Very Remarkable Cure of Diarrhoea.
"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more distress and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Boone county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents cured me." Sold by I. M. Helmsy & Co.

Catarrh of the Stomach.
When the stomach is overloaded; when food is taken into it that fails to digest; when acids and indigestible mucus membrane, exposing the nerves, and cause the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the stomach. For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure—J. R. The program for each day during the Assembly has been carried out with promptness and care. It is not always possible to carry a long program through on time, but it is the desire of the superintendent to make the program connections fit into place as near as conditions and delays will permit.

J. E. Millett of Eden township, has decided to give three cash prizes to boys under 18 years of age who will present to the Farmers Institute judges next winter, the best 25 ears of Lincoln county corn. The boy bringing the best 25 ears will receive \$3, the next best will receive \$2, and the third a prize of \$1. Mr. Millett has decided to do this to arouse an interest among Lincoln county farmer boys. There will be other prizes besides the LEADER'S big corn prizes, all of which will be fully described in the LEADER soon.

L. S. Hetland a banker and merchant at Valley Springs, reached the Assembly Tuesday with three big loads of camping material and a party of seventeen ladies and gentlemen. Banker Hetland says he has gone to Spirit Lake for seven years in succession, but hereafter he will be a camper in Dobson Park and attend Canton's famous Assembly, and Banker Hetland is only one among the many who have this year decided to do likewise in the future. Dobson Park is worth a visit now. It is a picture of happiness and contentment.

J. E. Millett and George Millett of Eden, O. O. Tuntland of Highland and Math Hanson of Canton, four of the best men and best farmers in Lincoln county were guests of the LEADER Wednesday morning at the same time. Lincoln county is blessed with educated, sturdy, big hearted men, men who have plowed a fortune out of the soil.

J. E. Millett has a splendid fish pond, 80 rods in length, on one of his Eden township farms, and this pond is full of young trout, 30,000 were recently placed there. Messrs. Tuntland and Hanson told Joe they were coming down to fish when the trout were ripe, and the editor is a fair trout fisherman himself.

Leon Dreyfus, a relative we believe, of the famous Frenchman and patriot of the same name, has secured rooms in the Isackson block over Hanson & Sogn's dry goods store, where he is now prepared to clean, press and repair gentlemen's garments, and will also make a specialty of cleaning and pressing ladies' skirts. He has also organized a gentlemen's club which entitles each member to the privilege of having his garments cleaned and pressed every week if necessary for the moderate sum of \$1.00 per month. Mr. Dreyfus is an expert in this line of work, and gentlemen and ladies will find his services valuable in the proper care of garments. Give him a trial and you will always patronize his modern system of keeping garments in proper condition.

The farmer married men and the city married men will do battle at the ball park next Monday afternoon. The farmers say they will reduce Laxson Bros., stock of neckties and that Thayer & Stinson stock of suspenders will be only a page in history after the game.

Herbert Booth's illustrated lectures on Early Christian Martyrs won the admiration of all. The escape of the mother and baby from the Roman soldiers was one of the most beautiful scenes ever presented in moving pictures. That great audience gave a responsive thank God with the fleeing christian mother when that brutal Roman soldier fell off the foot bridge, and all hoped he fell to his death.

Judge Pallock of Fargo delivered a splendid temperance address before the Assembly Tuesday afternoon. He is at present Judge of the most populous circuit in the state, and is a resident of Fargo. He is accompanied by Mrs. Pallock, a charming lady. Fargo is a city of 12,000 population and one of the best towns northwest of St. Paul, and there is neither saloons or blind pigs within its corporate limits.

The Assembly management has done everything to make the grounds attractive and the stay of the campers pleasant. Superintendent Dobson has devoted his time to the platform, Rev. A. C. Shepherd, President Dean, Judge Kennedy, Ed. L. Wendt, Secretary Emma L. Dahl, and Prof. Clendinning, in the ticket office, and Mr. Bayshore, Mr. Eastcott, and special officer Harrington, have all worked early and late, and have succeeded in making Dobson Park a delight and a charm for all who came to tent or enjoy the auditorium program.

The editor enjoyed a social chat with Judge Pallock Thursday morning, whom we knew so well twenty years ago in Fargo. Judge Pallock is one of the purest men on the bench and his life is a magnificent example of temperance, courage and virtue. He showed us two pictures of himself and Congressman Martin of this state, taken 25 years ago at Cornell College, Iowa, when the young men wore their college military uniform. Both of the military looking boys of 78 turned lawyers instead of leaders in gory war. One is a distinguished jurist and the other a distinguished congressman. Judge Pallock and Congressman Martin had another picture taken Thursday. They had not met for 17 years and the meeting here was like long separated brothers.

The LEADER editor has tried to do business in the office and attend the assembly at the same time, but between these extremes he has failed to do either properly and the LEADER is proof of it this week.

Dr. Little of Chicago is a brilliant scholar and his bible readings and lectures are very instructive.

Prof. W. W. Norton of Sioux Falls and his company of fifty ladies and gentlemen who came down to the Assembly Wednesday and sang the Oratorio of "The Messiah," won a magnificent triumph before an audience of nearly 3,000 people. Prof. Norton and his Messiah singers received many compliments from the splendid audience.

DANDRUFF WON'T WASH OUT.
The Germ that Causes It Has to Be Destroyed to Cure Dandruff.
Many a woman spends an hour twice a week scouring her scalp, thinking scrubbing off the scurf will cure the dandruff. Two hours a week, at the age of 40 years she has spent 260 days of twelve hours each, or two-thirds of a year of her life, in that vain hope: vain because you can't cure dandruff without killing the dandruff germ, and the only hair preparation on earth that will do that is "Noid's Dandruff Cure"—also a delightful hair dressing, and thoroughly antiseptic against all contagion from use of other's hair brushes. Call at Dr. Noid's drug store Canton, and procure a bottle at once, or order by mail.

DAKOTA DAY AT THE ASSEMBLY.

Saturday July 11, Will be Dakota Day and the Best Talent In the State Will be Present Including Local Talent.

Gov. Herreid, Senators Gamble and Kittredge and Congressman Martin and Burke and State Officers Invited.

The Supreme Court and Circuit Judges and City Officials of Neighboring Towns Will Grace the Occasion.

Dakota Talent Will Match Up With Anything In the World and Our People Will make Dakota Day Memorable.

Saturday, July 11, is Dakota Day at the Assembly, and the occasion is to be made memorable in the history of the Epworth League of our grand young state. Dakota Day and Dakota Talent is the slogan that will bring our distinguished people and prove, as the LEADER has always claimed, that the brains, the talent, the energy and the moral worth of our people will match up with any people on earth. Our people are not a boastful people but they are justly proud of their young state.

Miss Katherine Gemmill, Miss Lila Rogers, Miss Marie Averill, Miss Palma Anderson, of Canton, Miss Anna Bagstad of Yankton and Mr. C. D. Hardy of Mitchell, all Dakotans in whom the people are justly proud. Behind and supporting our brilliant young stars will be statesmen, business and professional men.

Governor Herreid, Senators Gamble and Kittredge, Congressmen Martin and Burke and the distinguished jurists, the Mayors and City Fathers of neighboring towns and distinguished citizens have been invited to join the great Epworth League Assembly at Canton and make Dakota Day one in which every citizen of the state will feel a just and honest pride. We are all proud of our young state and its brainy men and women.

Dakota Day will furnish a splendid opportunity to honor home talent and enjoy a reunion and a feast of music and a flow of soul.

Notice the extraordinary clothing prices advertised by the Hub Clothing House. Mr. Herman is going to sell clothing.

Charlie Durkee, one of the old pioneers and a resident of Beloit for many years died Wednesday morning at an early hour. He was buried at 10 o'clock Thursday morning in the Beloit cemetery.

The LEADER editor has tried to do business in the office and attend the assembly at the same time, but between these extremes he has failed to do either properly and the LEADER is proof of it this week.

A private note from Miss Lucretia Endolph states that she and her mother, Mrs. O. A. Endolph, are down at Saundersstead on the beautiful Rhode Island seacoast catching fish out of the rolling billows of the salt sea.
