Crawford Will Sweep the State.

From all over the state come information that the people are lining up enthusiastically under the Crawford banner and that Brown county, the former machine stronghold, is certain to give Crawford and the reform ticket a majority in June.

The people in the Black Hills are getting into the reform column fast, because they have been skinned and robbed for years by the Burlington and Northwestern railroads. Over in that section the freight and passenger rates have been about double what we of the east side pay and the people are waiting for a chance to strike the robber monopoly a blow that will relieve them from further oppression. The old machine leaders over there are all corporation followers and through their aid the people have been systematically plundered and have been helpless to remedy the evil.

Governor Crawford is meeting with great success and genuine enthusiasm wherever he goes, because the people know he is fighting their battle against corporation rule and corporation robbery.

Butte county will give a reform majority because Kittredge tried to beat them out of a land office.

The reform majorities in Gregory, Lyman and Stanley will offset any machine majorities in the Hills where Martin is losing ground fast owing to his treachery to Lawrence county at the recent meeting of the stockgrowers' association at Rapid City. No part of the state is so ripe for the reform movement as the Black Hills and those who know the conditions over there are aware of the bitter feeling. Even in 1904 the Black Hills went for Crawford but Martin sold them out for the machine promise of a senatorship which the machine could not deliver. Under the primary system every man's vote will count just as much as Martin's or any of the railroad bosses.

Those who know the Black Hills best believe that Governor Crawford will create a political revolution over there when the people hear his masterful presentation of the state issues. Kittredge has been through the Hills and he told the people about Spout and Bristol and the Panama canal, of his blistered feet and how he had backed up Roosevelt. Our informant says the people laughed at such stuff when they are groaning under the oppression of the railroads that they know are backing the man with blistered feet.

If Senator Kittredge breaks even in Minnehaha he will do well but the balance of his ticket will not carry the county from information at hand.

The Sioux Falls Press has \$1,000 of some man's money which says Crawford will win at the June primaries, but no Kittredge man seems willing to back up the silly claims of the big boss of the Argus Leader. There is \$2,000 over in Charles Mix which says Crawford will win at the June primaries. Betting decides nothing but this confidence in Crawford is only an evidence of public opinion, an evidence that the people are with him, and the same is true of Senator Vessey and the entire ticket.

Senator Vessey is making a splendid campaign and is winning votes every day. He tells the people everywhere what they are entitled to and what he stands for, and they know by the record that they can trust him. His opponent is not doing anything and seems to have no desire to be re-elected to his office.

Rev. J. D. Bohm will preach in the Congregational church next Sunday evening. A collection will be taken up for bible work.

will be sold out and slaughtered to help elect Kit. It's a cut-throat game all through and many of the Kittredge followers are tumbling to the scheme.

There was only one machine stronghold in Roberts county and after hearing Gov. Crawford, the boys decided almost to a man that they would support Governor Crawford. The Crawford wave of popularity is like the Roosevelt wave, nothing can stop it—it is the hope of the people.

FOR STATES ATTORNEY.

I am a candidate for states attorney of Lincoln county, S. D., subject to the action of the republican primaries in June. If elected I pledge myself to carefully perform all the duties of the office, including the vigorous prosecution of all violations of law.

The news of this state makes it the special duty of the states attorney to prosecute all offenders against the state laws prohibiting the illegal sale of intoxicating liquors. If elected I pledge myself to do all in my power to perform this duty.

C. B. KENNEDY.

Candidate For States Attorney.

I am a candidate for re-election to the office of States Attorney of Lincoln county, South Dakota, and respectfully solicit the support of the republican voters at the primary election to be held on June 9th, 1908.

I have now occupied this office one year and four months, this being my first term. During that time I have fearlessly and without favor, prosecuted every infraction of all laws which have been brought to my attention whenever there was a reasonable chance to secure a conviction and whenever the least public interest could be subserved thereby.

It is the special duty of every person having knowledge of the violation of the law with reference to illegal sale of intoxicating liquors "to immediately notify the States Attorney thereof." (Sec. 2541, Political code) and whenever such notice has come to me I have taken immediate action without reference to whom was affected thereby. No prosecuting attorney can ferret out all offenses and must depend upon the co-operation of law-abiding citizens to support him. I stand ready to prosecute the violation of any laws, whether relating to the illegal sale of liquors or otherwise.

No man can honestly say and none shall have occasion to say that I have failed, refused or neglected to prosecute to the limit of my ability every infraction of any law which has come to me as has been brought to my attention.

The business of the county and of county officers has received my special attention to the end that it should be conducted carefully, correctly, economically and on a business-like basis. This has been my course in the past and shall be so long as I hold this office.

Yours very truly,
A. E. CARLSON.

Byrns and Loftus will deposit Mr. Robert Russell and Miss Lucile Parrish in the new farce comedy, "Lunatic," at the opera house Saturday night, May 2nd. Rev. J. D. Bohm will preach in the Congregational church next Sunday evening. A collection will be taken up for bible work.

Public Debate.

The Athenian society will hold a public debate in the court house Friday evening, which will be of unusual interest. The question is "Resolved that the prohibition and repeal of the Philippines was and is a mistake." The affirmative will be maintained by Dr. Wendt and Carl Giattelli and the negative by A. E. Brown and Carl Paulsen. The public is cordially invited to attend and hear the gentlemen discuss this important question.

C. B. Kennedy's Platform.

I am a candidate for the office of States Attorney of Lincoln county, South Dakota, subject to the action of the Republican Primaries in June. In making this announcement it is proper that I should declare myself with reference to one of the main issues involved in a candidacy for this office.

Every town in the county except two on the west side have adopted the policy of no license. If the license policy was adopted as far as the county at least twelve saloons would be running, paying in licenses twelve thousand dollars to the towns and county.

The people have chosen to surrender this revenue in order to have dry and orderly towns. If the laws prohibiting the illegal sale of intoxicating liquors are not enforced and liquor is allowed to be sold illegally, then the evil which the people vote to abolish still exists and the election of the people will be nullified.

The most important part of enforcing the law should be the election of the States Attorney, and if he is personally opposed to enforcement of these laws, the electors have a right to know the facts.

I am a tested man who has always been in favor of the vigorous enforcement of all laws against the illegal sales of intoxicating liquors.

That when the people vote in favor of no saloons they are not voting for the purpose of having no beverage sales for liquor and it is the duty of officers entrusted with the enforcement of law to be active and vigorous in the enforcement of laws against the illegal sales of liquor.

When a town votes in favor of license and people pay the license fees, the licensee should be protected in the business he is licensed to do. It is not fair to him that other people should make sales for the same purpose the saloon makes and pay no license.

The registered pharmacist under the law is entitled to make sales of medicinal, mechanical, scientific and sacramental purposes only. They pay no license and they should be allowed to do so within the limits of their permits. It is unfair to them paying licenses, for pharmacists or anyone else to make sales of wine and liquors for beverage purposes, and when the pharmacy does so it is a non-licensed saloon. If I am elected, I will do all in my power to prevent drug stores and others from making illegal sales.

The saloons and drug stores will in no manner be disturbed by me in the legal pursuit of their business. The tax payers of the county have a right to the vigorous policy which I have adopted, and the saloon and drug store have the legal right to make sales as provided by law.

If elected, I will do all in my power to enforce all the laws. I will do nothing to oppress or in any manner to interfere with any persons exercising their legal rights. If you are in favor of a vigorous prosecution of all parties violating law, vote for me.

When under the present law I will do all in my power to enforce all the laws. If it is a dry policy it is entitled to it. If it is a license, none but the licensee could be permitted to make beverage sales.

Vote, if I am in harmony with your idea give me your vote.

C. B. KENNEDY.

D. FRANK, Canton, near depot.

The sudden death of Comrade W. N. Harmon Tuesday morning came as a surprise to most of his comrades as a fatal termination of his sickness was not anticipated. A week ago he was apparently in good health and full of ambition. He had an attack of measles which settled upon his lungs which were weak.

William N. Harmon was a member of Company D, 31st Iowa Infantry, and served three years and ten months during the war. He has been a resident of this state 23 years, most of which time he has lived in Canton. He leaves a wife and two sons, C. A. and E. A. Harmon of this city, Mrs. M. H. Shultz of La Porte, Iowa, and Mrs. C. E. Watkins of Canton, to mourn an honored and respected husband and father. He was a good soldier and a good citizen.

The funeral took place from the home of deceased Thursday at 3 p. m. under the direction of the G. A. R. and the funeral sermon was preached by Rev. E. A. Johnson of the church at the cemetery represents 43, nearly half a company in war times.

M. E. Choir Concert.

A splendid audience greeted the choir Tuesday evening and it was an honor to have the program. The choir singing was especially fine and a piano solo by Mrs. C. O. Knudsen won many hearts. The quartette composed of Mrs. Kundert, Miss Muma, Miss Buchelster and Miss Dibble won merited appreciation for their singing. A baritone solo by Mr. Knudson was a feature of the evening. A reading by Mrs. DeVries, entitled "The Wreck of an Ocean Steamship," was delightfully rendered. She is an elocutionist of rare ability and one of the best in the state. A solo by Miss Muma won praise for that young lady. The orchestra gave us "The Merry Widow," and the choir closed the first part of the program.

During the commission the choir went out and returned the happiest looking lot of darlings we have seen for some time. Brudner Smith remarked that he was the first darkey that ever had a white spot on top of the head where the hair didn't grow. He forgot to run the paint brush over that desert spot. Ed Wendt as Mister Jackson sang "Old Black Joe," and he did it well, putting in enough of the head where the hair didn't grow. He forgot to run the paint brush over that desert spot. District 1 is perhaps the only one of its kind in the United States in regard to its school board. It is unique in the extreme as every member is a sturdy bachelor. Yet they seem to take as much interest in the welfare of their district and teacher as any board in the county.

Most farmers will be planting corn next week if only old Boreas will retreat to Klondike. The poor plumb blossoms were filled with snow and it will be a question whether there will be any fruit in this locality or not.

"A great many of us Fairviewites would be only too willing to serve our state as treasurer for the paltry sum of eighteen hundred a year. We don't make near as much by raising pigs or chickens. We would turn every cent of interest into the treasury," said a Fairview farmer the other day and we believe he could but not now.
