

Who Can Measure

The influence of the mother! It shapes the course of unborn generations—goes sounding through all coming ages and enters the confines of Eternity.

With what care, therefore, should the Expectant Mother be guarded, and how great the effort be to ward off danger and make her life happy.

"Mother's Friend"

Always Nervousness, relieves the Headache, Cramps and Nausea, and so prepares the system that Child-Birth is made easy and the time of recovery shortened—many say "stronger after than before confinement." It insures safety to life of both mother and child. All who have used "Mother's Friend" say they will never be without it again. No other remedy robs confinement of its pain.

"A customer whose wife used 'Mother's Friend,' says that if she had to go through the ordeal again, and there were but four bottles to be obtained, and the cost was \$100.00 per bottle, he would have them." Geo. Layton, Dayton, Ohio.

Sent by Mail, on receipt of price, \$1.00 PER BOTTLE. Book, TO "EXPECTANT MOTHERS" mailed free containing valuable information and voluntary testimonials.

HARRISBURG, S. D.

Norway.

February 13, 1897.

Ole, John and Miss Nellie Iverson of Worthing, visited at Jacobson's and Hise's the first part of the week.

The Normanna choir will give a basket party at the Hegness school house Saturday, Feb. 20.

An interesting letter was received from O. E. Rossum stating, among other things, that his health is very much improved. He will return from the old country some time in May.

The Moe creamery is putting in its ice supply.

Lewis Hagen returned Monday to his home in Iowa.

Among the Canton visitors over Saturday, we note Helge Rogness, Ida Eldem, Olaf Norlie, Knute and Jacob Jacobson.

Alfred Landstrom & Co. have established a new firm for buying high priced baskets. Olaf Sogn is the silent partner. Come Feb. 20, boys.

We enjoyed a pleasant treat last Thursday, when J. Niermeyer, the blind violinist, appeared at Anderson's school house. His family accompanied him, giving a magnificent exhibition and rendering two plays.

George Rogness, the bicycle enthusiast, parted with his high priced wheel last Monday. He takes no stock in the return of spring and good roads.

Miss Mary Lunder leaves this week for Beloit, where she is engaged to teach at the Orphans Home. In ability and painstaking and deserved popularity, she ranks among the foremost teachers of the county. She has taught four years here and we have come to look upon her as a Norway visitor fixture. But then, our loss will be their gain.

An old-fashioned spelling school will begin at the Hegness school house Feb. 22. All good spellers are cordially invited to help celebrate Washington's birthday.

Supt. Davies was a Nurey visitor this week. The Rommerheim school has a week's vacation.

Shindlar.

February 15, 1897.

As a correspondent in the LEADER truly said, the deluge of low prices for all the products of the farm is here, and here to stay for four years more at least, and as a means of self defense and self preservation the country people are turning their attention to home manufactures.

The hides of beef cattle are being tanned and made into robes and harness leather, new harness being made and old harness repaired on the farm, wagon and blacksmith shops are started to make and repair farm machinery, wool is sent to the mill to be made into cloth and yarn for home use and consumption, share repair outfits are secured and brought into use, catalogues are sent for and secured to ascertain where the little money the farmers get for their products will go the farthest in supplying the necessities of the producers that are compelled to take gold standard prices for their products.

And thus the country is going back to the first principles of our forefathers who produced and manufactured on the farm all that they required. And thus the gold standard money system of low prices that the 150 gold standard Democratic and Republican majority of Canton and other such towns is bearing its legitimate fruit. How do the fellows that supported the gold bug hats like the prospect? MUDDOCK.

Dayton.

February 13, 1897.

It is a long time since we seen anything in the LEADER from Dayton, therefore, I thought I would send you some news.

School district 33 had a basket social in the hall Friday night. A good program was rendered by the school children and the choir, and it was appreciated by old and young. The proceeds, which amounted to \$53.25, goes to buy an organ for the school. We extend our hearty thanks to all who helped us out. Was there anybody there? Well, I should say so. Everybody was there and the boys did very lively, and all seemed to enjoy themselves. An organ in a school house is a very fine thing, and raising money in this way is also proper because people know where their money goes, and also help doing good. Let the good work go on and in a short time all of the schools in the country will be provided with organs and the children will then be able to enjoy music as well as those of the towns. FARMER.

Delapre.

February 15, 1897.

Fine weather after a terrible blizzard.

Sunday was Valentine's day, but on account of the prosperity, we were unable to pay postage, consequently Valentines were about as scarce as goldbugs here in Delapre.

Mrs. Christen of Iowa, is visiting her daughters, Mrs. E. Kinyon, and Miss Nellie, who has been dangerously ill. Mrs. Christen and Nellie will return to their home as soon as she is able.

Miss Engold of Iowa, is the guest of Mr. Wells of Harrisburg.

Mr. and Mrs. Peters visited at Mr. Hartman's last Friday.

A load of young folks started for a sleigh ride Sunday evening, and as the snow was somewhat drifted, the young ladies were compelled occasionally to wait on top of the drifts while the young men were at work tugging away to get the horses up and pull the sleigh out. Being near Mr. Parker's place they decided to call there, and after staying until late in the morning, all returned to their several homes, promising to call again when the snow drifts disappeared.

C. Kebm of Eureka, S. D., is visiting friends and relatives at Harrisburg. Mr. Kebm will start for Eureka next week, where he has a position as bookkeeper for a lumber company. He took a picture of the grand city of Harrisburg to show to the people of the northern part of the state.

G. Kinsey and family were the guests of S. Kinsey Sunday.

There was no service held in Dist. 54 Sunday evening on account of the bad roads, as it was impossible for Rev. Shafter to drive up from Centerville.

We would like to hear more from "Big I and little u."

Augustana College.

February 16, 1897.

The attendance at the Luther League Sunday evening was very large and the program well rendered. Miss Norlie's essay on "Friendship," was both well written and delivered. Prof. C. G. Lawrence spoke on "Success in Life." It was an address as one could expect only from Prof. Lawrence. The Bible study conducted by Prof. Turve, was very instructive. We are very thankful to see the faculty and citizens take such an interest in our society.

New correspondents for the week are as follows: E. J. Hindry, foreign; Enoch Lysness, Pierre; B. O. Stephenson, Washington; Miss Bremner, country in general; Miss Craft, church news.

Public School.

February 10, 1897.

We are glad to see Marjorie Clark back again after an absence of a week.

Lincoln's birthday, which was last Friday, was appropriately observed in the different rooms, some having exercises and others telling stories of his life.

We think the Seniors must all be aspiring to authorship, for while they are reciting their Rhetoric lessons, their compositions are so interesting that it is impossible for the others to study. The other grades are longing for the time when they may try their talents in that line.

The Ninth Grade is soon to finish Civil Government, after which they will take Algebra.

Last Friday a debate was held on the question, "Resolved, That the United States should help Cuba." Considering the short time in which the speakers had to prepare themselves, it was doubtless one of the most interesting and enthusiastic debates we have had since last September, and it shows that the greater number of pupils are interested in current events. The school decided in favor of the affirmative.

There must be something very mysterious in the case of Miss Rudolph's desk, for as soon as some of the boys had a glance into it they were seen very hurriedly extricating their hands from their pockets, and it was noticed that they were very careful not to replace them. Keep on being careful, boys, as it will break a bad habit!

The school was very much pleased Thursday afternoon to see Charles Abel, a former pupil, as a visitor. We are always pleased to see visitors, and especially those who have been among us at sometime. ETHEL BENNETT.

At the business meeting of the Luther League Monday evening, the following members joined: Mons Aaland and Charles Groth.

Hans Dall from Miner county, was a visitor this week.

Helge Rogness and K. E. Jacobson from Norway township, were visitors this week.

Prof. Fretzel's Gods class practices at 9 o'clock every day except Friday. They are very much pleased with their new music.

The bookkeeping class is doing good work.

The program of the "Viking" was good last Saturday evening, but was not very largely attended on account of the weather.

Miss Hannah Erickson of Inwood, Iowa, was a visitor Friday and Saturday.

Daniel Bragstad was absent last week.

Following is the program for the Luther League for Sunday evening, Feb. 27, commencing at 7:30: Hymn; Devotion, Rev. Tetter; Song; Prayer; Selection; Reading; F. Sietvold; Song, Male Voices; Declaration, Kivilline Hamre; Selection, Thes. O. Thompson; Song, Nettie Helgerson; Declaration, Maria Anderson; Essay, Hannah Nordvedt; Song, Choir; Lecture—"Was the World created or is it eternal and self-supporting," Dr. E. A. E. Petzel; Song, Choir. Everybody invited.

Don't Stop Tobacco.

HOW TO CURE YOURSELF WHILE USING IT.

The tobacco habit grows on a man until his nervous system is seriously affected, until his health, comfort and happiness. To quit suddenly is to sever a shock to the system, as tobacco to an inveterate user becomes a stimulant of his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a single failure. It is perfectly safe and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will rid you of your habit, and we give a written guarantee to cure permanently any case with three boxes, or refund the money with 50 per cent interest. "Baco-Curo" is a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured By Baco-Curo and Gained Thirty Pounds.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented:

Clayton, Nevada, Aug. 28, 1895. Eureka Chemical & Mfg. Co., La Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. Took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have regained thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a pair of paper upon my changed feelings and conditions.

Yours respectfully, P. H. MARBYR, Pastor, C. P. Church, Clayton, Ark.
