The Teachers' Frauds.

SAN FRANCISCO, Dec. 10.—At the investigation of examination questions last night by the committee of the Board of Education, the principal witness was S. M. Augustine, Superintendent of Schools of Marin county, who testified to many occasions on which appearances led him to believe that ladies from San Francisco came to San Rafael to pass examinations who had questions beforehand.

John Levett testified to instances of applicants having obtained questions, and attributed the greater portion of the trouble to the fact that questions were made out in the State Superintendent's office at Sacramento and sent all over the country.

The most direct and damaging evidence yet given before the Investigation Committee was obtained at a secret meeting held yesterday morning. Mary J. Kennedy, a teacher of San Mateo county, was subpœnaed. She stated that, about two weeks before the examination in December, 1877, Edward Ewald sold her questions for $100 and brought them to her home in this city at midnight.

Mrs. Danielwitz and several other ladies also got questions from Ewald at that time and passed their examinations at San Rafael. Miss Kennedy paid Ewald an additional $100 for a position in this city. He failed to procure her the place, giving, as a reason, that he had no influence with the present Board. She was obliged to seek for a situation elsewhere, but Ewald refused to return the $100, which he still retains. Miss Kennedy gave the names of other parties implicated in the swindle, who will be called before the Committee. The fact of Ewald having sold questions, if proven, does not constitute an offense against the State law, but the Committee hope to hold him for perjury, as he swore positively that he had never dealt in the papers.

The evidence given by Miss Kennedy is corroborated in many respects, Mrs. N. Ziegerhert particularly testified to paying Ewald money for questions Mrs. Kennedy in her statement, which is very lengthy, says that Ewald told her that the most of the teachers in the department got questions in advance. He also charged Superintendant Mann and others with having procured their positions by underhanded means. Ewald said he worked hard for Bolander and gave witness to understand that, if Bolander had succeeded, he (Ewald) could have had things his own way. Ewald gave witness the questions about two weeks before the examination. They were on manifold paper. Ewald gave witness to understand that he procured the questions direct from the office of the State Superintendent at Sacramento, and that, no matter what means might be taken to prevent them getting out prematurely, he could obtain them, as the parties who furnished them were under such obligations to him that they could refuse him nothing.

Churchill's Trial Set.

SAN BUENAVENTURA, Dec. 10.—In the District Court the case of the People vs. I. D. Lord for murder being the first on the calendar, was called up by his Honor Judge Fawcett, when W. W. Allen for the defense said he was ready to proceed with the case. L. C. Granger, acting District Attorney, said that, on account of the peculiar circumstances surrounding the case, the prosecution thought best to proceed first with the trial of J. S. Churchill another of the defendants. Mr. Allen said the defense were ready to try any of the four and hoped that all would be disposed of at this term. His Honor then set the case of Churchill for Monday, the 16th instant, and ordered a venire to issue for one hundred trial jurors. Churchill is in poor health, being afflicted with heart disease and inflammatory rheumatism, but is anxious to be tried at once.

The White-Mehring Case.

VISALIA, Dec. 10.—The Grand Jury adjourned yesterday. W. J. White, bound over last September to appear before the Grand Jury on a charge of manslaughter for the murder of Dr. Mehring, is to be held over to appear before the next Grand Jury, in February.

The Kentucky War.

MOUNT STERLING, Ky., Dec. 10.—James Pettit, Deputy United States Marshal, arrived last night from a point twenty miles from Jackson, the scene of the late disturbances in Breathitt county. It is reported that in another collision between the parties of Bill Strong and Jerry Little which occurred Wednesday evening last four men were killed and seven wounded. Little was killed.

Wade Hampton Loses his Leg.

NEW YORK, Dec. 10th.—The *World's* Washington special says that Senator Butler received a letter to-day from a relative of Wade Hampton saying that the Governor's health was improving, but that amputation of the wounded limb was necessary and that the operation would be performed to-morrow. The Legislature will elect, adds the enthusiastic correspondent, Hampton to the United States Senate in place of Patterson.

Page's Bill.

WASHINGTON, Dec. 10.—The following is the full text of Representative Page's bill, introduced to-day to enforce Amendment Fourteen of the Constitution:

WHEREAS, Section 5 of said article empowers Congress to enforce said article by appropriate legislation; and,

WHEREAS, At the general election held in the State of South Carolina on the 5th day of November, 1878, for the election of Executive and legislative offices in said State, and for representatives in Congress of the United States, at which election a large number of male inhabitants and citizens of the United States, being twenty-five years of age and the voting representatives of 415,814 inhabitants of said State, according to the census of 1870, and belonging to one of the political parties, were, by laws enacted by the Legislature of said State, and also by a concerted system of oppression, terroism and fraud practically denied the rights secured to them under said Article 14 of the Constitution, and their rights to vote at said election being practically denied, abridged, and defeated, therefore be it enacted, etc.

That from and after the fourth of March, 1879, the State of South Carolina shall be entitled to two members of the House of Representatives upon the basis of the whole number of white male inhabitants in said State, to-wit: 289,667, as shown by the census of 1870.

This act shall be and remain in full force until such time as all the rights of citizens, as guaranteed in the 14th and 15th articles of the Constitution shall fully be guaranteed and secured.

Conclusions of the Young Men's Progressive Association.

NEW ORLEANS, Dec. 10.—The Exective Committee of the Young Men's Progressive Association has issued a circular setting forth outrages committed in the South and the abuses of suffrages of the colored voters durihg the recent election. It endorses President Hayes's message and points out remedies; considers local self-government in the South a failure and that it means nothing else but disfranchisement of Republicans. This organization is composed of colored men.

England Increases Her Efforts.

LONDON, Dec. 10.—A Lahore correspondent telegraphs that the influence of the Ameer's letter has become immediately apparent in the enlargement of the scope of operations. General Brown's advance on Jellalabad is only awaiting supplies. General Biddulph pushes on through Khojuk Pass to Candahar.
