At a meeting of the school board
for district 13, Highland township, it
was on motion, decided that the of-

said amount to any one who will give

If a stranger looked over the Can-
ton papers he would think there were
very few progressive business men in
town. The Worthing and Lennox
papers show more regular advertisers
than Canton, which is a detriment to
Canton in a business way. There are
a few business men in Canton who
hardly ever advertise, and yet they
expect customers to hunt them up
and find out if they have anything
to sell. The LEADER reaches nearly
all the people in the county and can
help you sell goods if you want to.
Try the LEADER and you will get
results.

52 Bushels of Corn to the Acre.

George Haas, who now owns the
fine farm formerly owned by William
Bell, has no reason to find fault with
his corn crop even in a dry year. Mr.
Haas has 110 acres in corn, and the
first 17 acres yielded a little better
than 52 bushels to the acre and this
was determined by the scales. Mr.
Haas is a first class farmer and gives
close attention to everything on the
farm, and close attention to farm
work pays whether the season is wet
or dry. 52 bushels of good corn is a
good yield any year.

Axel Wistrom of Highland who is
renting the old Osmondson farm, was

day. Mr. Wistrom is a progressive
young gentleman and a good farmer.

ever I carried a heavy load of mail,
my kidney trouble increased. Some
time ago, I started taking Foley Kid-
ney Pills and since taking them I
have gotten entirely rid of all my
kidney trouble and am as sound now
as ever."
