

It is Thought by Many
when the Creator said to woman "in sorrow shalt thou bring forth children," that a curse was pronounced, but the joy felt by every Mother when she first presses to her heart her babe, proves the contrary.

Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

"Mother's Friend"
so relaxes the system that the natural and necessary... change takes place without nausea, headache, nervous or gloomy... foreboding and at the trying hour makes Child-birth easy, as so many happy mothers have experienced. Nothing but "Mother's Friend" does this. Don't be deceived.

"Mother's Friend" is the greatest remedy ever put on the market, and all my customers praise it highly. —W. H. KING & Co., Whitewright, Tex.
