MANY

Are anxiously await-

United
Doctor
Specialists

Will be in Canton at the

Rudolph Hotel

SATURDAY, DECEMBER 9

ONE DAY ONLY

These are the doctors you no doubt
have read about. While you may not
know them personally, you may know
them by reputation or through some
of your neighbors who have treated.
The remarkable success of these tal-
ented physicians in the treatment of
chronic diseases has aroused much
enthusiasm in the Northwest.

This is said to be no doubt is
true, one of the most able specialists
organization of its kind in this sec-
tion of the country, and must be a
successful one from the many good re-
sults they are getting.

The United Doctors licensed by the
state of South Dakota, for the treat-
ment of deformities and nervous and
chronic diseases of men, women and
children, offer to all who call on
them, consultation, examination, and
advise free.

It is specially requested that mar-
ried ladies come with their husbands
and minors with their parents.

The name, United Doctors, is what
implies a union of specialists, twelve
in number that have gotten together
for the treatment of chronic and ner-
vous diseases. Not to be understood
that they treat all diseases that the
human body is heir to. They mean
to be very careful in selecting and
taking cases as they want good re-
sults, which means good returns in
the way of their patients recommend-
ing them to others.

They estimate that over eighty per-
cent. of the patients now coming to
them, come from recommendations of
those they have treated.

They do not treat any acute dis-
eases whatever, their time and atten-
tion being devoted to such diseases as
follows:

Diseases of the stomach, intestines,
liver, blood, skin, nerves, heart,
spleen, kidneys or bladder, rheuma-
tism, sciatica, diabetes, bedwetting,
leg ulcers, weak lungs and those af-
flicted with long standing, deep sea-
ted, chronic diseases, that have baffled
the skill of the family physicians,
should not fail to call.

According to their system no more
operations for appendicitis, gall
stones, tumors, or goiter. They were

among the first in America to earn
the name of the "Bloodless Surgeons,"
by doing away with knife, with blood
and with all pain in the successful
treatment of these dangerous diseases.

BELOW ARE THE NAMES
of a few of the many patients that
have many good things to say for the
United Doctors.

Grace Munk, Dell Rapids, S. D.,
catarrh and deafness.

Mrs. O. G. Anderson, Mina, S. D.,
