### THE INDEPENDENT PARTY.

#### ADDRESS TO THE PEOPLE.

We, the undersigned committee, pursuant to the authority given us by an assembling of people from all parts of South Dakota, convened in the city of Huron, S. D., June 6, 1890, and who in their sovereign capacity have authorized us to prepare and issue to the people of South Dakota an address which shall in few words set forth our grievances and demands, approach our task with an abiding faith in the people, believing that they will see its reasonableness and the necessity of looking beyond party lines for relief.  
We believe that our nation is the sole architect of its own destiny and that it is its duty to stand by its own principles and to be true to its own principles, which, if not removed, will bring retribution. Murmurings of discontent are heard on every hand. Wealth producers are becoming destitute in a land of plenty, while the wealth of the few, thereby building up a plutocracy which is repugnant to the very foundation principles of our government, and under which the masses are suffering beyond further endurance. Feeling these oppressions, we have assembled in the past in vain to the political parties who have had control of the government for relief. Therefore, we deemed ourselves by necessity and duty compelled to form the independent party, which has accepted the motto: "In the Spirit of Love and Justice the People Rule." We have adopted the following

#### PLATFORM.

First, we demand currency to be issued by the general government, to be full legal tender, to be issued in volume with increase of business, to be issued directly to productive industries without interest, and in excess of such as is needed for the operation of the government, to be used for the redemption of the government's debt and to operate the same.  
Second, we demand the free and unlimited coinage of silver.  
Third, we demand the adoption of an absolute secret system of voting, both state and national.  
Fourth, we demand the most rigid economy consistent with the safety and dignity of our great nation, for the administration of every branch of our government.  
Fifth, we demand the passage of laws prohibiting the alienation of land and that all lands owned by individuals and corporations in excess of such as are needed and needed by them be reclaimed by the government and held for actual settlement.  
Sixth, we appeal to you, the people of South Dakota, to rally around our standard.

### INDEPENDENT CANDIDATES.

According to all information received at this office, the independent county convention, which held its session to nominate a county ticket, made a happy hit in the selections it made for the county offices. While there was at first, as is always the case, some complaint, this was mostly found among the enemies of the new party, whom it was neither hoped nor intended to please. But now even this has subsided, and the reports which are daily received at headquarters, from the battle field, the voters of the county are much better satisfied than they had hoped to be before the convention took place.

Of the candidates placed in nomination, it had not been the intention of THE LEADER to say a word about them, for they are all well known men in the county—except perhaps in the case of one or two—that any amount of eulogistic bombast could not present them to our people in a better light than they stand now. But at the request of many of the subscribers of THE LEADER, it is induced to present the following review of the ticket:

Henry Bradshaw, the nominee for state senator, was a member of the lower house of the last legislature, where he made a commendable record, as every reader of this paper knows. He is a man possessed with an unusual amount of grit and backbone, a feature very much needed in the upper branch of the last legislature to fight the superabundance of lawyers who found their way to the state house last year and possibly will again this. Mr. Bradshaw is a prominent farmer of Lincoln township, a member of the alliance of high standing whose heart and soul are in this work, and if the people of Lincoln county choose him for the state senate they will have no cause to regret the choice. Mr. Bradshaw never admitted that he did wrong on the railroad pass business, as falsely stated in the News last week, and his position on this subject is in keeping with consistency and common sense.

For member in the lower house of the legislature, the independent party proposes to select Jacob E. Holter, E. W. Owens and Jere Gehon. Mr. Holter is a Norwegian, residing on a fine farm in Canton township, and is a gentleman of extraordinary good judgment and intelligence. Though a hard working man, he seems to have found ample time to read and he is considered one of the best read men, on general information, especially on the subject of political economy, finances, trade and transportation, there is to be found in the country. He is an honest, conscientious and consistent man, a man of true principles and one who has a friend in every man with whom he has ever had dealings. He stands well among his own nationality as well as among the Americans, and he will be elected by a large majority.

E. W. Owens, who occupies second place on the legislative ticket has been before the republican conventions two or three times in the past, but notwithstanding his acknowledged ability and superior qualifications to fill the offices for which he was proposed as a candidate, he did not belong to the ring and was each time relegated to the rear to leave place for someone who was often unfit for the place. Mr. Owens does not hanker after office and his nomination on the independent ticket was to him a greater surprise than any other member of the convention. He is a thinking man, having spent a good deal of time in the study of improved means of conducting elections in this country and has lately brought from the press a new work on this subject, entitled "A New System of Organization and Co-operation," a treatise on ballot reform which contains much valuable information. He is in every way competent to represent this county in the legislature and if elected he will no doubt be favorably heard from.

Jeremiah Gehon: everyone knows him as Uncle Jere, and he is everywhere recognized as one of Lincoln county's best and most agreeable men. He is an old settler, coming to this county over twenty years ago, and has gained much prominence in the politics of this county. Although formerly a democrat, he has always polled a large republican vote and has twice been elected to represent this county in legislative assemblies of the territory and is a genuine old war horse in politics. He it was who was elected to the legislature in '73 to '75 and also represented this county in the constitutional convention of 1885. Mr. Gehon is a farmer and one of the oldest Alliance men in the state, having been president of the Lincoln County Alliance for four or five years preceding the present year. His main hold has always been to advocate the importance of issuing a greater volume of money and issue currency directly to the people with out the intervention of banks of issue. Consequently he is a pioneer in the principles put forth in the independent platform. He is a strong candidate and is sure to be elected.

While the legislative ticket is a peculiarly good one, there is no room to doubt the strength of the men nominated for the county offices, for in the language of a well known republican, "you don't find better men in this county than Wimple, Wardwell, Wahl and Barnum." words that could nowhere be better applied.

A. J. Wimple, the candidate for treasurer, is a prominent farmer in Brooklyn township, an old settler in Lincoln county, and a man of unusual integrity, independence, moral courage. Mr. Wimple is one of those men whose word is as good as a government bond, a fact which has

helped largely to make him the large circle of friends he has in this county. Everyone admits that "Wimple is a strong candidate" and it will take a strong man, coupled with almost superhuman efforts to defeat him. If he is elected there will be no danger that the county treasury will some day turn up with an investment of several thousand dollars in lots, hotels and wild-cat speculations.

What has been said of Mr. Wimple's integrity and honesty, may with equal propriety be added to Mr. Wardwell, who is a young man engaged in the business of farming in northern Dayton township. Mr. Wardwell is a very industrious young man and one possessed of superior ability for the position of county auditor, for which he has been nominated. He is an Alliance man of true-blue stamp and has the most friends where he is best known. No one can say ought against Ed. Wardwell, and THE LEADER ventures the assertion that there is not a man in the county who can beat him next election day.

James M. Wahl, one of the pioneers of Lincoln county and a man of great merit and ability, has been nominated for register of deeds. Mr. Wahl is well-known in this community. He has served one term with honor to himself and credit to the county in the territorial legislature and served one term as Commissioner of Immigration for the territory. He is an honest, capable and straight-forward man and there was never a better man named for the place.

Asa Forrest, jr., nominee for clerk of the courts, is a young man of competency and integrity, is well qualified to fill the office for which he is nominated and the worse fault he has is that he is local editor of the Sioux Valley News.

Henry Barnum, a wideawake, enterprising and rustling farmer of Lincoln township has been nominated for sheriff. Mr. Barnum is one of those men who has the most friends among the people who know him best—his nearest neighbors are his best friends—a fact which speaks well for any man who has never been in politics. Mr. Barnum is honest and well qualified for the office and is considered the strongest man who could have been nominated for the place.

W. H. Goltry, candidate for superintendent of public schools, is farming in Pleasant township and like most of the other candidates, is an old settler in the country. His qualification for the office may be judged from the fact that he is a graduate of the state university of New York, one of the best normal schools of that state, and has spent a liberal share of his life in the profession of teaching. Mr. Goltry is well spoken of by his neighbors and friends and there is no doubt of the fact that he can be elected.

Amos R. Jamieson, of Canton, is a son of Rev. A. Jamieson, pastor of the first Methodist church of this city. Mr. Jamieson has been made the candidate for the office of state attorney. Though a young man, he is well up in the various branches of education, being a graduate of the Sibley Commercial College of Sioux Falls, has attended several years at the State University at Vermillion and was last year admitted to the practice of law in this county. Mr. Jamieson is a bright young man, intelligent and very fond of study, especially of the study of law. He has previously been a member of the prohibition party, and when the new independent party was formed last June, he connected himself with this movement. He is an excellent young man and fully competent for the place, in fact he would make a much better district attorney than many older lawyers of the county, being honest, industrious and of irreproachable character.  
For office of surveyor, county judge and coroner, no nominations were made for obvious reasons.

### HURON'S HURRAH.

From Pierre Free Press.  
"The Free Press is in receipt of an editorial evidently written by the Huron capital committee treating on the subjects mentioned below.

It was possible that it was forwarded to this paper by mistake, although there is nothing in the document to indicate it. The Huron capital committee is hereby informed that we write our own editorials, in which we probably differ from most of the Huron organs whose editorials are evidently written by the aforesaid committee.

The headlines we give below, and will be recognized by our readers as appearing in a number of Huron organs: "Railroad rumblings;" "Padded Pierre's Pretensions Punctured;" "The Railroad Situation Boiled Down;" "Matters of Solid Fact;" "Solid Arguments From a Solid Railroad Standpoint."  
A perusal of the Harmonite of Sept. 1 shows forty-five articles devoted to Pierre and four in praise of the hamlet on the Jim. We append below a condensed statement of arguments which are offered to the voters of South Dakota.

"Boodle: padded Pierre; defunct payments; bull-head road rode; infamous swindling; bogus bonds; unkept pledges; Wolsey fakes; underhand work; census stuffing; lying thimble; prize prevarication; chicanery; boom-rang; Pierre's fraud; padded Pierre; poor pernicious Pierre; gumbo hard-crabble; gumbo and sage brush; sucker's pad city; school section; fictitious bonds; ballot stuffing; howling mad; fraud; bribery; Pierre villager; W. P. Butler; savorary sages victory."  
After reading the foregoing appeals referred to above there was not a dry eye in the house.

Poor Huron! If you feel so bad now where shall we find words to express your feelings after election. Certainly not in the English language. Better begin to say a few words in Houtant.
