Kodol will, in a very short time, enable the stomach to do the work it should do, and the work it should do is to digest all the food you eat. When the stomach can't dot it Kodol does it for it and in the meantime the stomach is getting stronger and able to take up its regular natural work again. Kodol digests all you eat. It makes the stomach sweet and it is pleasant to take. It is sold here by Sprague's Pharmacy.
