## A Reasonable Plea For the Stomach

**If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?**

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach? Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion, and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.

London, 9th Aug., 1905.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., Temple Chambers, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets I am of the opinion that they are admirably adaptable for the purpose for which they are intended.

(Signed) John R. Brooke, F.I.C., F.C.S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, one grain of these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

To win second prize, a purse of $300, was Miss Norma Merani's highest ambition when she entered The Call's gold prize contest three weeks ago. In the short time that she has been a competitor she has met with so much greater success and encouragement than she anticipated that she may be pardoned if she now aims a little higher than second place in the end.

Ever since she started Miss Merani has first place almost continuously and each day she is placing a greater distance between herself and her nearest competitors. Yesterday she registered a gain of 16,400 and passed the 90,000 mark. She aims to pass the 100,000 mark before the end of the week. Votes are coming to her from one end of the State to the other, and yesterday she received a large contribution from Reno, Nev.

Italia, a daily newspaper of San Francisco, printed in the Italian language and widely circulated among the large Italian population in California, has taken up the fight in behalf of Miss Merani and is urging its many readers to help her to win first prize in The Call's great contest for the honor of the Italian colony, which forms so large a portion of the population of California the Italy of America. Miss Merani certainly has reason to feel proud of the support she is receiving from the best people in the Italian colony. She is receiving much support, also, from people of other nationalities, and is especially pleased that the people of her home city, Oakland, are taking some interest in her success.

Miss Merani is a clever, handsome girl, and is employed as stenographer in an Oakland real estate office. She devotes only evenings to the contest.

### THE COLLEGE MOVES UP

The friends of Sacred Heart College are rallying to its support since Miss Merani and Mrs. Doherty of Sacramento have been making such rapid strides in the contest. Mrs. Doherty was not heard from yesterday, but the college registered a gain of 7250 and went ahead of Mrs. Doherty, who drops back to third place, while the college is No. 2.

Miss Hayward picked up 10,000 votes in a lump yesterday, thanks to her friends in the University Club, and moved up from eighth to sixth place. Miss Hayward started before the great fire to earn enough money to take a course in the California School of Art and Design, which is affiliated with the State University. The fire balked her plans, but she is striving hard in the present contest to win enough money to enable her to carry out her ambition.

Miss Mollye Sheridan of Stockton reports a gain of 7600 votes as the result of her second day's work in the contest and is already up in ninth place. She says she entered The Call's gold contest with a firm determination to win one of the big purses and incidentally to boost her home place, the city of Stockton.

### FIRING BIG GUNS

Tobin and Winchester, the popular artillerymen of the Presidio, fired another broadside yesterday, which netted them 3450 votes and took them up five numbers to twelfth place.

Little "Bud" Benjamin, the "Buster Brown" of Fort McDowell, Angel Island, has also commenced to make a pull for the soldier vote. When last heard from at noon yesterday he had already secured thirty subscriptions to The Call and had many more in prospect. He has not yet sent in any of his votes.

Miss Tillie Hartz of Danville, Contra Costa County, has sent in her first report, the result of three hours' work, and it nets her 7600 votes, which starts her in fourteenth place.

### THE PRIZES CONTESTED FOR

The contest is divided into three periods, constituted as follows: First, November 19 to January 13, eight weeks; second, January 13 to March 3, seven weeks; third, March 3 to April 14, six weeks.

There are twenty-five prizes to be competed for during each contest period, consisting of twenty-five purses of gold coin, ranging in amount from $20 up to $500, and making a total of $2000 for each period.

There will also be twenty-five special purses or grand sweepstake prizes for the twenty-five contestants making the best scores during the entire contest, the largest of these purses being $1000 and the smallest $40, and amounting to $4000 in the aggregate.

The final distribution of the prizes will be made on April 18, the first anniversary of the San Francisco fire.

The twenty-five purses for each of the three contest periods and the twenty-five special sweepstake prizes make a grand total of 100 prizes, amounting to $10,000, to be distributed among the winners.

### HOW AWARDS WILL BE MADE

Subscribers to The Call will have the privilege of electing the winners of these prizes by preparing their subscriptions for any length of time that may be convenient, each prepaid subscription counting for a certain number of votes that may be cast in favor of any contestant whom the subscriber may desire to assist in getting a share of the money. The contestant receiving the highest number of such votes during any contest period will receive the largest purse; the one receiving the second highest number of votes the next largest purse, and so on until the number of prizes allotted for that period is exhausted. The same rule will apply to the final distribution of the

larger prizes given for the highest aggregate scores.

### VOTING POWER OF SUBSCRIPTIONS

The following table shows the subscription rates of The Call and the voting power of subscriptions for any period paid for:

# PREFER SHOPPING DOWNTOWN

An interesting debate was held in the California Club yesterday afternoon on the subject: "Resolved, that the shopping district should be returned to Kearny street and vicinity, vice Van Ness." The affirmative won out, ninety-six of the members and guests present declaring in favor of the arguments advanced in support of the return of the shopping district to the old locality, as against sixty-seven in favor of the negative. The speakers on the affirmative side were Mrs. B. M. Brosius, Mrs. M. A. Taylor and Mrs. Orlo Eastwood. The negative side was taken by Mrs. Alfred Black, Mrs. Rodney Kendrick and Mrs. E. L. Baldwin.

The speakers all handled their subject ably and spoke to the point.

The line of demarcation, as summed up by United States District Attorney Robert T. Devlin, seemed to be the present commercial advantage against beauty and the thought of the future development of the city.

### JURY SUSPECTS MURDER

Coroner's jury held an inquest yesterday over the body of Peter Griavas, the Greek who was found dead in his room in the Latin quarter on the morning of January 22, and found that the deceased came to his death under circumstances pointing strongly to murder. A countryman of Griavas, who was taken into custody at the time of his death, probably will be charged with murder. Death was due to asphyxiation, a gas jet having been opened while the man slept.

Do you know how to cook tea and coffee?—Schilling's Best.

### VICTIM OF BULLET DIES

Samuel A. Phillips, a negro who was shot during a street brawl on the Barbary Coast Sunday night, died at the Central Emergency Hospital yesterday as a result of his wounds. William Jones, who fired the shot, and five companions are held at the Bush-street station.

# NEWS OF THE LABOR WORLD

EDITED BY O. M. BOYLE

President William D. Mahon of the Amalgamated Association of Street and Electric Railway Employes is authority for the statement that no other year in the fourteen in which the association has been in existence has been more successful than the one just closed. Twenty-one new locals were chartered and six lapsed ones were revived, making a total gain in membership of 6701. The sum of $13,900 was paid out for death and disability claims. There were thirteen strikes and lockouts, seven of which were brought by opposition to organization, five grew out of attempts to increase wages, and one was caused by the discharge of a motorman for alleged insubordination. Three strikes were settled by agreement to arbitrate, the members returning to work pending the outcome; seven were settled satisfactorily by mediation, one was lost and two are yet pending. These disturbances involved twelve locals and affected 2850 members. In the case where the strike was lost the membership was less than 200, and the greater part of these went back to work under improved conditions.

From the defense fund there was paid out in strikes and lockout benefits $6445. The year was characterized by a growing popularity for the written agreements, which were secured in ninety-eight local divisions. Many extend for two or more years and are provided with wage adjustment clauses. Forty per cent of the agreements were made for the first time. The number of members receiving advances in wages was 30,950, aggregating upward of $1,600,000 annually, the increases varying from a fraction of a cent to 5 cents an hour. The average annual wage of the entire membership is $700. The average union scale is 23½ cents an hour, the average service day a fraction less than ten hours, and the average number of days worked a year 300. The nonunion rates throughout the country range from 7 to 22 cents an hour. The open shop question so far as street car employes are concerned is adjusting itself. Employers have voluntarily demanded the closed shop in agreements, saying that they wanted their roads either union or nonunion. On the closed shop question President Mahon says:

"Among the responsibilities imposed upon the association by the closed shop agreement is that of harmony among employes. The organization becomes responsible for the toleration of any discord among employes that will interfere in any way with the service. The organization is subject to righteous criticism if it does not discover the source of such annoyance or injury and punish the offending member. It destroys any possible excuse for any neglect of rigid adherence to the obligations of the organization. It becomes the duty of every member to promote the workmanship of all, to the end of promoting and safeguarding the service of the company. Thus the most intense interest of which the employe is capable is exacted to the advantages of the employing company, and the most cordial respect for the individual rights of fellow-employes must be observed."

A growing popularity of arbitration clauses in agreements was noted. Reduction in hours was in many instances followed by a corresponding increase in wages.

There was a convention of delegates from the various labor unions of this city on Sunday afternoon at 280 Jessie street and a Defense League to assist Moyer, Haywood and Pettibone was formed. Twenty-four unions were represented. J. Munn of Butchers' Union No. 115 was elected chairman and S. D. Seymour of Lumber Clerks' Association was made secretary. E. W. Hutchinson of Carpenters' Union No. 1082 was elected secretary-treasurer of the defense fund. Working committees were appointed and it was decided to give the imprisoned miners in Idaho not only moral but financial assistance.

A benefit was given to the San Jose Building Trades Council recently by the management of the Theater Jose. The proceeds will go toward erecting a Labor Union Temple in the Garden City. A substantial sum was raised.

* * *

President Guy F. Thurber was in the chair at Monday night's meeting of Steam Laundry Workers' Union No. 26. Thirty-two candidates were obligated. Whenever there is a fifth Monday in the month the local will give a social dance for members only. The first of these affairs will be held on April 29. The committee in charge is already at work to make a success of the entertainment. Another laundry will be started in this city in about a month, which will give employment to about forty union laundry workers. Business is good and all members are at work.

* * *

Painters' Union No. 294 of Fresno has decided to apply to the international headquarters in Lafayette, Ind., for a dispensation to admit new members for the next sixty days on a $5 initiation fee. The fee has been $20 for some time. If the dispensation should be granted, a campaign for new members would be carried on. This union will celebrate its sixth anniversary Thursday evening, February 14, with a smoker and social. Light refreshments will be served and a unique programme presented. The committee of arrangements consists of W. Costley, William Patterson and J. Gorrell. The union will attend in a body the open meeting of the Fresno Federated Trades Council next Friday evening.

* * *

Retail Shoe Clerks' Union No. 410 met Monday night at its headquarters at 1422 Steiner street, President Hennessy presiding. Two candidates were initiated and five applications received. The outing committee made a progressive report and will probably be ready to announce the time and place of the annual picnic at the next meeting. The local has appointed a committee to co-operate with a like committee from the Retail Clerks' Union whose work will be to have the Mission stores close at 6 p. m. on week days except Saturdays. This joint committee is known as the publicity committee. Max E. Licht is chairman of the committee from No. 410. In about two weeks a summoned meeting will be held for the purpose of distributing the new stamp books issued by the international. Organized labor is asked to call for the clerks' working card when buying shoes. The local has decided to attend the institution of the new shoe clerks' local in Oakland in a body upon the arrival of the charter.

* * *

The telegraph operators on the line of the Southern Pacific system are asking for an eight-hour day and a minimum monthly wage of $75, with twenty days to constitute a working month. Overtime is to be paid for at the rate of 50 cents an hour, and time and a half for Sunday work. A committee appointed by the operators to interview the management will have its first session today. The employes are members of the Order of Railroad Telegraphers and it is said that the organization will back up the men in their demands. Operators on the lines west of El Paso and Sparks, Nev., and south of Portland are interested in the outcome.

* * *

The eight-hour movement is spreading rapidly in Grass Valley and vicinity since the miners were so successful in obtaining the shorter workday. Taylor Brothers, foundrymen of Grass Valley, have granted their employes an eight-hour day and the Retail Clerks' Association is now agitating for the 6 o'clock closing movement.

* * *

Mr. and Mrs. Samuel Gompers celebrated the fortieth anniversary of their wedding Saturday night at their home in Washington, D. C. Many friends called to extend congratulations and numerous telegrams of good wishes were received.

* * *

The following officers have been installed by Canmakers' Union, No. 205: President, Joseph Schmitz; vice president, Robert Dugan; treasurer, E. Wright; recording secretary, James Moran; financial secretary, George Wolcott; corresponding secretary, James T. Black; trustees, Matthew Huddleston, J. Murphy and J. McDermott.

* * *

Barbers' Union No. 148 was in regular weekly session Monday night at the Labor Council, with President Hester in the chair. Six candidates were obligated and nine applications for membership received. The local elected Daniel F. Tattenham and W. B. Currier legislative agents to go to Sacramento in the interest of the State barbers' law, now before that body. The committee on picnic and family reunion is still looking for outing grounds and will probably report at the next meeting. Louis J. Hirsch was chosen a delegate to the Defense League, whose object is to raise funds to help defray the expenses of the trial of Moyer, Haywood and Pettibone, the Western Federation of Miners officials who are imprisoned in Idaho.

* * *

The executive board of the Retail Clerks' International Protective Association has been officially notified by International Secretary-Treasurer Max Morris of Denver of the request of the retail clerks of Oakland for a charter, and the secretary-treasurer advises issuing the charter. Max E. Licht, first vice president of the international, in conjunction with H. V. Carter, past president of Local No. 410 and now a member of the new local of Oakland, has taken an active part in forming this union. Every shoe clerk in Oakland has placed his application for membership in the new organization and it starts under most favorable auspices. The local will be known as No. 47.
