FRANCE IS PRODUCING 250,000 SHELLS DAILY

Big Increase in Daily Production of Shells for "75" Guns Partially Responsible for German Reverses

NEW YORK, Oct. 12.—France for the last year has been producing 250,000 shells a day for the famous "75" guns as compared with 12,000 daily when the war began, according to Andre Tardieu, High French Commissioner to the United States, in a statement issued today.

This is said to partially responsible for the many serious German reverses on the Western front.

REGIMENT OF OKLAHOMA INDIANS TO GO ABROAD

Three Hundred Drafted Non-English Speaking Indians Transferred to Oklahoma National Guard

WASHINGTON, Oct. 12.—A regiment of Oklahoma Indians may be one of the American fighting units of France.

Three hundred and fifty drafted non-English speaking Indians will be transferred to the Oklahoma National Guard that already has a considerable number of Indians in its ranks.

It is now proposed that additional Indians from the Oklahoma quota of eight hundred will be assigned to the same regiment to fill it to war strength.

If this is done an order consolidating the First Texas Infantry and First Oklahoma Infantry regiments will be revoked.

Mutiny Expose Results In Resignation of Von Capelle

Independent and Socialist Newspapers Violently Attack German Minister of Marine Who Resigns His Post

Are You As Loyal To The Flag As Germans To Their Kaiser?

HEAVY RAINFALL IN FLANDERS DELAYS THE OFFENSIVE OF ALLIES

Haig's Drive Was Started Friday Morning and Extended From Hothlost Wood to Below the Ypres-Menin Road

600 GERMANS CAPTURED

AMSTERDAM, Oct. 12.—Vice-Admiral Von Capelle, German Minister of Marine has resigned his post according to a statement published today in the Frankfurter Zeitung.

Since his expose of the mutiny on board four German warships at Wilhelmshaven Von Capelle has been violently attacked by Independent and Socialist newspapers in Germany.

(Associated Press.)

For the first time since he started a series of attacks against German positions in Flanders Field Marshal Haig has had to cease operations before all objectives were attained.

It is not German guns however that stopped the British today, it was the unusually heavy rainfall which started during the battle and turned the already swampy region over which the men must pass into a veritable quagmire.

Haig's drive as usual was started in the early morning hours of Friday and extended from Hothlost wood to below the Ypres-Menin road a distance of six miles at several points. The British succeeded in gaining ground over French troops occupied in the Houthulst forest but the heavy rain intervened and fighting ceased for the day.

During the forward movement the British took about six hundred German prisoners.

The struggle was particularly bitter north of Poelcapelle and around Passchendaele in the latter region the Germans have massed their strongest series of troops seeing to be able to stop a further press forward by the British toward the Ostend-Lille railroad.

Germans were expecting this attack. For several hours prior to the British advance they held down a heavy barrage fire along the line, interspersing the rain of steel and shells with asphyxiating gas bombs.

Considerable artillery activity prevails between French and Germans in Champagne and on the Ypres sector are important infantry engagements be a taken place.

Likewise in the Austro-Italian theatre and in Macedonia big guns are doing all the work except for raiding operations.

Along the Pruth road in the Riga sector the Russians were again forced to give ground to Germans under a heavy fire. Further south however the Russians have counter-attacked and captured trenches from Germans.

COUNT LUXBURG NOW INTERNED BY ARGENTINA

FORMER MINISTER TO ARGENTINE REPUBLIC ARRESTED IN SOUTHERN BRAZIL AND TAKEN TO DETENTION CAMP ON ISLAND OF MARTIN GARCIA

BRITISH WERE WAITING

Warships Were Ready for Spanish Steamer on Which Luxburg Had Engaged Passage After Being Handed His Passports Several Weeks Ago

BUENOS AIRES, Oct. 12.—Count Karl von Luxburg, former German minister to Argentina has been placed in the Argentine detention camp on the island of Martin Garcia.

He was handed his passports several weeks ago but failed to leave and has now been found and arrested in the southern part of Brazil.

British warships have been waiting for him to sail on a Spanish steamer for home.

RIO JANEIRO, Oct. 12.—The Brazilian government will utilize seized German steamers for the organization of international steamship lines. The vessels will fly the Brazilian flag and will be used in the interest of Brazil and the Entente Allies.

A realization of this project now depends solely upon an understanding between the Allies and Brazil.

PARIS, Oct. 12.—Maurice Long, minister of provisions, was asked in the chamber of deputies today if he believed the sequestration of German shipping vessels in Brazil could be had. The minister replied that he believed that the tonnage was at the disposal of the Allies for use in carrying food.

Brazil recently broke off diplomatic relations with Germany and seized the German vessels in Brazilian ports.

BOARD OF TRADE MEMBERS TAKE ACTION ON CORN PRICES

CHICAGO, Ill., Oct. 12.—Outside boards of trade meeting with the Chicago board today decided not to remove the maximum limits on prices of corn.

The following agreements were concurred in unanimously:

"1. There is to be no change whatever at this time in the maximum prices of corn now in effect in the different markets.

"2. All markets agree that so far as contracts maturing in different months in 1917 are concerned, that at no time shall the present maximum be removed on such contracts.

"3. On contracts which mature in the varying months of the year 1918 some of the exchanges reserve the right at a future date to modify or rescind existing maximums or regulations now in effect on 1918 contracts."

DAILY PAPERS TO BE USED TO ASSIST IN CATCHING DESERTERS

SAN ANTONIO, Texas, Oct. 12.—Fifty dollars reward for the apprehension of men who failed to respond to the draft for the National Army will be published in the daily newspapers of Texas, Oklahoma, Arizona and New Mexico, by the Southern Department, it was officially announced this afternoon.

The move is expected to stimulate civil authorities in rounding up the slackers.

DRAFTED NEGROES TO BE CALLED TO COLORS

WASHINGTON, Oct. 12.—Negroes of the national army will be called out some time this month, it was stated at the war department today, to be assigned to the cantonments throughout the country in accordance with the organization plan announced on Monday. The exact date of the call has not been fixed, but it will be soon after the graduation of the negro officers from the training camp at Des Moines.

The presence of the negro officers when the troops arrive is regarded as vitally necessary, as all the preliminary work of equipment and training rests squarely on the junior and non-commissioned officers. The latter are to be assigned from the ranks of the four regiments of negro troops in the regular army.
