JUNIORS DEFEAT SENIORS

Fast Game Won By the Juniors by a Score of 21 to 23

Last Tuesday night in one of the fastest games of basket ball that has ever been played in the Bedford Hall the Juniors won the championship of the high school by a score of 21 to 23.

The Senior team was made up mostly of the high school team this year and the Juniors of the second team. The Juniors won by good hard consistent team work and fair play, the Seniors relied too much on rough work but on the whole it was a well played, clean fought game through out.

At the end of the first half the score stood 10 to 14 in favor of the Seniors, but shortly after the second half started the Juniors began to climb and at the end of the last half the score stood 21 all. When the score was tied up, the two captains decided to play until one team made two consecutive points which the Juniors did after about one minute of play.

For the Seniors Bobby Roberts and Donald Judd played good ball, and for the Juniors all played well together and all stars.
