GATE CITY HIGH PATENT FLOUR.
The Ladies Testify to its Being Superior to all Other Flour.

Over thirty years experience as a housekeeper enables me to judge intelligently of flour, and I am pleased to inform you that in your new patent I have found a flour superior to any I have ever used. Using it, cooking becomes a pleasure, because there is a certainty of highest culinary success in whatever is made from your Gate City High Patent flour.

Opera House Sold.
Cloud Bros. have purchased the opera house and will at once convert the building into a hardware and implement establishment, and the last dramatic entertainment held in the famous old building was the "Runaway Match," Thursday evening. The building is one of the landmarks of the city and within its walls many a political battle has been fought, many a good dramatic entertainment given and many a festival gathering had won fame and renown within its walls. The old order gives place to the new, and Cloud Bros. lead the van.

They are Found Out.
One of the cleverest advertising dodges in recent years is the scheme of the Runaway Match Co to attract attention. The manager causes a report to be circulated, that two well known society people have made a secret "runaway match." People have talked of nothing else for two days and when the bills were posted, the wise ones looked foolish. A runaway match is the merry comedy which comes to the opera House Thursday night.

A WOMAN, TO BE PRETTY.
Must Have Luxuriant and Glossy Hair, No Matter What Color.
The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then to stop falling hair, that germ must be killed. Noid's "Antiseptic Dandruff Cure and Hair Tonic," the newest result of the chemical laboratory, destroys the dandruff germ and of course stops the falling hair and cures baldness. When you kill the germ you can't have dandruff or thin hair.

Athenians Honored.
Last Friday night when the members of the Athenian Debating Society were in session, Attorney L. J. Jones, after the regular order of business, arose and announced that he had been selected to perform a pleasant duty, and then proceeded to address President Wendt, paying him merited compliments as presiding officer of the club and concluded his remarks with presenting the doctor with a handsome chair, as a reminder of the high appreciation in which he was held by the club. The doctor was greatly surprised but managed to return his sincere thanks to the members for their distinguished consideration and appreciation. The doctor has been president of the club for three years, and makes a splendid presiding officer. After Attorney Jones had been congratulated on his neat little speech, Attorney Carlson arose and stated that he had been also selected to perform an equally pleasant duty, and began to talk in a general way, finally turning to Attorney Jones, who is soon to leave the city, he proceeded to convey the good wishes of the club to their esteemed friend, and then presented him with a set of military brushes. It was a very pleasant occasion and the members enjoyed it as much as the recipients of the club's good will and appreciation.
