### HUGHES CALLS CONVICTION OF NEWBERRY ERROR

A Washington, D. C., dispatch, dated Aug. 20, says: The Republican national committee today made public a letter written by Charles E. Hughes, now secretary of state, who was counsel for Senator Truman H. Newberry of Michigan when his conviction for violation of the campaign expenditures statutes was reviewed and reversed by the Supreme court of the United States.

Secretary Hughes declares in the letter that Senator Newberry was "wrongly and most unjustly convicted." The secretary of state was appealed to by Hugh B. McCauley to state the facts and the law upon which he based his argument for Newberry in the Supreme court.

In replying to McCauley, Secretary Hughes stated that he took pleasure in complying with the request. The letter is a long one, going into the details of the charges against Newberry and into the law and circumstances of the senatorial campaign in Michigan.

After reviewing these, Secretary Hughes said:

"It should be borne in mind that Senator Newberry's conviction in the lower court was not based on any charge of fraud or corruption or of the use of money for any illegal purposes or of any act involving moral turpitude.

"It was based solely on the charge that there was an expenditure in his campaign for nomination and election of over \$3,750, the statutory limit regardless of how the money was used or how innocuous and proper the purposes of the expenditure might have been.

"The conviction of Senator New-

berry was obtained under a statute held by the majority of the Supreme court to be invalid; rested upon a ground which did not involve any finding by the jury of moral turpitude and was effected only by most serious misconstruction of the statute.

"The plain fact is that Senator Newberry was wrongly and most unjustly convicted and his conviction was set aside. Despite the long period of preparation, the rigid investigation, the long drawn out trial, the attempt in every possible way to besmirch, and the zeal, ability, and even bitterness of his pursuers, their endeavor to establish a violation of law on the part of Senator Newberry completely failed and accordingly Senator Newberry stood as a senator duly elected by the people of the state of Michigan and entitled to his seat in the Senate of the United States."

### CALL NEWBERRY CASE SHIELD FOR G. O. P. FAILURES

A Washington, dispatch, dated Aug. 21, says: Chairman Cordell Hull of the Democratic national committee replied tonight to the letter of Secretary Hughes on the seating of Senator Newberry (Mich.), declaring that the letter was a plan of Republican leaders to make "Newberryism the paramount issue" of the campaign as the only means "of diverting public attention from many other issues still more damaging." Secretary Hughes' letter, made public last night by the Republican national committee, stated that Senator Newberry had been "wrongly and mostly unjustly convicted."

"The national Republican leaders," Mr. Hull said, "have put forward Secretary Hughes as the attorney to state the case and offer the chief defense. In selecting Secretary Hughes for this delicate and dangerous task, Republican leaders have made a mistake. Secretary Hughes is only a civil lawyer, whereas this national administration needs the ablest criminal lawyers to be found to defend it this year.

"In desperate efforts to check the rising tide of popular indignation, due to the fact that the eighteen months' record of this administration and its congress contains more elements of complete failure than any or all their predecessors, Republican leaders have felt obliged to single out this one issue and make it paramount as the only means of diverting public attention from many other issues deemed still more damaging.

"It was evidently decided that Secretary Hughes might dramatize Newberryism in such an attractive way as to draw attention away from the tremendously destructive effects of the Republican industrial panic of 1921-'22, and from the confused, lopsided, uncertain, and demoralized state of business, industrial, economic, and social conditions of the nation which the Republican administration and their Republican congress have not shown the faintest capacity to deal with.

"With public attention thus focused on Newberryism, the injustices, iniquities, monopolies, and robberies about to be inflicted upon the American people by the most unscientific, unsound, monstrous, and profiteering tariff bill ever enacted might be overlooked or minimized until after the election.

"Such scandals as the midnight night raid on the bureau of printing and engraving, the Teapot dome oil reserve, the Daugherty case, and Nat Goldsteinism might be viewed less critically with Secretary Hughes in praise of Newberry and chanting the virtues of Newberryism.

"If Secretary Hughes does not know that the Newberry seat in the United States Senate was bought he is the only intelligent person in America who does not know that fact."
