RED CROSS SOCIETY

(Mrs. E. L. Bernhold.)

What is the Red Cross?

How can I help in the work?

Many people all over the nation are asking these questions and if they really want to know, they can be intelligently informed at Red Cross headquarters on Mesquite street and as we are greatly interested in linking up every man and woman in Corpus Christi and Nueces county, who can possibly join the Red Cross and doing their share in the worthy organization.

Just now the service of the Red Cross in war is engaging the public attention and some tomorrow individuals seem to fear that it is substituting to help, they are enlisting for a definite time and may be dispatched to any point selected by a superior officer.

The Red Cross will not let any woman go to the front unless she becomes a graduate from some training school. Millions of American women volunteer their services to help and it is voluntary service which can be performed at headquarters as at home. For the most part it will be preparation of surgical supplies and people who cannot be made correctly unless instruction in the work has been given.

The memorable thing to do is define your duties and locate the Red Cross chapter you are giving service to your country just as the soldiers are doing on the battlefield. There are a great many people who refuse the social endorsement of people. Perhaps they are some who know the condition of the Red Cross chapter here. And there are very enthusiastic workers and no wonderful amount accomplished would be a great surprise to many if they would call at headquarters and ask for information which would be cheerfully given.

Join the Red Cross by you all or young.

No matter what your line of business the expenses for surplus and to assist your dollar and locate the Red Cross chapter you are giving service to your country just as the soldiers are doing on the battlefield. There are a great many people who refuse the social endorsement of people. Perhaps they are some who know the condition of the Red Cross chapter here. And there are very enthusiastic workers and no wonderful amount accomplished would be a great surprise to many if they would call at headquarters and ask for information which would be cheerfully given.

Join the Red Cross by you all or young.

GERMAN SOLDIERS BALK AT TOBACCCO SUBSTITUTE

AMSTERDAM, Netherlands, Aug. 4.—The recently created substitute for tobacco served on the market in Germany is a blend of linseed, coarse, dandelion, sugar and mangold and it will be a joint equivalent to about 15 cents a pound.

Smokers say it is "smokable but not to the lounge." On the other hand a soldier in the trenches who has a packet of the mixture from his mother would take the first chance to send her new for further such abominable stuff on his account.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. O. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk would just pretty near fall. I wasn't past doing my work, but was very much run-down.

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells... I took no other medicine at that time not since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle."

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists. NC-129
