SIXTEEN ALLEGED DESERTERS AND SLACKERS ARRESTED THURSDAY

State Rangers Working With Federal and County Officers Bagged Young Men Twelve of Whom Are Said to Have Failed to Register

FOUR ALLEGED DESERTERS INCLUDED IN THE LIST

Uncle Sam's long arm Thursday reached out to call to an accounting scores of young men of Duval, Jim Wells and Live Oak counties, twelve of whom are charged with having failed to register for military service on June 5 and the remainder of the number being charged with desertion in that they were accepted for service in the National Army and then failed to answer the colors of their county boards.

The arrests were made by State Rangers Tom Hickman, George Hurst and Sam Thomas working in connection with the peace officers of the several counties, the prisoners being placed in jail at San Diego and Alice until removed thence when they were brought to Corpus Christi and presented before U. S. Commissioner J. A. Mount. U. S. Deputy Marshal J. H. Moseley is working with the rangers in the capacity of marshal and deputies has been working of the six days preceding.

Of those arrested there are white men from 18 to 45 years and twelve are Mexicans. Some of the number had been arraigned before U. S. Commissioner Mount entered plea of guilty and the alleged deserters were turned over to the military authorities at Camp Bowie and two of the alleged slackers pleaded not guilty.

Now a curious situation presents itself the arrests of the two Commissioner Wilson E. Cummings and Rudy Lozano have arraigned some members who were arrested the week from 5 to 10 a. m. and who are eight in back to proceed than they left not indicted and that they would not be arrested.

The new indictments charged under the law from the Grand Jury in the federal court on Thursday fell on Chicago. The two Cummings boys arraigned last night entered plea of guilty while Lozano said that he is under age and not guilty of the charge. The bonds of each were placed at $500.

The four alleged deserters who are now prisoners at Camp Scurry are Ribero Canto, Gonzalez Reyneral, Antonio Fernandez and Ramon Rios.

All of the others caught in the drag net were Mexicans.

None of the alleged slackers were able to furnish bonds that ranged from $250 to $500 and are federal prisoners in the county jail. Trial will take place but it will await the action of the grand jury that meets here in January when those who plead not guilty will appear either before or Saturday before Commissioner Mount for a hearing.

It is expected that the arrests for not the first of many to be made in South Texas within the next few weeks.

Deputy Deputy a Mexican of the Refugio section who is charged with having failed to register for military service was arrested Wednesday night at Beeville by Constable Joe Lewis and brought to Corpus Christi yesterday morning and turned over to the federal authorities.

It was the fourth such arrest at Beeville within the past two days all four being Mexicans and arrested by Beeville officers.

Jose Canto jail at a late arrested Tuesday on the charge that he neglected to register in Refugio county and he there is being investigated. His bond has been placed at $500.

Names of Gregorio Gonzalez, Martin Flores and Dionicio Escobedo have each been placed at $500 in default of the arresting agents the defendants are held as federal prisoners in the county jail.

COURT INJUNCTION SAID TO HAVE BEEN IGNORED

Tomas Lozano Jailed Charged With Being in Contempt of Writ Issued by Judge W. B. Hopkins

At the instance of City Attorney Russell Savage and County Attorney J. M. Taylor, District Judge W. B. Hopkins several weeks ago issued a writ of injunction restraining Dennis Kelly, Tomas Lozano, Cleofis Kennedy and others from renting property on which the illegal sale of intoxicating liquors is permitted.

The injunction applied to the premises known as the Kelly building, which is now a prominent in the county and being held in contempt of the court were: Tomas Lozano, who was caught with the goods on and had in his hand at the time a bottle of whiskey of such show the injunction was issued.

It is claimed that Lozano within the past few days will be tried on a charge of selling liquor in violation of the local option law and will be interrogated.

Officers opinion that the new law will bring the subject businesses to a realization that they are in for going the rounds and that they must either move from Corpus Christi or change in some business legitimate.

SUPPLY COMPANY OF THIRD TEXAS BUYS $2,500 WAR BONDS

LIBERTY BOND SALES TO CAMP SCURRY SOLDIERS NOW HAS PASSED $36,000 MARK

Under Instructions From Fort Sam Houston Soldiers Are Permitted to Buy Bonds on Installment Plan

Supply Company of the Third Texas Infantry yesterday "kicked in" taking a block of $2,500 Liberty Bonds, making a total of $36,000 bonds that Texas Infantrymen and Fifth U. S. Engineers stationed at Camp Scurry have purchased to date. Captain Henry Craig is in command of the Supply Company and he is confident that other purchases of the bonds will be made by men of his company.

Captain Henry Hockwood of Headquarters Company, Third Texas Infantry was another purchaser of the bonds buying a $500 block of bonds from the Corpus Christi National Bank.

From the Southern Department at Fort Sam Houston, the following advices as to the manner in which soldiers may buy bonds on the installment plan has been received:

The instructions are as follows:

Officers, enlisted men and permanent civilian employees of the military establishment may purchase bonds second Liberty loan using allotment system now prescribed for enlisted men as follows:

Prepare allotment on black bordered form used for enlisted men and execute not less than 200 copies in favor of Federal Reserve Bank, New York City.

For each $50 bond subscribed you allot $10.00 month for nine months and $4.72 for tenth month, commencing October 1, this year, and ending July 31, next year. Conclude with for the purchase of a $50 second Liberty loan bond use coupon attached.

The allotter will endorse on back of allotment name and address of person to whom he wishes bond sent when paid for, or whether by Quarter Master Department to fund or trust name and address.

Original allotment will be mailed direct to chief quartermaster, Washington, D. C. (Attention Market Agent Second Liberty Loan.)

As many $50 bonds may be asked for as desired but no allotment will be accepted that does not begin October 1 and complete payment in ten months.

No allotment will be discontinued except upon separation of allotter from service.

Privilege of purchasing bonds in this manner is authorized with distinct understanding that in case allotter is separated from service bonds will be sold at market value and his share of proceeds turned over to him or to his legal representatives in the event that subscription is due to death.

An accurate account will be kept of allotments made and on October 24 amount of money subscribed for bonds under allotment system will be telegraphed this office. This is vital as bonds will be held to satisfy only amounts so wired. No allotments for bonds will be accepted after that date.

Every officer who makes an allotment should make notation to that effect on his monthly pay account as follows: "Issued $[illegible] for allotment second Liberty bond." If more than one bond is subscribed for the rate of deduction will be increased and entered on pay account by chief quartermaster, Washington. He should make statement to that effect on the abstract form specifying the amounts for which the accounts are so held.

Permanent civilian employees should forward their allotments through the officer under whom serving who will make record thereof and see that entry is made on pay rolls so as to insure deduction of amount allotted. The proper officer will note on civilian employee's allotment forms the appropriation from which their salary is payable.

Allotments made by enlisted men will be entered up the pay rolls or field statements in usual manner followed by "second Liberty loan."

Quartermasters will prepare separate abstract of allotments deducted for all deduction made for second Liberty loan allotments and will transmit these abstracts directly to depot quartermaster, Washington. These abstracts will be headed "Second Liberty loan."

Instructions permitting officers and permanent civilian employees on duty beyond continental limits of United States to make allotments of pay for support of families or dependent relatives will be issued shortly.

War insurance bill makes compulsory allotments only in case soldier has wife or children. Compulsory details left to discretion of Secretary of War and can only be made provided one-half of soldier's pay is not allotted for liberty bonds or other purposes.

Double Seal Piston Packing Ring are a revolution in piston and cylinder packing and their manufacture marks a new area in automobile efficiency, economy, and power. They are the latest word in scientific design and mechanical construction. Deriving the name from both their form and function, they are properly called the "Double Seal, because they form a continuous ring in the piston grove, the double edge being down and making contact against the bottom face, it seals the joint to the groove, and also, being double around the cylinder, it seals the wall, and it seals them absolutely. Hence the name. "Double Seal."

MORE POWER

Your car, no matter what its make or cost, is as weak and inefficient as its weakest vital point. Wasted power means wasted fuel and useless mechanical strain without increased efficiency. And every ounce of pressure that escapes through leaky piston rings is power you are paying for and not receiving in service. Has your car labored hard climbing the hills, while other cars glide by? Has there been an excessive carbon deposit on the cylinders, backfiring, or a "knocking" engine? These are some of the results of leaking piston rings, which neglected, lead to an expensive overhauling.

DOUBLE SEAL RINGS SECURE
Full motor power, perfect combustion, less smoke
Minimum carbonization.
Less repairs.

The saving in fuel and oil in a few months will pay for installing the Double Seal Rings on your car, and when installed, they are there to stay.
