ON THE DEFENSE

THE SITUATION IN OLD MEXICO HAS NOT IMPROVED VERY MUCH YET.

REBEL VICTORIES IN NORTH

Cutting of Railroad from Tampico to San Luis Potosi Promises to Leave Engines Without Fuel and Tie Up Traffic.

Mexico City.—What may become for the government a more awkward situation than that caused last week by rebel successes in the north was the cutting of the railroad from Tampico to San Luis Potosi. Over this route all the fuel oil used by locomotives is moved and now it will be necessary to ship from Tampico to Monterey.

The Tampico-Monterey line has been temporarily repaired. If this is cut again and the rebels prevent repairs between Tampico and San Luis Potosi it will be necessary to use the west coast port as a makeshift. The oil on hand is sufficient for only two or three days. Any condition that would prevent further supply would result in the practical suspension of transportation.

The last week has shown little, if any, improvement in the situation for the government. Descriptions have continued, more troops have been mobilized in the north and in the state of Morelos, but with a few exceptions they have been unable to act except on the defensive.

The Capata forces are active and do not seem to hesitate to attack. The Escobedo garrison was reinforced by Pascual Orozco, Jr., with 200 men. Torreon has been isolated. Gen. Tellez, in command of the operations around Monterey, has made only questionable gains. The government does not admit reverses in Sonora or at Reynosa.

SEVERE RIOTING IN ARIZONA.

One Man Dead and Another Hurt in a Race War.

Globe, Ariz.—One man was stoned to death and another seriously hurt in a race war at Miami, six miles below Globe, between Americans and Mexicans.

A crowd of Americans were the aggressors, and three of them are in the county jail here. A band of Americans determined to run the Mexicans out of the town and the first they encountered were Jose Perez and M. Orta. The Mexicans were chased through many of the streets until they dropped with broken heads. Perez was taken to a hospital. A free for all fight, in which about fifty men took part, followed, and not until the arrival of Sheriff Frank Haynes and a posse from Globe did the rioting cease.

The officers were threatened by the mob, but with drawn revolvers they made their way through the mob and arrested the alleged ring leaders, J. Brown, Harry Leary and C. Jones. Feeling still runs high, but it is believed the determined attitude of the sheriff will prevent further trouble.

Visited by Jack Frost.

South Haven, Mich.—After a careful examination of hundreds of orchards in the southwestern Michigan fruit belt, well posted fruit growers declared that one-half of the bumper crop promised of everything but late fall apples was killed by the frosts of Friday and Saturday nights. There will be no early strawberries or pears, they stated, though the later varieties were less seriously affected. Smudging was resorted to in many places, but generally proved ineffectual, as the frost had penetrated the orchards before they could be warmed.

Nations Urged to Join.

New York.—The nations of the world are urged to join the United States, Great Britain, Canada, Newfoundland and Australia and the municipality of Ghent in making the celebration of 100 years of peace among English speaking peoples signalize a new era of international good will. The invitation was issued by the international conference now in this country.

Storms in Kansas.

My City, Kan.—One man was killed and another severely injured by lightning during a storm near Fern, twenty miles northwest of here. All southern Kansas was visited by electrical storms early this week, but little property damage has been reported.

CHURCH IS TARGET

SUFFRAGETTES PLACE BOMB IN ST. PAUL'S CATHEDRAL IN LONDON.

VERGER FINDS THE EXPLOSIVE

Removes Infernal Machine After Hearing Ticking Sound Near Altar—Newspaper Office and Drug House Also Menaced by Explosives.

London, May 9.—Swift reprisals came from the militant suffragettes following the defeat of the bill giving women the ballot Tuesday in the house of commons.

The "arson squad" and the "bomb squad" were quickly at work. Police precaution had been greatly increased in anticipation of retaliation, but the women plotters were too adroit. Manifestations of suffragette terrorism Wednesday were:

Planting of an infernal machine in St. Paul's cathedral, probably the most cherished building in Great Britain.

Bomb placed in the entrance to a newspaper office in Fleet street.

Bomb on the steps of a wholesale drug house.

Burning of a pavilion in the cricket field at Bishop's Park, Fulham, West End of London.

Firing of a vacant house at Finchley, north of London.

Firing of timber-yard at Lambeth.

A plot to wreck St. Paul's cathedral by a bomb is attributed to the militant suffragettes. The verger who conducted night-vigils through the massive edifice was making his rounds when he heard a ticking sound near the high altar.

He found hidden a heavy parcel done up in brown paper. He immediately placed it in water and handed it over to the police, who found a suffragette newspaper wrapped up with the bomb.

Shortly after the discovery at the cathedral the police found a similar bomb-like package on the steps of a newspaper office in Fleet street, and a tin canister believed to contain explosives was picked up on the steps of a wholesale drug establishment near St. Paul's.

The defeat of the woman suffrage bill in the house of commons is generally attributed by the newspapers to the women themselves—the militant ones, whose lawbreaking tactics alienated the sympathies of suffrage supporters.

The Times says that the embarrassment that the militants have inflicted on the cause lay like a dead weight over the whole course of the debate on the bill in the commons.

WOULD HAVE ANOTHER STATE

Pacific Coast Solon Aims to Have Additional State Calling New One "South Cafeteria."

Sacramento, Cal., May 7.—A proposal to divide the state of California at Tehachapi pass, naming the northern half "California" and the remainder "South Cafeteria" is made in a resolution introduced in the senate by Senator Stanford, Democratic national committeeman.

The resolution sets forth that California is inadequately represented in the United States senate, as compared to the New England States, and that some means should be provided for giving the area additional senators.

The resolution provides for submitting the question of division to the people at the next general election.

HELD AS TRAIN BANDIT

Man Giving Name as Louis Watson Arrested in Grading Camp Identified as Robber.

Kansas City, Mo., May 7.—A man who gave the name of Louis Watson was arrested in a grading camp near Birmingham, Mo., and identified positively as the Kansas City Southern train robber by Jesse M. Short, the Joplin miner. The identification was made by Short at the hospital here, where he is recovering from wounds received the night of the holdup. Short said that he would know the man among a thousand.

RASMUSSEN PARTY IS BACK

Greenland Expedition Returns to Faroe Island After an Absence of Three Years.

Copenhagen, May 7.—A message from Thorshavn, Faroe islands, announces the success of Knud Rasmussen's Greenland expedition, which returned there after a three years' absence.

At Peary Land the Danish explorer found large numbers of seal and musk oxen, which provided ample supplies. Where the Peary channel was supposed to be he found a large tract of land free of ice.

Irish Home Rule Bill in Again.

London, England, May 9.—The home rule for Ireland bill was reintroduced in the house of commons Wednesday by Premier Asquith and read a first time under the standing order of the house, which debars debate.

Honor Conferred on Priest.

Plot on Alfonso's Life.

Barcelona, Spain, May 8.—Letters have been received at Barcelona which indicate that Spanish anarchists contemplated an attempt against the life of King Alfonso either in Paris or on his way there from Spain.

Five Men Victims in Ohio.

Cleveland, O., May 8.—A cool breeze Sunday brought the first rattle in four days from the menacing weather of the past few days. This city has ever known. Five persons are dead as the result of the tempest.

GOVERNOR JOHNSON SIGNING ALIEN LAND LAW

The photograph shows Gov. Hiram Johnson of California at his desk in the capitol signing the alien land law in which the administration at Washington took a deep interest on account of the possibilities of foreign complications.

GOMPERS TO PRISON

DOUBT UPHELDS SENTENCE, BUT REDUCES TERM.

Union Chief Given 30 Days—Mitchell and Morrison Are to Pay \$500 Each.

Washington, May 7.—The sentence of twelve months given Samuel Gompers in the Buck Stove & Range company contempt case was reduced Monday by the District of Columbia court of appeals to 30 days in jail. John Mitchell, sentenced to nine months, and Frank Morrison, to six months, had their sentences remitted and fines of \$500 imposed.

The chief justice of the court, dissenting, held that the entire contempt judgment should be reversed.

The lower court gave Gompers one year, Mitchell nine months and Morrison six months without option of fine. All were convicted of violating a court injunction in the noted Buck Stove and Range case.

An appeal from the decision will be taken to the Supreme court of the United States, if attorneys for the labor leaders can find grounds on which to ask the highest court to review the judgment.

The contempt was alleged to have been the publication of the name of the Buck Stove & Range company in a so-called "boycott list" in the American Federation of Labor's magazine after it had been forbidden by the court.

FOUR POLICE ARE GUILTY

Former New York Inspectors Convicted of Conspiracy to Obstruct Justice—Trial Bares Grift.

New York, May 8.—Former Police Inspectors Dennis Sweeney, John J. Murtha, James Hassey and James Thompson were Tuesday found guilty of conspiracy to obstruct justice by a jury before Supreme Justice Seabury.

The verdict was returned after the jury had been out 32 minutes.

The verdict of guilty marks a long stride in the graft investigation conducted by District Attorney Whitman. The case of the four former inspectors, now captains under suspension, was felt to be the most important to be brought to trial following the long list of sensational exposures in which men close to the graft ring literally fell over each other to turn informer with the hope of saving themselves.

After the verdict had been returned Justice Seabury ordered the four police officers returned to the Tombs to await sentence.

SEEK TO CONSERVE HUMANITY

President to Call Conference to Awaken Public to Importance of Preventing Disease.

Washington, May 7.—A national conference for the conservation of human life will be called by President Wilson next fall, as the result of a conference between the president and committees of the American Medical Society and the Citizens' Public Health committee.

The aim of the conference is to awaken the public throughout the country of the importance of disease prevention, and to spread knowledge of the means of prevention.

Plymouth, Eng., May 8.—A wireless message from the liner Oceanic Tuesday stated that Morris G. Rabitz, an American, jumped overboard and was drowned. The Oceanic sailed Saturday for New York.

Assassin of King a Suicide.

Athens, Greece, May 8.—Alexis Shinas, who assassinated King George of Greece March 18 at Salonika, committed suicide Tuesday by flinging himself out of a window of the police station in that city.

MANY FLEE FLAMES

FOREST FIRES IN SOUTHERN STATES MENACE VILLAGES AND CITIES.

NUMBER OF PERSONS MISSING

School for Feeble-Minded at Kingston, N. C., Attacked by Blaze, But Firemen Rescue Inmates—Fear Attack From Wild Animals.

Norfolk, Va., May 8.—Forest fires which have been raging for many days on both sides of Dismal Swamp, broke through their confines and despite frantic efforts of hundreds of volunteer fire fighters, are now menacing many villages and cities in Virginia and North Carolina.

Reports received here state that many homes have been consumed by the flames and in sections where the fire suddenly made its appearance hundreds of families have been driven from their homes. The smoke is so dense that the sun is practically obscured for a radius of 50 miles, and families living near the fire zone close their doors and windows at night, fearing the smoke will choke them while they sleep.

Flames twice ignited the state school for the feeble-minded at Kingston, N. C., but volunteer firemen rescued the inmates and saved the building.

The John L. Roper Lumber company and the Richmond Cedar Works, both of Suffolk, Va., estimate their losses in timber destruction at over \$100,000.

The fire has driven wild animals into the open, and they are devouring chickens and cattle belonging to farmers, while parents are in fear that they will attack their children.

KING YIELDS UP SCUTARI

Nicholas Decides to Abandon Albanian Fortress When Austria Threatens and Powers Bring Pressure.

Cettigne, Montenegro, May 7.—King Nicholas of Montenegro Monday decided to evacuate the fortress of Scutari in response to the demand of the European powers.

The Montenegro cabinet has resigned, which action is generally regarded as a protest against the policy of relinquishing Scutari.

When he took possession of Scutari on April 23, after a six months' siege, which cost the lives of thousands of Montenegrins and Turks, Nicholas declared that he would hold the city until the last drop of Montenegrin blood had been spilled.

THINK AIRMAN A SUICIDE

Believed That Aviator Charles Carlson Deliberately Sent His Aeroplane Hurting to Earth.

Akron, O., May 7.—Friends declare that Charles Carlson, Milwaukee aviator, who Monday at Silver Lake fell from his Curtis biplane, committed suicide.

Carlson, 150 feet up in the air is thought to have deliberately shut down his engine and then, gliding to within fifty feet of the earth, deliberately tipped his airship over, thus plunging to a premeditated death.

Names Mitchell for Collector.

Washington, May 9.—John Purroy Mitchell, chairman of the New York board of aldermen and candidate for mayor, was Wednesday nominated by President Wilson to be collector of the port of New York.

Two Hurt in Rail Wreck.

Cleveland, O., May 9.—Engineer W. W. Farley of Bellevue and an express messenger were hurt when a Nickel Plate passenger train was derailed Wednesday at Florence. No passengers were injured.

3,000 Gas Employees Strike.

San Francisco, May 9.—Three thousand employees of the Pacific Gas and Electric company went out on strike following the refusal of the company to grant a salary increase of 25 cents a day.

Two U. S. Officers Killed.

Pikeville, Ky., May 8.—Two special deputies were killed and United States Deputy Marshal Mark Potter, of Pikeville, seriously wounded in a battle Sunday with moonshiners on top of Cumberland mountain.

ALIEN BILL IS PASSED

CALIFORNIA ADOPTS MEASURE OBJECTED TO BY JAPAN.

Bryan on Behalf of President—Democrat's Webb Law Be Submitted to People.

Sacramento, Cal., May 6.—By a vote of 26 to 2 the senate early Saturday passed the Webb alien land ownership bill and late at night the assembly also adopted it. The bill was signed by Governor Johnson and is now a law.

Only three votes were cast against the measure in the lower house, one Democrat and two Republicans members opposing the bill on the final passage. The roll call was held less than twenty-four hours after the final passage of the act in the senate.

Secretary of State Bryan concluded his mission to the governor and legislature of California with a message of farewell.

In summing up, Secretary Bryan rehearsed the objections and suggestions of the president, already made public and concluded:

"You are fortunate in this state in having the initiative and referendum. The initiative spurs you on to do that which you believe your people want done while the referendum empowers those for whom you speak to put their veto upon your acts if you fail to reflect their wishes. It may be assumed, therefore, that if you feel it your duty to enact any legislation on this subject at this time your people will either manifest their approval by acquiescence or their disapproval by submitting your action to the judgment of the voters by means of the referendum.

"I leave you with renewed assurances of the president's friendly concern in the subject with which you are dealing and my appreciation of the kind reception which you have accorded to me as his spokesman."

SOLONS SEE BOXING BOUT

Illinois Lawmakers Attend Entertainment Given in Interest of Bill to Legalize Fistic Battles.

Springfield, Ill., May 7.—Members of the Illinois general assembly, state officials and Mayor Carter H. Harrison of Chicago, witnessed a boxing bout at the Artion hall Tuesday, held in the interest of Senator Carroll's bill legalizing ten-round boxing matches in the state of Illinois.

In all, about fifteen hundred persons crowded into the hall to see four bouts, in which Packey McFarland and Johnny Coulon of Chicago and other noted fighters participated.

The bill offered by Senator Carroll legalizes boxing matches in the state of Illinois and provides for the appointment of a commission of three members, to be named by the governor, who shall have charge of all battles.

The commission and the 126 veterans from this state there will be about 150 Civil War veterans and their friends on the train.

The commission will hold a session during the state G. A. R. and W. R. C. encampments held in June in Aberdeen.

NEWS FROM FAR AND NEAR

Weehawken, N. J., May 8.—Flashes Tuesday destroyed three floating bridges, ten cars loaded with merchandise as a portion of a pier jutting into the Hudson river, causing a loss of about \$200,000.

New York, May 8.—Paul Arthur Spector, millionaire horseman and society man, died early Sunday at his home, 12 East Eighty-seventh street. Death was due to dilation of the heart. Mr. Sorg had been ill three weeks.

Washington, May 7.—Former Sergeant John Walsh, U. S. A., started for Columbus, Ohio, on the last lap of his official test in army shoes. He will take a roundabout course and add many miles to his string. He already has covered 5,000 miles.

Christiania, May 7.—The storthing voted to Capt. Roald Amundsen, discoverer of the south pole, a life annuity of 6,000 kroner (\$1,620).

Columbus, O., May 7.—The supreme court passed upon another of the Darke court graft cases affirming the four-year penitentiary sentence imposed on E. K. Lott of Greenville, who as county commissioner, was convicted of a voucher for bridge work that was never done.

Huntington, W. Va., May 7.—One man was shot in the head and seriously wounded and several others slightly injured during a riot when an attempt was made to break up a mass meeting of socialists called to protest against the coal strike in the coal strike district of Kanawha county and the imprisonment of labor leaders.

Washington, May 8.—The question of whether medical science is getting the best results from the methods now employed in the fight against the great "white plague" will form the keynote of the discussion of the National Association for the Study and Prevention of Tuberculosis, which convened here today for its ninth annual meeting.

Portugal Expels "Vags."

Lisbon, May 7.—The police are expelling vagabonds from Portugal. The steamer Cabg Verde Monday carried away to Africa 62 men from the Lisbon civil prison and 31 from the Monsanto fortress.

Launch German Dreadnaught.

Hamburg, Germany, May 7.—A new dreadnaught was launched here Monday to take the place of the old Kaiser Friedrich Wilhelm, sold to Turkey in 1910. The boat was christened Grosser Kurfaerst.

Harvester Hearing at St. Paul.

Harvard to Study Cancer.

Cambridge, Mass., May 7.—The effect of radium in the treatment of cancer, is to be made the subject of special investigation at Harvard Medical school under the direction of Dr. William Duane.

FIVE NAMES PASSED

WILSON SENDS IN SOME DAKOTA POSTMASTERS — SENATE WILL PASS ON THEM.

From the Capitol City, the Various State Institutions and From Many Different Parts of the Sunshine State.

OTHER ITEMS OF INTEREST

Washington, D. C.—The persistent efforts of Democratic State Chairman James Coffey to jar loose some of the postoffice appointments which his organization had recommended were rewarded by five nominations which the president sent to the senate. They were as follows:

Beresford, William Brady. Eureka, George C. Knickerbocker. Groton, W. R. Vetch. Menno, Dennis Foley.

Aside from the long list of postoffice nominations only a few other names were sent in, and these were from the treasury, state and interior departments. There was none from the department of justice, and this was disappointing to Mr. Coffey and National Chairman Tom Taubman, who have been trying to get action on their recommendation of Robert P. Stewart of Deadwood for United States attorney.

Liquor Statute Interpreted.

Pierre.—Attorney General Johnson holds that under the present state laws a saloon man can legally sell liquor on election day. This announcement was made in response to an inquiry from State's Attorney Sergeant of Potter county, who calls attention to the conflicting provisions of chapter 222 of the laws of 1911, and of section 2847, of the political code. The law of 1911 allows saloons to be opened after the hour of 6 o'clock on election day, but does not say anything about selling, while the provisions of the code prohibit the sale of liquor on election day, without regard to hours. It is held, in effect, that the right to keep open carries the right to sell, and that the session law amend that portion of the code covering the open hours and selling in such hours.

On inquiry from Roberts county the attorney general holds that there is no legal authority for division of interest and penalty on delinquent taxes between the state and county general fund, which appears to have been the rule in that county, but that such payments are due to the different taxing districts as a part of the tax collected.

Fine Train for Veterans.

Selby.—South Dakota will have one of the finest trains in the union for the transportation of veterans to the fiftieth anniversary of the battle of Gettysburg the latter part of June. This statement was given out by A. J. Kingman, secretary of the South Dakota Gettysburg commission, after a conference with railroad officials of the east regarding the transportation problem. The train will consist of twelve sleepers, two diners, an observation and a baggage car. The train will be made up at Mitchell on the morning of June 29 and will run over the Milwaukee lines to Chicago, the Pennsylvania lines to Harrisburg, and the Western Maryland to Gettysburg. The train will remain in the east until the close of the celebration when it will bring the veterans home.

In addition to the governor and his staff, the commission and the 126 veterans from this state there will be about 150 Civil War veterans and their friends on the train.

The commission will hold a session during the state G. A. R. and W. R. C. encampments held in June in Aberdeen.

Will Appoint Three Commissioners.

Pierre.—Under the new highway commission act of the last session the governor will be called upon to appoint three highway commissioners for the state between now and the first of July, who are officers without salaries. The Democrats of the state are pushing Ben H. Wood, as the man of their party whom they want upon that list. While no applications or endorsements other than that of Wood have been made the probabilities are that when the list is announced such highway boosters as E. C. Isenbuth or J. W. Parnley will be selected, but there is nothing more than guess in regard to these men.

To Precede the Towns.

Pierre.—Instead of going to established towns, a number of banks in the northeastern part of the state will be started on the proposed line of a railroad and will wait for the railroad and towns to come to them, according to plans made known here. The locations of the banks are designed on quarter sections.

Over 50 Per Cent Passed.

Pierre.—The state educational department has completed the marking of the papers for the April teachers' examinations, and finds that a small margin over 50 per cent of the applicants passed upon their showings.

Recommends Clemency.

Pierre.—The state pardon board has recommended the reduction from 12 to five years of the sentence of Elmer Stumbaugh, sent from Butte county on a charge of manslaughter.

Resigns as Assistant Fire Marshal.

Pierre.—E. I. Lampy of Watertown, has resigned as assistant state fire marshal, which he has been for some time, and has been appointed as assistant executive accountant, and left for Chamberlain to examine the books of the county treasurer of Brule county, on request of the board of commissioners of that county.

No man, ever discovers his true powers of locomotion until he starts in the moral and financial down grade.—Puck.

Incorporation Articles Are Filed.

Pierre.—Articles of incorporation have been filed for the Lane Mortgage company at Dolton, with a capital of \$25,000; incorporators, Edfar C. Lane, Ray Lane, Will A. Lane, Dolton; E. L. Boner of Guthrie Center, Ia.

The Gerling Manufacturing company, for the manufacture of gasoline engines, with headquarters in Chicago; incorporators, E. A. Gerling, Portland, Ore.; J. P. Minick, F. S. Wundslow, Chicago; John A. Holmes, Pierre.

The Revillo Farmers Telephone company, with a capital of \$5,000; incorporators, Hugh Ray, Fred C. Bier sacher, Charles Miller, Henry Brieting.

The East Indian Rubber company, with headquarters in Chicago and a capital of \$20,000; incorporators, Edward Walham, Ernest Willried, of Chicago; Edward Willys, Sioux Falls.

Vincent Appointed County Judge.

Pierre.—Gov. Byrne has appointed Frank Vincent of Alexandria county judge of Hanson county to fill the vacancy caused by the removal of P. A. Zollman from that county to Mitchell.

Construction Work Assured.

Mitchell.—That the Fairmont-Veblen railroad is to be constructed seems to be an assured thing, judging from the activity of the promoters. A mortgage for \$350,000 was recorded in Roberts county by the company, the funds from which are to be used in putting the road across the north end of the county. Work on the construction of the line at other points along the right of way will begin at once, contracts having been let to Messrs. Broadlander of Lidgerwood, N. D., and Whittier of Minneapolis, while the Gilbert Manufacturing company of Aberdeen has the contract for placing the concrete culverts. Further evidence is shown by a number of capitalists in the state securing charters in blank from the state banking department for the establishment of state banks along the line of road, the names of the towns to be filled in when they are located.

Caught in Land Cases.

Sioux Falls.—A. D. Shepard, cashier of a bank at Colome, S. D., has completed a jail term here, imposed in United States court, because of alleged fraudulent methods in acquiring homestead land in Tripp county, this state. He was given a sentence of five months, but served an extra thirty days because of taking the poor debtor's oath that he is unable to pay the fine of \$2,500 assessed against him. O. L. Bowersox, cashier of another bank at Colome, and his mother, Mrs. D. B. Bowersox, have another thirty days yet to serve because of similar transactions. D. B. Bowersox received a sentence of eleven months and will not be out of jail until fall. Mr. and Mrs. D. B. Bowersox were each fined \$5,000 in addition to their jail sentences, but they will resist these payments on account of declared inability to pay.

Physicians' Publicity.

Lead.—Hereafter physicians of the Black Hills will not regard the ban on publicity by their members as strictly as has been the custom and modern ways of advertising the ability to cure and heal will be permitted. The lifting of the
