NEW YORK, Aug. 28.—The accumulation of a short interest during the steady decline which had continued for rather more than a week, offered an opportunity today for a turn by the bulls against the bear interest. The demand for shorts proved sufficient to check the declining tendency which was in evidence in the early dealings and to bring prices back to about last night's level. There the recovery stopped, and prices dropped again in the final dealings, making the close heavy and lethargic. The market continued exceedingly narrow, and the volume of business fell below yesterday's 200,000 share level. The bulls found material for their brief turn in the railroad earnings reported for the day, in a reversal of the discouraging tenor of yesterday's rumors regarding the sugar trade, and in the declaration of a semi-annual dividend of 2 per cent on the preferred stock of Chicago, Indianapolis & Louisville. The bulls made the most of the incident and put the preferred stock up 4½ points and the common 1¾. There was continued pressure against Sugar in the opening dealings, but the stock rallied 1⅜ on a correction in the European sugar cables, showing a rise instead of a decline in the price of raw sugars. This was taken to show that American refiners were again in the market as purchasers of raw sugar, and to indicate that the season of active business for refining would extend beyond the usual period this year.

Rumors were circulated that in consequence the dividend on Sugar would be increased, but the demand for Sugar certificates was satisfied with the covering of the short interest, and the stock closed with a gain of only ⅝. The statement for July of the Atchison system was also made the most of by the bulls. Net earnings increased more than one-third over those of last year, notwithstanding a slight increase in operating expenses, compared with a decrease in operating expenses for several months past. The anthracite coalers showed some heaviness on fears of labor troubles. American Hoop preferred weakened sharply, but the iron and steel stocks generally were pretty steady on the favorable reports of the trade outlook. Brooklyn Rapid Transit advanced on covering, but eased off at the last. There were wide movements in a few individual stocks which were unexplained by any news. The money market continued to benefit by the redemption of the United States extended 2s and by some receipts of gold from the Pacific coast. Sales were not quotably changed. Discount rates hardened in London, while sterling exchange, nevertheless, continued easy, as was the case yesterday. This contradictory movement caused some puzzled conjecture in exchange circles. The volume of merchandise exports from New York for the week of $13,135,690, an increase of $6,277,963 over last week, may offer the explanation.

There was no feature in the bond market, and the price movement continued irregular. Total sales, par value, $645,000. United States 4s declined 2 per cent in the bid price.

NEW YORK STOCK GOSSIP—Strong, Sturgis & Co. wire to H. Holbert & Son: "The efforts on the part of the traders to depress prices continued this morning, and were aided by an apprehensive feeling regarding the coal labor situation. The early dealings showed fractional declines in the general railway and industrial lists. Later in the day recoveries were general and changes small, with an entire absence of general interest in the market. The money situation reflected continued ease. In conversation with the presidents of several trust companies and national banks, we are told that there is as yet no demand from the West for currency to be used in financing the movement of crops. Gold continues to arrive in large amounts from Australia and Alaska, and receipts from these sources promise to promptly equal the exports on account of the English loan. Should the necessities of foreign governments compel them to ask further assistance this country is undoubtedly in a position to do its share without hardship or inconvenience."

NEW YORK MONEY—New York, Aug. 28.—Money on call nominally at 1½ per cent. Prime mercantile paper, 4@4½ per cent; sterling exchange steady, with actual business in bankers' bills at $4.87½@4.87⅝ for demand, and at $4.84@4.84⅛ for sixty days. Posted rates, $4.85½ and 4.88½@4.89. Commercial bills, $4.83¼@4.83¾. Silver certificates, 61½@62½c. Bar silver, 61⅛c. Mexican dollars, 48⅝c.

FOREIGN FINANCIAL—New York, Aug. 28.—The Commercial Advertiser's London financial cablegram says: The opening of the new account in the markets here today failed to bring about an increase in the volume of business. African mines hardened on reception of Lord Roberts' report of his success against the Boers, but other departments were almost entirely ignored. London was inclined to sell Americans, but New York supported them. The open account in this department was shown to be of infinitely small proportions. The bank bought £2,000 in gold bars.

London, Aug. 28.—Consols for money, 98; for the account, 98.

TREASURY STATEMENT—Washington, Aug. 28.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $137,490,357; gold, $68,393,572.

(Note—The Chicago Board of Trade closed yesterday in honor of the G. A. R.)

September wheat opened at 73⅞@74c, against 73¾@73⅞c yesterday, declined to 73⅝@73¾c, gained 1-16c, lost ⅛c early, and remained steady within 1-16c up to nearly noon. December wheat opened at 75⅛c, being ⅛c under yesterday's close, gained ⅛c, lost ⅝c, and fluctuated within the limits of ⅛c up to noon. The cash wheat market was strong, with a good demand from elevator companies for all No. 1 northern or No. 2 wheat. The millers were not in the market except for old wheat. There is not enough of this arriving to constitute a track market. Millers are now withdrawing from store for their immediate wants. Elevator people are willing and do pay a full cent over September for No. 1 northern new and September price for good No. 2 northern. Sales were made as per statement below. Receipts here were 204 cars, shipments 35 cars.

The market was strong but not active during the greater part of the noon hour. Bradstreet's report of the world's visible was encouraging to holders. Wheat east of the Rockies increased 1,200,000 bu. Europe and afloat decreased 2,200,000 bu, showing a total decrease of 1,000,000 bu for the week. Corn stocks decreased 2,763,000 bu, and oats increased 834,000 bu for the week. August wheat closed at 73⅞c. September at 73⅞c, and December at 75⅛@73¼c.

Flour—Millers are unanimous in expressing confidence in the future, but complain of laxness in actual transactions. The nervousness in wheat has caused jobbers to don their caution caps. Steadiness and strength in wheat would undoubtedly bring a large "raft" of buying orders, for all admit that stocks are low in jobbing hands. Our quotable prices are correct, ascertained from good authority. Distance and rates make difference in quotable prices for localities. First patents in wood, $4.20@4.30; second patents, $3.90@4.10; first clears, $2.95@3.10; second clears, $2.65@2.70. Following are the quotations in cotton sacks, 98 and 49 lbs: Rye flour, per bbl. pure, $2.65@2.75; rye flour, per bbl. XXX, $2.45@2.55; rye flour, per bbl, standard, $2.80@2.90.

Corn—No. 3 corn sold at 38@38½c.

Oats—The oats market is steady; No. 3 oats, range from 22@24c; No. 3 white oats, 23¾@24½c.

Barley—Ranges from 36@42c for feed and 41@44c for malting purposes.

Feed—Coarse corn meal and cracked corn, in sacks, per ton, sacks extra, $14.75@15; No. 1 ground feed, 2-3 corn, 1-3 oats, 80-lb sacks, sacks extra, $15@15.25; No. 2 ground feed, ½ corn, ½ oats, 75-lb sacks, sacks extra, $15.50@15.75; No. 3 ground feed, 2-3 oats, 75-lb sacks, sacks extra, $16@16.25.

Flax—There was a fair business in flax. Trading in September started around $1.40½. Later trades in September were at $1.41, the same figure as for spot flax. Fourteen cars came in. About half of the receipts were delivered on sale and crushers and elevators took the balance. Receipts to date have been almost entirely of South Minnesota or Iowa flax. The Milwaukee road has had some South Dakota flax, but the movement from the Dakotas is not fairly under way as yet. Flax to arrive brought $1.41. One car rejected was on sale and brought nearly the full figure for spot, going at $1.40. Minneapolis had 14 cars, against 1 last year. Duluth received 13 cars. Western Butcher Cattle—Fair to good cows and heifers, $3.00@3.35; good to choice, $3.40@3.75; fair to good fat steers, $4.00@4.40; good to choice, $4.40@4.60; fair to good feeders, $3.75@4.10; good to choice, $4.15@4.45.

Receipts were unusually light. Butcher cattle offerings were limited and largely cow stuff, running from canners to a very few fair to good cows. Prices were steady to strong. Butcher steer offerings were very common. No butcher bulls in the market. Veals were scarce and sold strong. In the stock cattle division there was considerable activity and the good cattle sold strong to 10 cents higher. The advance was particularly noticeable on heifer stuff. Quite a little common stuff was worked in with the good at prices that averaged much better than last week, but salesmen were of the opinion that this was due to the light run and that there would have been no advance with a heavy run of cattle.

MIDWAY HORSE MARKET—Minnesota Transfer, St. Paul.—Barrett & Zimmerman report market seemingly active. Large consignments were moving in and out. Quality of horses better than average. Heavy draft horses plentiful. The approach of the season when demand for logging horses is strong is causing the concentration of such horses on the market. Buyers were numerous and in buying spirit. Farm trade even and satisfactory. Western horses more active. Mules slow. Quotations:

NEW YORK METALS—New York, Aug. 28.—Continued dullness was the rule in metal circles, locally, today. In London, however, there was considerable weakness developed. Tin showed a further decline of £2, causing an easier feeling in our market. The close was easy at $30.15@30.25. Copper was very quiet and unchanged here, but 72s 6d lower abroad. Lead ruled dull at yesterday's advance to $4.37½. Spelter was easy in tone, but not quotably lower, at $4.10@4.15. Pig iron warrants ruled weak and nominally unchanged at $10.50. The broker's price for lead was $4, and for copper $16.75@16.87½.

BOSTON WOOL MARKET—Boston, Aug. 28.—There is practically no change in the conditions of the wool market here this week, and the sales reported are those to manufacturers who are in actual need of wool. Many dealers are of the opinion that no change will occur to put life in the market until after the general election. Territory wools are generally slow, but prices are maintained; good lines of fine medium and fine with staple are sold for 50c on the scoured basis, while strictly staple scoured calls for 52@53c. Fleece wools are quiet with prices nominal. The following are the quotations for leading descriptions: Ohio and Pennsylvania, X and above, 27c; XX and XX and above, 29c; Delaine, 30c; No. 1 combing, 30@31c; No. 2 do and three-eighths blood, 30c; quarter blood washed, 30c; coarse and braid washed, 26@27c. Amendment to Articles of Incorporation.

THIS IS TO CERTIFY, THAT AT A special meeting of the stockholders of the Keefe-Davidson Law Book Company, duly called and held upon notice to and consent of all stockholders of said Company, pursuant to the By-Laws, at which said meeting three-fourths in number and amount of all stockholders of said company were present, which said meeting was duly held at the office of said Company, in the City of St. Paul, Minnesota, on Monday, the 27th day of August, A. D. 1900, the following Resolution was adopted by unanimous vote of all stockholders present at said meeting:

Resolved, That the capital stock of the Keefe-Davidson Law Book Company be increased to the sum of Fifty Thousand Dollars ($50,000.00) as hereinafter mentioned, and that the Third, Fourth and Seventh Articles of the Articles of Incorporation of said Company be, and the same are hereby amended to read as follows:

Third—The amount of the capital stock of said corporation shall be the sum of Fifty Thousand Dollars, to be paid in as called for by the Board of Directors of said corporation, of which said stock the sum of not less than Ten Thousand Dollars shall be common stock, and the balance may be preferred stock. No stock shall be issued as common stock in excess of said sum of Ten Thousand Dollars, except by unanimous vote of the Board of Directors of said corporation. Preferred stock shall be issued and disposed of as ordered by the Board of Directors, and shall be entitled to stated dividends at a rate not to exceed eight (8) per cent per annum, payable semi-annually out of the net earnings or income, in preference to dividends on common stock. Such preferred stock may be purchased and retired by said corporation, when authorized and ordered by the Board of Directors. Holders of common stock shall be entitled to one vote for each share of stock held by them, as shown by the books of the corporation, but holders of preferred stock shall not be entitled to vote the same, except in case of the suspension, for four consecutive months, of the payment of dividends thereon at the rate provided, and such right to vote, if so acquired, shall cease and determine upon the payment of all dividends in arrear. In case of dissolution or winding up of the affairs of said corporation, such preferred stock shall be paid off at par, from the assets of said corporation, in preference to common stock, but shall not otherwise participate in such assets.

Fourth—The highest amount of liability to which said corporation shall at any time be subject, shall be the amount of its capital stock.

Seventh—The capital stock of said corporation shall be divided into Five Hundred shares of stock, of a par value of One Hundred Dollars each.

In witness whereof the said corporation has caused this certificate to be signed by William A. Keefe, its President, and by Earnest H. Davidson, its Secretary, and its corporate seal to be hereunto affixed, this 27th day of August, A. D. 1900.
