The members of the G. G. C. were given a sleigh ride last Saturday night which wound up at the Ketchum home north of the city, where they were entertained in a very pleasant manner by Miss Louise Ketchum.

Otto Hervig of this city is enjoying a visit from his niece, Miss Anna Anderson of Montevideo, Minn., who is accompanied by two young lady friends—Miss Anna Brun and Miss Eda Bodine of the same place. They came down from their Minnesota home to visit friends and relatives at Worthing and are now the guests of Mr. Hervig, where the young ladies will remain a month, and these young ladies think Canton a delightful town to visit in.

Geo. Sabin and Joe Coplar are back from Hot Springs. Joe says they got a cold reception and the commandant had left orders not to admit Sabin after sending him half fare transportation. The home management seems to be getting a little particular and new rules or a new board is much needed. The home is supported by the people for the benefit of old soldiers who need a little treatment and a rest once in a while. When a state home gets down to splitting hairs, it is time a change was made.

Mr. and Mrs. Henry Cooper and little daughter Gladys were driving out in the country Sunday afternoon in a cutter, and as they started down the hill near the creek below John Johnson's the cutter began to slide slowly from the edge of the road and struck an obstruction which caused it to overturn. In falling out Mrs. Cooper had her spine jarred in such a way as to render her helpless for a time and she suffered much. She was brought home and carried into the house and to bed. Dr. Lena Eneboe was called and had the patient resting very comfortably on Monday. She is getting along nicely and will soon be well.

As Mr. and Mrs. Jay Overlander and Mrs. Herron and baby Grace Overlander intend to leave in a few weeks for an extended visit in Penn. and Ohio, their friends planned a surprise upon them and in spite of the cold weather of last week, about twenty-five of their friends proceeded to their home, four miles south west of Canton, taking with them the necessary viands to satisfy the inner man. Upon reaching their destination they took possession of the house and spent the time in games and conversation until called to the dining room, where all tried to do their share towards relieving the overburdened table. Soon after retiring to the parlor Mr. N. C. Shore arose and in a few well chosen words presented Mr. and Mrs. Overlander and Mrs. Herron with a beautiful suit case as a token of the great esteem and respect in which they are held by their many friends. After a very pleasant afternoon all returned to their homes, after wishing Mr. and Mrs. Overlander and Mrs. Herron a pleasant visit among their eastern friends and a safe return to Sunny South Dakota.

John Overath of Eden was in town Saturday, and had his name enrolled in the Corn Growers Association book at the Leader office. Mr. Overath is a very successful young farmer and keeps thoroughly posted on the pure seed question. He has faith that Eden township will carry off the \$100 silver cup which the Canton merchants presented the Corn Growers Association to be annually awarded the township which secures the best score in corn. Mr. Overath has good reason to believe that Eden township will carry home the big cup the first year. Canton township is after the cup and will give Eden a close contest. Norway and Highland and Fairview and Dayton are getting in line strong but we believe these township are not sufficiently well organized to make much of a contest this year. Brooklyn, Lincoln and La Valley are getting in line, but the big contest will be a year hence when nearly all the townships in the county will come in with their finest corn and then the farmers will begin to realize the full value of this pure corn agitation. Mr. Overath is something of a corn expert and will help to make the Eden township aggregation a powerful factor in the institute this year. 10 ears of corn is all that any one is asked to bring to the contest, and you had better select them at once. Each contestant takes his corn home with him when the contest is over.

Wilbur Kinsley has been confined to his home for some time.

W. E. Abbott called Saturday and renewed his subscription.

J. G. Laxson has been confined to the house over a week with a bad cold and a little grip.

H. O. Strand, one of the LEADER's old reliable subscribers called Saturday and advanced his date.

Martin Nelson called Saturday and had his name enrolled among the LEADER's list of subscribers.

Mike Gilbertson, of Moe was a caller last Saturday to pay subscription on the LEADER for his son G. M.

Hon. Willard Huff was in town Monday. He has been compelled to be at home considerable owing to the sickness of his family.

Albert Hopkins went crazy over the pany. Now some mountain of egotism is howling over a state song. Where is the fool-killer?

Col. Ludlow of Sioux Falls commends the pension article in last week's LEADER, and sends down a year's subscription to back his opinion.

Miss Onica Millie, daughter of Mr and Mrs. John Millie of Chamberlain, is teaching school near that city and is very successful in her school work.

The Beloit dancing club announce another social hop at their hall in Beloit on Friday evening, February, 3. This is the most successful dancing club in Sioux Valley.

President Rudolph of the State Mutual Fire Association went to Aberdeen Monday on business. He is one of the most careful and conservative business men in the state, and an authority on mutual fire protection.

Little Florence Farmer, recently won a nice leather covered bible in a contest in Sabbath school. Superintendent Wendt gave her the bible because she was able to commit more verses to memory than any other scholar.

The Young Ladies Aid society of the Lutheran church who gave the oyster supper last Saturday evening had net proceeds to the amount of \$67.50, and of this amount Miss Carolyn Hage took in \$13 at the candy booth.

There will be service in the Catholic church next Sunday morning at 10:30 in the morning and at 7:30 in the evening. Father Boley will preach, and he is regarded as one of the ablest priests in the state, a fine speaker, clear, strong and convincing.

Mr. and Mrs. D. S. Waldo received many congratulations last Sunday over the fiftieth anniversary of their wedding. They declined a reception at the hands of their many friends, preferring to wait for the diamond jubilee, and may they live to enjoy it.

H. E. Phelps, one of the handsomest farmers in Dayton township and a thorough Dakotan, was a visitor Monday. He had \$8 that he wanted to leave with the editor, and the editor was glad to relieve him of further responsibility over the surplus.

Joe Coplar of Harrisburg, who recently went out to the soldiers home for needed treatment, was asked to give up his pension. He refused and said he had fought four years for the privilege of being a free man and that no man on earth could handle his pension but himself. That's the spirit that should prevail among the uncrowned kings who carried a musket to maintain the honor of the flag that was baptized in blood at Bunker Hill. The South Dakota soldiers home should not be a home of oppression and needless red tape.

Rev J. W. Dibble has been confined to his home for two weeks, and his many friends hope to see the Reverend gentleman around again soon.

There's a pretty girl in an Alpine hat, A sweeter girl with a sailor brim, But the handsomest girl you'll ever see, Is the sensible girl who uses Rocky Mountain tea.

The Wendt Orchestra will give an entertainment at Hudson March 10, and we can assure our good friends down the river that they will hear instrumental music and song that will please the ear and charm the soul. Rev. Hastings of the Hudson M. E. church was in Canton last Friday and secured the orchestra for the above date.

Carl Jacobson and his bride were in Canton last Friday, enroute to the groom's home near Woonsocket, where he has a beautiful home. Mr. Jacobson called at this office and subscribed for the LEADER. Miss Ida Twedt became Mrs. Jacobson last week, and the happy young couple were going home with the blessings and congratulations of a host of Lincoln county friends. Mr. Jacobson's father lived east of Beloit years ago.

Wm. A. Willet, Columbia School of Music, Chicago, Illinois: It was my privilege, and I assure you my pleasure, to hear an impromptu concert given by the Madrigal Lady Quartette. I cannot say how pleased I was with the Quartette, not only as a quartette but as individuals. Each member is certainly a great artist and no lecture course or concert organization should fail to secure them. This lady quartet will appear in the Canton High School Lecture Course at the Opera House Feb. 7.

Frank Ehrhardt, the Cedar Street blacksmith, says he has the exact measure of the shoes of the man who broke into his blacksmith shop last Saturday night and stole a lot of shoe nails and die cutters. Frank says if the man who did the job will return the property, search warrants and legal proceedings will be dropped, otherwise the thief will be hunted to a complete proof of guilt. A man leaves a good track in the snow which can be followed by measurements. It was a man who did the stealing.

NOTICE TO SHEEP OWNERS.

The following gentlemen were subscribers last Saturday afternoon: John Overath of Eden, Martin Nelson of Canton, Col. Ludlow of Sioux Falls, Louis Sivesind of Highland, who also subscribed for Ole H. Nyhus. Thus the LEADER keeps growing in power and usefulness. The people appreciate a paper that is always working for their interests.

In the hurry write up of "Peaceful Valley," the violin playing of Miss Ethel Menor and the dancing of Miss Beesie Grace, was overlooked, which we regret. Miss Menor handles the violin like a master and her execution is faultless. She received a deserved encore. Little Miss Grace danced charmingly and was also called back by an audience that appreciated her graceful dancing.

Louis Sivesind of Highland, about a year ago bought a splendid farm of 830 acres, two and a half miles north of Inwood, for \$70 per acre and last fall sold his Highland farm of 300 acres. Mr. Sivesind is a successful farmer and stock raiser and his big farm over in Lyon county will give him just the opportunity he needs to increase his cattle product. He subscribed for two copies of the LEADER Saturday.

Startling Facts.

Eighty-five per cent of all persons declared incurable, or given up to die by physicians, can be cured, or their lives greatly prolonged by the beneficent action of the "Perfected" Oxygen King. This startling assertion is susceptible of proof. We have it in the form of letters from all classes of people (residing far and near) who are delighted to testify to the marvelous curative powers of this latest and most perfected home oxygenating instrument. Proofs are all under oath, and in the form of newspaper endorsements by credible, living witnesses whose names and addresses are signed thereto.

Hundreds of thousands of cured patients gratefully acknowledge its astonishing potency in curing all classes of disease.

Such is the peculiarity of human nature, however, that many will not resort to this reliable "oxygen cure" until all other known methods have been exhausted. For farther particulars apply to Big Sioux Oxygen Co. O. T. Helgeson Mgr. Canton, S. Dak.
