

There is no Word so Full of Meaning and about which such tender recollections cluster as that of "MOTHER"

"Mother's Friend"

so assists Nature in the change taking place that the Expectant Mother is enabled to look forward without dread to the hour when she experiences the joy of Motherhood. It insures safety to both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Child-birth easy," as so many have said. Don't be persuaded. Use nothing but

"Mother's Friend"

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to anyone expecting to become a mother, says a customer." HENDERSON DALE, Carol, Ill.

Grand Valley.

June 21, 1897. As it is so long since Grand Valley has been heard from through the correspondence columns of the LEADER, I will again try to send in a few items once in a while to let the people know that we are alive and prospering.

Crops look fine, wheat is heading out and the farmers are busy cultivating corn. A number of window lights were broken by the hail Thursday night, otherwise no damage has been reported from the storm. The rain did good.

Andrew Melum Sundayed in Grand Valley. Miss Lena Torberson is staying with Mrs. L. N. Christensen at Canton. Albert Wood of Worthing, was a visitor at L. L. Flory's Sunday last.

Some of the young folks are going to celebrate the glorious Fourth at the residence of Andrew Hanson.

J. A. Wallquist and family visited with the family of Sander Brynjulson last Sunday.

Mrs. E. Torkelson and Mrs. Chas. Anderson visited with friends and relatives near Hudson last week.

The annual school meeting on Tuesday of last week was well attended and J. A. Wallquist was re-elected treasurer. The meeting also voted for improvements on the school house and grounds to the amount of about \$100 and to have seven months school.

On Friday, June 25, Miss Hattie M. Flory will close a very successful three months term of school, and in the evening the school will give an excellent literary entertainment. The program will be: Recitation, Maud Warner; march, six girls and six boys; recitation, Belle Torberson; historical song, eight girls in costume; recitation, Petrine Torberson; recitation, Stina Mickelson; recitation, Emma Hanson; song, "Three Little Kittens," four boys and three girls in costume; recitation, Harry Artz; recitation, Ina Releson; dialogue; song, "Tardy Scholar," school; recitation, Bertha Releson; recitation, Maria Blier; recitation, Ole Mickelson; recitation, Christian Torberson; recitation, Bertha Larson; song, Mae Ferris; pie tin drill, eight girls in fancy costumes; recitation, Clara Holter; song, "So We Grow." A cordial invitation is extended to all. Exercises will commence at 8 o'clock. Come! Friday June 25.

A GRAND VALLEYITE.

Norway.

June 24, 1897. Corn is slightly behind in Norway, otherwise crops look well. The heavy rain of last week made the farmers happy and all look forward to a good harvest.

Mr. Lukken of Brule, visited at Rise's last week. Little Tommy Knutson is attending Norwegian school in this district, which closes this week.

Returning pilgrims from the "land of the midnight sun" are Ole Rossom, wife and daughter, after a year's visit across the sea. They are glad to get back to the sunny fields and broad prairies of Dakota.

The license law has made those most entertaining pedestrians, peddlers, rather scarce lately, but our loss (?) is other's gain.

Miss Rena Jacobson has returned from Canton, where she has been learning the dress making trade.

H. K. Rise was at Hawarden and Hudson last week on business.

The handsome faces of John and Olaf Soan smiled from behind the counter of the Hegnes-Jacobson store while the proprietors were making merry at the Vigness-Lunder wedding.

Ask Santa and Cate how they like tomato sauce, but don't tell that I told you.

Miss Rose Nelson is visiting with the family of H. K. Rise.

Ole Hoel is the proud father of a bouncing baby girl, born on June 15. This is the first child born in Moe.

Hunting at the wrong time of the year—that is what Claus Hegnes and Knute Jacobson are doing, even now when business is rushing. By the number of the fair sex continually in the store, it seems they need not go far, but—"heids new and prairies green."

The school meeting of District No. 22, was well attended on June 15. Those present showed their appreciation of the services of August Johnson by re-electing him treasurer. After a lengthy discussion a term of seven months school was decided upon.

Knute Rise is the owner of a handsome bike, which his father brought from Chicago.

COUNTRESS.

MAMMOTH SPRINGS, ARK., June 12, 1897.

EDITOR LEADER:—I will give you my views of the sunny south. I am well satisfied with the country and do not find it as stony as it had been pictured, but there are lots of stones and one would think you could not cultivate the land, but you can and it will produce most anything you plant. I took dinner with Leroy Straw, and if anyone thinks they are not living well here they would be surprised. Green peas and beans, lettuce, radishes, strawberries, bacon and potatoes. Leroy has 4½ acres of strawberries and two acres of blackberries and raspberries. He has fifteen acres of nice corn three feet high as it stands. Leroy says he would not give his place for his father's in Lincoln county if he had to live there. He also has a fine house well furnished. George Jones also has a fine place and sold 805 worth of strawberries from half an acre of ground. He will have 3½ acres bearing next year and they are enjoying themselves fine. Ramsdell will have five acres of strawberries next year. The boys are all getting started in small fruit. W. S. Corson has a fine bearing orchard of peaches and apples and has 1½ acres of strawberries. They average \$1.50 a crate net. I have just put out 4-5 of an acre of strawberries and expect to put out five acres next spring. I am building a house and expect to stay if things work all right. Leroy Straw has nine acres of wheat that is as nice as any I ever saw in Lincoln county. He started to cut it Monday.

Friend Linn, please give my regards to all my friends and say I am enjoying myself and am still a Bryan man. The woods are full of them down here and some who voted for McKinley would like to vote for Bryan now, and you will find lots more in 1900 who will change their vote to Billy Bryan. I will close wishing all my Lincoln county friends a big crop with good prices, if that can be.

Yours respectfully,

WM. CORSON.
P. S.—Regards to A. C. Milliman and father, C. E. Judd, J. Christ, J. Isakson and also the board of trade and auxiliary. W. C.

Pushing Along a Good Thing.

The Sugar Tariff Prize Puzzle.
A reward of \$25 is offered by the New York World for any linguist who will translate the sugar schedule in the new tariff bill into English that can be understood. It is said that the sugar men understand it perfectly, and if they do what business is it of others? The Sugar tariff is running the United States senate at present, and it is holding up all legislation until it gets what it wants. If the people of this country had a chance to vote on the election of United States senators, some of the old fossils in the senate would never be heard of again.—Harrisburg Telegraph.

The Trust's Warm Friend.
Senator Aldrich has always been a truly good friend of the Sugar trust, and it is apparent that this friendship has not grown cold.—Boston Herald.
