

Time the test.

Even poor paint looks well when new. Time alone can test the quality. Some paints look well after ten years service. Others are faded and worn in two seasons. Good paint also spreads more economically than poor. Paint value is not measured by gallons, but by years and square feet. Time and

B. P. S. Mixed Paints

are upon friendly terms. They appear to agree. Just a little friendly rivalry in staying qualities, that's all. In buying these paints you get the greatest possible paint value for your money.

Canton, South Dakota, March 16, 1901.

I. M. Helme & Co.,
Canton, S. D.

Gentlemen—Last fall I used the "B. P. S." Paint to paint my home with and found it more satisfactory than anything I have ever used before in the way of paint and as represented by you. Although it is such a short time ago since I put it on I have reasons to believe it is durable.

Yours truly, J. N. WOOD.

Those who delight in a steaming fragrant cup of coffee will catch the spirit of the song, and when that "tired feeling" puts in an appearance, will know just where to go for relief.

"What gracious fairy planted thee, Thou wonderful fragrant coffee tree? What happy fairies watched thee bloom, To light the night, in Africa's gloom. With thy white radiance, while, far blown, Thy fragrance floated; Not alone Thy flow'r sheds rapture, for, even more, Thy fruit holds wealth of bliss in store. Bright fairies of The King of Kings, Where'er ye fit, on silent wings, Be blest and loved and best again, By all the true-born sons of men. For this fall blessing at your hands; Across all seas and all known lands, We drink to you,—the boiler sings.— We catch the sweet waft of your wings."

James Huseboe, marshal of Worthing, passed through Canton last Saturday having in charge a young man who had broke the jail at Sioux City. Some weeks ago the man appeared in Worthing looking for work and Marshall Huseboe secured employment for him on a farm near that town. Shortly after, notice was received telling of a man's escape from the Sioux City pen. The description answered perfectly and Marshall Huseboe promptly arrested and returned the man to Sioux City authorities.

Last Saturday the Sioux Falls high school ball team came down as per appointment and proceeded to do up our boys. The game proved to be rather one sided, resulting in a score of 15 to 1 in favor of Sioux Falls. The Sioux Falls boys seem to have the advantage, as their team was composed of larger men, in fact our boys say that some of them were large enough to have been through the high school several years ago. Members of our team opine that Sioux Falls boys mature at an earlier age than Cantonites. A return game will be played soon, when our boys expect to "play ball."
