO WIN PROTEST OF GAME

MUSKOGEE, July 2.—That Manager Buzz Wetzel's protest of Friday's game at Denison will be upheld by President J. W. Bell seems assured.

Umpire Ralph Pontius admitted, when shown the rules of the play at his hotel after the game, that he was in error, and announced that he would so report to the president and recommend that the game be given to Muskogee by a score of 8 to 7.

The disputed play came up when, with one out and Peebles on second base in the ninth inning, a Denison batsman fanned for the second out. Brock, seeing that Peebles was taking a long lead off second, threw to Pike. In attempting to get back to the bag Peebles slipped and fell, seriously injuring his leg.

Umpire Pontius, realizing that Peebles was hurt, immediately called time. Pike put the ball on the prostrate runner, but Pontius sent the relief runner to second, safe. After that the Railroaders got enough hits to put across the two runs they needed to win.

The rules provide that time shall not be called until the ball has been returned to the pitcher's hands.

REDDOE IS NOT A DESERTER.

Youth Gets Honorable Discharge After Being Listed as Missing.

Lon Reddoe, formerly assistant to Secretary Douglas of the Chamber of Commerce, is not a deserter. He returned to Tulsa yesterday after obtaining an honorable discharge from the Oklahoma national guard.

When company C was mustered out he secured a position in Dallas, Texas, and, believing that leaving the state constituted dismissal from the unit, he paid no attention to the last call and did not appear for service. Learning that he was listed as a deserter, he proceeded to Fort Sill, where explanations were made and his discharge followed.

GLASS FACTORY AGAIN AFIRE.

Ruins Burst Into Flames for Third Time; Two Trainmen Arrested.

Firemen fought for an hour Sunday afternoon before they were able to extinguish the flames that had sprung up from the ruins of the Tulsa glass factory, this being the third time the ruins have caught fire since the conflagration of several weeks ago.

Considerable delay was experienced by the fire fighters in reaching the scene, owing to a Katy freight train standing across the street. C. R. Cook and R. C. Vanderwater were arrested by Fire Chief Alder, charged with obstructing the progress of the department. They were released on $25 bonds and are to have a hearing today.

HEED THE CALL OF MINNESOTA

Listen to the call of welcome
From the land of Hiawatha;
Listen to ten thousand voices
Of the lakes of Minnesota
From the depths of boundless forests
On the cool winds of the northland—

Leave the choking smoke of Cities,
Leave the paths of stone and concrete
Leave the madding rush of business,
Leave the heat and grime behind you,
Come to play and recreation,
Breathe the health restoring pine air.
Bring the wife and all the children
They too, need a month of resting.
Here your sleep is never broken
By the hot blasts of the southwind,
Here is youth for all the aged,
Here is health for all the ailing,
Here is room for all the youngsters.
Bring your rod and catch the sturgeon,
He, who's called the 'King of Fishes.'
Lure the Bass, the Pike and Musky
From the depths of sky blue water.
Cast your fly in sparkling trout streams,
Feel again the thrills of boyhood."

When you feel the scorching southwind,
When the sun is high in heaven
Heed the call of Minnesota,
Get our folders, maps and guide books,
Let us give you information,
As to cost of board and lodging,
As to cost of transportation
To the Land of Hiawatha.
