Table with 3 columns: Train No., Destination, and Time. Includes sections for GOING WEST, GOING EAST, and GOING NORTH.

THE NEWS AROUND HOME.

Local news snippets including: J. J. Moen of Nurey was at the county seat yesterday; H. A. Skie of Lennox dropped in on us a moment last evening; D. S. Waldo and John Moe have returned from their trip to Chicago; Attorney Rudolph was away to Beresford on legal business the last of last week; P. J. Jones has resumed his former position in the law office of M. E. Rudolph; Otto Leopold leaves today for Ogden, Utah, where he will work for his former employer; The republican county convention will take place at the court house next Wednesday afternoon; Rev. A. Jamison will preach next Sunday on the subject of future punishment—limited or eternal; which?; William Haw, a prominent farmer of Canton township is dangerously ill with an attack of typhoid fever; An Epworth League, with a creditable membership, has been organized at the Methodist church of this city; The Millbrook Debating society in Brooklyn township will be re-organized Saturday evening, August 30th; Charlie Hymers and his mother Mrs. A. D. Hymers, made a pleasure trip to Beresford, by team on Thursday; D. J. Carpenter, of Beloit, offers some splendid bargains in dry goods and groceries in his advertisement this week; The Ladies Aid society of the M. E. church held a pleasant meeting at the residence of Mrs. Dean, Wednesday afternoon; The regular term of the Lincoln county normal institute begins at the public school house in this city next Monday, August 18th; Zeller & Huetsen, located on the second floor of Gale's block, are making some excellent inducements to parties desiring to borrow money on real estate; The new clothing house of Christopher & Olson comes out with a big advertisement this week. Read it; then go and examine their stock and prices; Miss Randle Strand, thirteen year old daughter of O. K. Strand, of Highland township, died very suddenly last Tuesday afternoon. She was buried yesterday; Levi Annis, of Pipestone, Minn, general agent for the Equitable Life Assurance society of New York, is in the city this week making new converts to the cause; Rev. Jamison preached an interesting sermon to young people Sunday evening. Lack of space alone prevents the FARMERS' ADVOCATE from publishing an extended review of it; Dr. Johnson, of Sioux Falls, who enjoys an extensive acquaintance in this locality, will renew his regular trips to this place on professional business, commencing Thursday, August 28; Don't fail to hear State Superintendent G. L. Pinkham's lecture at the Presbyterian church next Thursday evening. The lecture will be of general public interest and not specially to teachers; Straw Brothers, the clothiers, are making arrangements for an elegant new stock of fall clothing. They will have something of great interest to offer soon and it will pay our readers to watch the advertisement of this firm; Prof. B. F. Hood, state institute conductor, will lecture at the M. E. church, Wednesday evening, August 27th, subject, "An Hour in Rome, or The Two Republics." This is a popular lecture which is sure to interest everybody; Nels Larson, of Eden, has contributed a sample of his flax crop, to the FARMERS' ADVOCATE agricultural bureau. The sample shows a magnificent crop and as Mr. Larson says he has ten acres of it, it will doubtless be a profitable one; The members of the board of directors of the FARMERS' ADVOCATE are hereby notified that a regular meeting of the board will take place at the office of the paper in Canton, on Saturday, September, 6th, 1890. As considerable important business will need attention, it is desired to have every member attend; The eighteen months old child of Nils Strand, of this township, made a narrow escape from death by poison last Friday. The little one had been playing about the house as usual and by some means came in contact with the poison the family had prepared to kill flies. It is presumed that she got her little hands into the poisoned sugar and licked it off. She was immediately thrown into convulsions, followed by intense vomiting and was thought dying for several hours, but the immediate application of antidotes brought her safe-

ly through. This is a practical example of the fact that people cannot be too careful of their children where this deadly poison is kept in the house. The county central committee of the independent party held its meeting last Saturday to fix the date for the county convention and discuss important matters pertaining to carrying on the canvass. As will be seen from the call which will appear next week, the date of the convention was fixed for Tuesday, September the ninth. O. J. Byrie keeps his head tied up in a red handkerchief. He tried to shake hands with the wrong end of a colt the other day, and the colt's hand slipped and came in serious contact with Oles head. The result was not as serious as it might have been, but it has taught Mr. Byrie the importance of showing proper respect for the tail end of a colt. A couple of tramps were in town last Monday trying to work the sore arm "racket" for "money enough to take them home." One of them had his arm carefully bandaged and pretended to be in great pain, but when taken before Dr. Smith to have the sore attended to, he refused to have the thing examined. It was afterwards learned that the scheme was a hoax. The Sunday school of the Methodist church will hold a picnic in Hawin's grove south of town on next Tuesday, August the 19th. This will probably be the last picnic this season and all the scholars and teachers should make it a point to attend this rare chance for a good time. Further particulars as to details will probably be disclosed at the church next Sunday. The Grant County Review, published at Milbank has reached its twelfth birthday. Although it is edited by one of the chief "cranks" who have engaged in this "infamous" third party movement, it must be confessed that it is an extraordinary bright sheet. It more than maintains the average of South Dakota journals and THE FARMERS' ADVOCATE desires to extend its best wishes to this model eleven-year-old. People should attend educational gatherings and learn what is going on in the educational work. Many people talk flippantly about what should or should not be done in this line of work, who are as ignorant of what is really being done and what ought to be done as if they were the inhabitants of an other sphere. The curb-stone politician is heeded very little and respected less. Thus should it be with the curb-stone educator. Pending arrangements for a more complete market report, we are obliged to ask the readers to be contented with the quotations: At Canton, D. S. Waldo quotes wheat 80 @ 83c, oats 30 @ 32c, barley 20 @ 30c, rye 30c, corn 30c. Flax \$1.20, hogs are worth \$3.10 @ \$3.15, cattle \$1.50 @ \$2.00. Butter 7 @ 8c, eggs 10 cents. At Beloit, D. J. Carpenter's quotations for Wednesday were, wheat, 80 @ 82c, oats, 30 @ 32c, barley, 30 @ 40c, rye, 40 @ 42c, flax, \$1.24. Butter, 7 @ 10c, eggs, 11c. The small grain of Lincoln county is all cut and there is a good deal in the stack. The reports indicate that it has taken more time to bind this year's crop of grain than ever before. The average yield of grain will be much less than it has been in some previous years but larger than last year or the year before. It is probable that there will be nearly as much grain to ship out of the county as there has ever been, and that the prices will be high enough to make up for the reduced average in the yield. Charles Christopher, the enterprising merchant in the Pattee block appeared in this paper with a large advertisement last week. While the people of Lincoln county doubtless understand Mr. Christopher's methods of dealing with the public better than the editor of this paper does, it is a noteworthy fact that his extensive establishment is supplied with the best of everything. He has the largest general store in Lincoln county and carries in stock a very fine assortment of goods that cannot be had at any price in many of the smaller stores throughout the country. Slack & Holter, the well known furniture dealers opposite the court house, have sold their store to the Anderson Brothers, thus turning over to the latter firm the exclusive control of the furniture business of this city. As the two stores are among the best and most complete in this part of the country, it is safe to say that the possession of both gives Anderson Brothers the largest stock of furniture, except one at Sioux Falls, in the Maple Valley, and they are to be heartily congratulated upon their enterprise. Messrs Slack and Holter, it is understood, will henceforth devote their attention to their farming interests. Christopher & Olson, two enterprising young business men of high standing, have opened an entire new stock of clothing, furnishing goods, trunks and valises, in the store-room recently vacated by W. C. Putnam. They have succeeded in selecting an elegant line of goods, everything is of first class quality and fully up to the times in point of price. Most of their goods have been bought direct from the manufacturers at factory prices and there is no question but they can compete with anything in the market. Christopher & Olson are men of excellent personal and business qualities and this paper, backed by its entire family of supporters, will wish them abundant success.

PIERRE FOR THE CAPITAL!

Let every voter consider what it means to offer a bribe to any class of citizens to secure their votes for the capital. Huron has insulted every member of the Farmers' Alliance by offering the organization a few town lots as an inducement to secure the membership vote of the organization for the capital. Let every farmer consider the fact if Huron were conducting its canvass on real merit, it would not need to stoop to such means.

VOTE FOR PIERRE AND VOTE FOR MERIT NOT FOR HURON AND FOR BOODLE.

Country Produce Taken In Exchange. E J KEAN, GROCERIES, CROCKERY, BOOTS and SHOES. E. J. KEAN, Groceries, Crockery, Boots & Shoes. E. J. KEAN, GROCERIES, CROCKERY, BOOTS and SHOES.
