

# Good Glass

We buy only the "A" grade glass—the best quality. It is clear as crystal, free from spots, wave lines and all imperfections. We have all sizes in single and double thickness, also the putty and points. This grade of glass costs us more than the inferior grades which are generally handled, but our price is no higher than you would have to pay for the ordinary kind. If you get a pane that isn't all right in every way, bring it back.

Rev. W. A. Cave's brief address to the boys and girls last Sunday morning, before he began his sermon, was both interesting and instructive. The lesson of the chicken and the boys may not be lost on those of middle life, because many could go right ahead doing things if it was not for the belief that they are held back by some obstruction that even a chicken might remove.

## Notes From Dakota Wesleyan University.

The enrollment for this term has reached the number 433. This is a gratifying increase over the attendance for the same term in previous years, and evidences the growing popularity of the institution. The total for the year will probably reach at least 700.

The number of college students in attendance is the largest in the history of the school. There are thirteen members in the graduating class of the "College of Liberal Arts," and eighteen seniors in the Normal Department, while the graduates in all departments will be about 45. The roll of students represents 48 counties in South Dakota and there are also students from seven other states.

The new college courses in Commerce are proving very attractive. Prof. Van Benthuysen has already made good and is deservedly popular. The Department of History and Social Science has taken on new strength under the direction of Prof. George A. Garfield, A. B., LL. D., who came to Dakota Wesleyan this year from Tacoma, Washington.

A notable addition to the work of the school is a course in Philosophy for seniors and graduates, conducted by Dr. Weir whose extended experience in graduate instruction in the East has given him peculiar fitness for such work.

Despite the strengthening of the School of Music by the addition of several new teachers, the increased enrollment has been somewhat of an embarrassment. Since the opening of the term it has been necessary to procure still another instructor for piano. It is the purpose of Prof. Hobson, who has charge of the Voice Department, to give the Oratorio of the Messiah during commencement week. Prof. Hobson is hard at work training the chorus for the Oratorio.

The preparatory societies have recently held their joint debates, and the fact was apparent that the already strenuous society interest and enthusiasm have been increasing. Preparation for the intercollegiate debate with the State University has already begun. Last year Dakota Wesleyan won a unanimous decision over the Vermillion debaters.

Prof. J. L. Lardner is absent on leave this year taking post graduate work in English at Northwestern University and in Oratory at the Cornock School of Oratory, a Department of Northwestern University. He will return next year better equipped than ever to take charge of the work in English and Oratory, which he has already made one of the strongest departments in Dakota Wesleyan.

Gratifying success is attending the efforts of Pres. Nicholson to raise the amount of endowment necessary to secure Mr. Carnegie's proffered donation of \$25,000. Already about \$20,000 of the necessary amount has been secured.

In Athletics, Dakota Wesleyan has so far won the football contest with Yankton (4-10), Morningside College (6-10), Huron twice (45-0 and 51-0), but was defeated by Brookings (11-4) and Vermillion (12-4). Dr. and Mrs. Nicholson dedicated the President's new residence by entertaining the members of the Faculty and their wives at a reception on Friday evening November 23.

## Reception for Rev. Loveall.

We copy the following from a recent issue of the Pierre Dakotan:

The Methodist church was tastefully arranged to represent a large drawing room last evening when the church members tendered a reception to Rev. A. S. Loveall and family. Not only did the church appear homelike, but everyone who attended was made to feel at home, and the result was a most happy evening.

After several musical selections Mr. James Sebree gave a fitting address of welcome, followed by remarks by Rev. John Askin and Rev. D. C. Smith who made Rev. Loveall feel that they wished the churches to cooperate in their work for the advancement of God's cause in our city.

Rev. Loveall responded and spoke highly of his appreciation of the meeting of the members of his church with the others, and of the sentiments voiced in the remarks of the other pastors. Music throughout the evening by the Capital City Orchestra was much enjoyed and added much to the evening's pleasure. Light refreshments were served from a long table decorated beautifully in smilax and chrysanthemums. The evening will long be remembered by those present, and those who were in attendance felt drawn closer together for the spirit of Christian fellowship which was evinced.
