PIERRE HILL

Morgantown, Feb. 17.—(Special.)—Pierre Hill, star in the basketball firmament, has been nothing less than phenomenal, because in one short week he jumped from the Mountaineer Freshmen team, where he was playing a mediocre game at center, to the West Virginia "varsity" where he starred at forward. All of this was last year and just to show the loss that Coach Stalcup did not make a mistake when he lifted him from the Freshmen squad Pierre made good from the start this winter. Many considered him nothing more than "lucky" when he played sensationally in the closing games last winter, but they readily saw their mistake when his great work enabled the Mountaineers to win a number of the podunk games early this season.

At present Hill is suffering from a severe attack of influenza and is not expected to get into tomorrow's game with Wesleyan College. He is, however, in no shape for the important games with Carnegie Tech and Pittsburgh next week and at that time he is expected to [illegible] his great work.

Hill not only shines in the court but is an all-around star.

McDOWELL CASE IS ADJOURNED TILL TUES.

Toledo, Ohio, Feb. 17.—The trial of Jesse C. McDowell, before Federal Judge John M. Killits, on a charge of having used the mails to defraud the H. L. Doherty Company, and the Cities Service Company, has been adjourned and the jury excused until Tuesday morning.

Prosecutor Pratt was questioning McDowell this afternoon from some notes and papers which he possessed. These were identified by McDowell as being notes he had made during a previous trial after which they had disappeared. The notes, which were written on McDowell's stationery, were returned to him by the prosecution.

Judge Killits announced that owing to the courts desire to finish the case, court would be held on February 22nd Washington's Birthday.

The first cabin constructed in Idaho was built in 1806.
