Release Boy Held on Charge of Burglary

A charge of burglary against Russell Jones, accused of having entered, on March 28, the P. J. McGee Art shop, 23 West Third, in company with Ellsworth Jones, was dismissed, and the lad turned over to A. M. Welch, humane agent. The preliminary trial of Ellsworth, which was set for Tuesday before Justice H. J. Gray, has been continued until April 26. The charge against Russell was dismissed at the instantion of McGee, who said that after an investigation, he had learned that the boy's actions were directly traceable to his companion, who has been in the custody of the police several times.

News of Muskogee

Special to The World.

MUSKOGEE, April 12.—Charges of stealing an automobile were placed against Elmer Coppinger and R. A. McAdams after their arrest today by the police. They are said to have confessed trying to steal a small car belonging to J. P. Whitten, oil man.

Not Citizen, but He Votes.

Nicolaos Athanasios Doumias, a Greek cafe man here, won't be a citizen until 1923—but he's been voting in elections since 1908.

He made this disclosure to W. V. McClure, U. S. court clerk, today when he appeared to find out his citizenship status.

The Greek took out his first papers in 1908 shortly after arriving in this country. He showed these papers to election officials and was allowed to vote, he says. But he neglected to take out second papers and get his final certificate.

Now the first papers have lapsed and he'll have to start all over again Mr. McClure told him.

"Guess I'll have to educate our election officials," commented the court clerk. "They'll have to make foreign-born persons show final certificates rather than first papers."

Creeks Sue Railroad.

Jess Allen, Creek Indian, and his family—all with allotments near Slick, in Creek county—aren't satisfied with the amount offered them by the Oklahoma Southwestern railroad for right-of-way through their property. They sued for an adjustment by the federal court today. The case is on hearing before a jury in Judge R. L. Williams' court today.

TEXANS AFTER RED RIVER

Congressman Parrish Introduces a Bill Favoring Texas Owners.

Special to The World.

WASHINGTON, April 12.—Congressman Lucian W. Parrish of Texas today introduced a bill which seeks to give to people now owning, under Texas patent, land in the disputed oil area along the Red river, prior filing right in the event the case is decided against Texas. Parrish said the bill was introduced with the belief that if Texas does not win the land it will become United States domain rather than the property of Oklahoma. As Oklahoma is a public land state filing would be under the oil leasing act of February 25, 1920.

STILL FEAR U. S. INVASION

False Report of American Warships Creates Mexican Panic.

MEXICO CITY, April 12.—The fear of United States intervention which is always apparent in Mexico was illustrated recently when an imaginative correspondent in Vera Cruz advised his Mexico City newspaper that "a fleet of American vessels, most of them cruisers formidably armed, has just anchored off this port."

The correspondent added that at the time his dispatch was filed it was too dark to identify the vessels definitely, but that "the entire city of Vera Cruz is in a frenzy of excitement over this entrance of United States warships into our waters."

It was later discovered, however, that the much feared armada consisted of six small boats recently purchased by the Mexican government from Great Britain for merchant marine service.

ARE TUNNELING THE ANDES

BUENOS AIRES, April 12.—The first rail has just been placed on the new international railway that is eventually to connect the Argentine city of Salta with the seaoast of Chile, thus realizing to a certain extent the trade routs of Argentine and Chile. The Argentine section of the road is being built from Salta to Hautiquina, a place in the Andes on the frontier of Chile, while the Chilean section probably will be constructed either to Atnofogasta or Mejillones. In Argentina construction is being done by the state railways. Construction in Chile is not yet definitely provided for.

The Argentine half of the road is approximately 475 kilometers long. As a part of the work 6,000 meters of hard rock tunneling will have to be done.

Copper Mines to Close.

BISBEE, Arizona, April 12.—Production of copper from its mines here and reduction of ore in its smelters at Douglas, Ariz., will be suspended within the next week or 10 days by the Calumet & Arizona Mining company, according to announcements posted this afternoon by Colonel John C. Greenway, general manager of the company, following a meeting of the board of directors.

PLAN PROBE OF ALL RAILROADS

Senate Bill Authorizes Inquiry Into Methods of Management

WASHINGTON, April 12.—A far-reaching investigation of the country's railroad conditions by the senate interstate commerce commission is provided in a resolution introduced in the senate today by Senator Cummins, republican of Iowa, the commission chairman.

The resolution would authorize the committee to inquire into the foreign phases of the railroad management.

Operating revenues and expenses of the railroads, which under law make reports to the interstate commerce commission, comparing these revenues and expenses with like revenues and expenses since 1912.

Reasons which lead to the extraordinary cost of maintenance and operation from March 1, 1920, to March 1, 1921.

Reasons which induced the diminished volume of traffic in the latter part of the year 1920 and first two months of 1921 and in that connection the influence of the increased freight and passenger rates prevailing during the period.

Efficiency or inefficiency of railroad management during federal control and during the year beginning March 1, 1920, and the efficiency or inefficiency of labor employed by the same management during the same periods.

LEAGUE'S DEATH GIVEN WORLD BY HARDING

...ves, both of the "irreconcilable" and "reservationists" groups.

Senator Lodge of Massachusetts, the republican leader, who led the long fight for reservations to the treaty of Versailles, said he was "extremely pleased" by the message, which he declared "separates us from the league and approves passage of the Knox resolution."

Senators Johnson of California and Borah of Idaho, leaders of the "irreconcilables," expressed gratification that the president had definitely rejected the present league and had declared for restoration of peace by congressional action. They expressed doubt, however, that the treaty of Versailles, with the league covenant excluded, could be put into shape for ratification—a possibility suggested by Mr. Harding.

Senator Hitchcock of Nebraska, acting democratic leader, who led the Wilson forces in the senate for ratification of the treaty and league, expressed disappointment at the president's message. He declared that by refusing to enter the league the United States had refused to take part in the effort to stabilize the social, business and governmental conditions of the world, without which, he said, there could neither be a revival of business or prosperity.

PIE SUPPER FOR K. OF C.

Altar Society Entertains Membership Campaign Workers and Friends.

Workers in the 1,000-membership campaign for the Knights of Columbus and their friends were entertained by the ladies of the Altar society at a pie supper Tuesday night at the Holy Family church. Covers were laid for 200.

Among the speakers of the evening were Monsignor George Depreitere, vicar general of Oklahoma City; Rev. Urban de Hasque, Okmulgee; Very Rev. Charles Standfast, Sacred Heart church and Very Rev. John G. Helring of Holy Family church, Tulsa. A. C. Sinclair and several prominent business and professional men of the city also made talks. Ray Seigfried was toastmaster. The campaign committee reported the new membership roll now contains 890 names.

ZINC FIRM REDUCES WAGES

Executive Staff Cut 20 Per Cent, Laborers 30 to 40.

NEW YORK, April 12.—The salaried force of the American Smeltering and Refining company will receive a 20 per cent cut in pay and wages of laboring classes between 30 and 40 per cent, effective June 1, it was learned officially here tonight.

Fifteen hundred members of the executive force, whose annual salaries total $2,750,000, are affected by the 20 per cent decrease. Approximately 12,000 wage earners are affected by the arger decrease, which it was pointed out, is based on the high wages paid during the war emergency.

Women Fight Bossism.

CLEVELAND, Ohio, April 12.—War on political bossism was the feature of today's session of the second annual convention of the National League of Women Voters and the resolution of Mrs. Carrie Chapman Catt's standing committee on election laws and methods which reported today, recommended that each state league of women voters call a "clean up" conference for the study of efficient government and how to obtain it.

Arnstein's Bond Is Cut.

NEW YORK, April 12.—In reducing from $75,000 to $25,000 the bail of Jules W. ("Nicky") Arnstein, charged with being implicated in Wall street's "$5,000,000 bond theft plot," Judge McIntyre of general sessions declared today he would discharge the defendant on his own recognizance if he were not brought to trial here 10 days after the federal case against him in Washington is finished. Arnstein was arrested last June and originally held in $100,000 bail.

No Royalist Outbreak Planned for Germany

BERLIN, April 12.—The first wave of royalist bitterness that followed the news of the death of the former German empress appeared to have subsided today. Even the most aggressive adherents of the old imperial regime seemed to realize that it would not be only bad taste but universally condemned throughout Germany if the event were made the occasion for attempts at reactionary coup.

The Royalist organ, the "Lokal Anzeiger," flatly announced that no monarchistic demonstrations are to be held on Saturday when the ex-empress is to be laid to her final rest in the Mausoleum of the Antiken Temple at Potsdam.

PAIR OF BILLS NOT SIGNED

Governor Signs 13 of 15 Measures Left on His Desk.

By Associated Press State Wire.

OKLAHOMA CITY, April 12.—Governor J. B. A. Robertson has signed 13 measures passed by the state legislature, since the adjournment of the senate April 2, after the house had previously adjourned. Two bills remain unsigned. The constitution provides that bills not signed at the time the session terminates must be signed within 15 days after adjournment, or else cannot become a law.

The bills assigned by him are the house bill outlining procedure to be followed in making contests over election of state officers, and the house bill relating to appeals from the state board of equalization to the supreme court.
