The painting season is at hand and the question is—what is the best paint to use? There is nothing that beats pure lead and oil.  
Of course the dealer likes to sell ready mixed paint, for there is more in it for him, and they, or some of them are afraid to meet us in competition on articles like Red Seal white lead and pure linseed oil, articles on which the price should be about the same everywhere.  
Have you noticed that there has been very little lead colic among the painters since they have been using ready mixed paints? See?  
If you want mixed paint use the Monarch—it has the lead.  
We have a nice line of wall paper and window shades, all up-to-date.  
Mr. Geo. W. Mawbey late of New York, is an up-to-date painter and paper-hanger. See him.

Mrs. Geo. Stanley and little boy arrived home Tuesday from Omaha, after several weeks absence.  
Are you going to paint? See Dr. Noid's big stock and make your selection.  
Bishop Hare will preach in the Episcopal church next Sunday evening. He is a grand old pioneer and patriot.  
Dr. Noid was headed for the fair ground Wednesday with gun and ammunition enough to arouse powder echoes across the river.  
Thayer & Stinson's big spring opening announcement appears in this issue, and the ladies will find it a very interesting document. It tells all about the nice things to be found at the Enterprise.  
Pickett Bros. big spring and summer opening announcement will be found in this issue, and it will pay the ladies well to study the prices and prices offered at the big double store.  
I will pay 40 cents per hundred for old iron, except old stoves and galvanized iron, delivered at my yard in Canton.
