A DANGEROUS GUEST, BY YOUR PERMISSION.

HOW LONG SHALL WE TWO EAT TOGETHER?

Champion fly swatters in the campaign to be waged against the pests Monday will be rewarded.

Dr. H. W. Duke, city inspector, is offering a prize of a box of candy to the girl of 10 or younger who kills the most flies.

The Board of City Development is offering a prize of a baseball outfit to the boy or 8 or younger who swats the greatest number of disease spreaders.

Boys and girls are to call the city inspector's office, 2723, and report the number of fly murders they have committed. The campaign of ruthless extermination is set for Monday, though it will be no crime to slay flies today and amercement does not lie heretofore Tuesday and henceforth, as far that matter.

GIRL SCOUTS OF AMARILLO TO OPEN THEIR TEN DAYS CAMP AT AMAKORKER NEXT WEDNESDAY

Girl Scouts of Amarillo are to hold a tenday encampment at Camp Amakorker on the Jack hall ranch, beginning Wednesday.

Special arrangements have been made to look after the girls during the encampment and the various Scout leaders hope that every troop member in the city will take advantage of this opportunity for recreation, enjoyment and instruction so close to home. Cars will be provided to take all girls to the camp Wednesday morning.

The camp will be in charge of Miss Laura V. Hanner, long experienced in work with young girls and well known to the people of Amarillo. Mr. and Mrs. John Snyder will have charge of the cooking. Expert swimmers will give the girls lessons at certain hours.

The women in charge of the work have gone to a great deal of trouble to insure a time of enjoyment for the girls and also to insure a time of profit. Special precautions are being taken to see that the girls are well cared for.

A program of unusual variety for the ten days' camp has been provided. It follows:

Talk on Butterflies, Mrs. Mildred Cherry; Chalk Talk, Mrs. Mabel Law Polk; First Aid to Animals, Dr. E. F. Lawhon; Illustrated Victrola Talk, Mrs. Jhone Wilson; Speaking Girl Scouts; Radio Demonstration, Thomas Hampton; Basketry and Hat Making, Russell & Cockrell; Outdoor Cooking, G. A. Newsom; Camp Fire, Trail Days, Sam Dixon; Characteristics of a Soldier and the Military Drill, Bill Bonwell; Song and Story by Cyrus Nordgren; Water Carry Competition, Miss Lillian Hess; Knight Rally, C. C. Hunter; The South Sea Islands as Seen from Amarillo, Elgin McDonald; Personal Hygiene, L. S. Rieger; Birds, Mrs. T. V. Brown of Canyon; A Girl Talking to Girls, Mrs. Ho. S. Wynne; Thrift, Marvin McDougal; Scouts Astronomy, Dr. Lockard; Dances of Austria, Dr. W. A. Gossett; Knot Tying for Boy Scouts; First Aid Instruction, Dr. H. M. Hooker; Scouting in Science, John McGee; Photography, Mrs. J. Carden; Dusk of Dawn.

TRAFFIC MOTOR TRUCK WILL BE SOLD ON PLAINS

The Panhandle Sales Company, distributors of Traffic motor trucks, have established their office and sales room at 217 Polk Street, and have the famous Traffic Speedbody on display.

They have recently unloaded a car of the well-known Traffic 4,000 lb. capacity trucks, and have those in stock ready for immediate delivery.

This firm is composed of G. L. Kirven and J. B. Lee. Mr. Kirvin has been connected with Oliver Chilled Plow Works for fourteen years, the past three years serving as office manager of the Dallas branch. In this capacity he traveled over the entire state, and he says that the Panhandle is the garden spot of the state, and is destined to be the most prosperous, and he believes that Amarillo will forge to the front as a leading city.

Mr. Lee has been connected with the J. B. Lee Machinery Company, of Dallas, distributors of street machinery, concrete mixers, and other contractors equipment.

They believe that a substantial business revival is just ahead, in fact, already started, and with the oncoming of business will be the very urgent need and demand for better and quicker means of transportation. In fact this is one of the great problems that is confronting American business today. The railroads have been shown up as being too cumbersome for the short haul traffic, says Mr. Kirvin and just as the automobile has provided the means of rapid and convenient passenger travel, so will the motor truck be the solution of the very urgent necessity of more economical and rapid methods of transportation of commodities. They feel that the various models and equipment of the Traffic trucks are admirably adapted to the requirements of this section of the state.

They will cover the entire Panhandle and other territory tributary to Amarillo. In addition to Traffic Trucks, they will also distribute a line of contractors equipment, such as concrete mixers, wheelbarrows, hoisting machines, etc.

ENROLLMENT IN CANYON NORMAL NOW ABOUT 1661

CANYON, July 8.—The enrollment of the West Texas State Normal is now 1661. Despite this big increase in enrollment, fewer this year than last are planning to take the state examination. This indicates a larger percentage plan to more nearly complete their education.

A new dormitory and new high school building for the training of teachers is planned next year.
