1913-1914.

When little 1913 knocked at the door it was grudgingly opened because of the last half of his name. He was not given the joyous welcome usually accorded to the New Year. A prediction had preceded him that he would bring unhealed calamities, evils all too horrible to contemplate. As time passed and we became more accustomed to his presence we grew to think less of the fateful 13 and found the youth growing into a normal child, not unlike others. With him came sunshine and showers, which brought bountiful harvests and prosperity such as had never been known in our land. Great plans for the betterment of all conditions, social and national, were born in the heads of great men and developed for the benefit of all humanity. The whole world was growing better under the regime of 1913, and all learned to love him. True there were disappointments and fatalities as in other years, no more, no less, and as we retrospect we are sorry to have him go. It brings us face to face with the truth that we have passed another mile stone and are nearing the setting sun. The earth we live on grows more beautiful as we view it with receding vision.

We forget the sorrows that are past and recall only the pleasures we have known. Friends grow nearer and dearer as the silver of the moonbeams fall upon their hair, and as they pass away from us, like 1913, who grew to be old too, we love the memory of all.

Now another lusty youngster is at the door. It is 1914. With ringing of bells he is welcomed. There is no hoodoo attached to him so everyone is hopeful and happy. What he has in store for us remains for the future to unfold. Let each of us live our best, live "so that each to-morrow will find us better than to-day" and if it be our portion to travel the journey through with 1914 and welcome his successor may we be able to look back on a well spent year, one that has

no memories to cause regrets. The future is in God's hands. So trusting and hopeful we face it. If storms overtake us He will cover us with the shadow of His wings. If He calls, and He calls only when life's duties are done, there is a place where time is merged into eternity and the loved and lost are there. Whatever it be, wherever we are, we are here to-day and wish to all the world the happiest of all New Years.

Paul S. Paulson of Norway township was in Hudson on Wednesday, shaking hands with his many good friends. Mr. Paulson is rather on the fat side as many of his friends are urging him to become a candidate for the state legislature, but he has not yet fully decided whether to make the race or not. Four years ago Mr. Paulson lacked but a few votes of getting elected and he certainly would prove a strong man at this time, for he is one of the younger class of wide awake hustlers in the county, a young man who grew up in the county and who is popular wherever he is known, and who is capable in every respect of truly representing the interests of his constituency. Norway township is entitled to some representation surely and could not do better than to send Mr. Paulson to the legislature for he would receive strong support in every part of the county.—Hudsonite.

Mr. Paulson was in Canton Monday and from the smile on his face one could imagine the greeting he received from his county seat friends. It is generally conceded here that he is good legislative timber, and his announcement as a candidate will soon appear if he can be persuaded to enter the race, as we believe he will be.

The announcement of A. J. Wimple as candidate for the legislative nomination will be read with great satisfaction by his many friends in Lincoln Co. No words from the LEADER are needed to introduce Mr. Wimple. He is a large factor in all that is best here. He was one of the originators of the LEADER and for a time its editor. He has always been for the people and is as true as the magnet to the pole.

The formal announcement of Hon. H. H. Cable is in this week's LEADER. He has served the people before in the office he seeks, and by his works is known. He was a safe representative and was a large factor in passing the famous divorce law, requiring a longer legal residence in the state before unhappy or inconvenient marriage vows could be set aside.

Bert Reeve, editor of the Howard Democrat, and editor Bennett of the Yankton Herald now write P. M.

Oscar and Floyd Thompt spent several days last week at Canton and Sioux Falls on business matters, returning home on Saturday.

Young Frankie Cable had a runaway with the mules on Tuesday as he was going from town to Marion Cable's place, and the mules strung him out in good shape spilling him by the wayside, and cutting his lip and bruising him about the face quite considerably. He was picked up and the doctors being gone he was taken to Doc Okey's office who fixed the lad up as good as any doctor could have done it.

Miss Amanda Clement arrived on Tuesday for a two week's vacation, much to the joy of her mother and of her many good friends in Hudson. Miss Clement has been mighty busy down in LaCrosse, Wisconsin, where she is physical directress at the Y. W. C. A., and where she is a great favorite with everyone in town, especially with the children who think there is no one like her. She certainly has made good most emphatically and has proven her ability in the position she occupies, and along a line of work which she loves very dearly.—Hudsonite.

At the M. E. Church

With the beginning of a New Year it is customary to make new resolutions and begin a clean record for another year. Would it not be a good plan for everybody to determine that for one thing they would be regular in church attendance. Each member loyal to his own church and Sunday school and if not a member of the church, would attend where they felt most at home. The greatest interests in the world today are those that center about the kingdom of Christ. The Master said "Seek first the kingdom of God and his righteousness and all these things (the temporal needs) shall be added unto you. The theme at the M. E. Church next Sabbath morning will be "A New Year's Message". In the evening the theme will be "This Life a Preparation for the Life That is to Come." Everybody is cordially invited to these services.

Mr. and Mrs. Earle Crawford, Wm. Hoffman and family and Mrs. Norgard were Christmas dinner guests of Mr. and Mrs. Chas. Morgan. Little Dale Morgan's Christmas tree is pronounced by all who have seen it the handsomest decorated tree they have ever seen. Mr. Morgan is manager of the Sioux Valley Power Company and he used his knowledge of electrical decorating to make his home beautiful and his son happy and he certainly succeeded.

Joe Jul left for Winnipeg Christmas morning. He reached there a little too late to eat a Canadian goose for his Christmas dinner, but no doubt had some later, and we believe he was able to convince the Canadians it would be easier hunting in automobiles over good roads, and that the United Traction Company Road Drags are the only drags constructed that will make Canadian soil as smooth as asphalt pavement.

**Colds to be Taken Seriously.**  
Intelligent people realize that common colds should be treated promptly. If there is sneezing and chilliness with hoarseness, tickling throat and coughing, begin promptly the use of Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold and stops the cough which causes loss of sleep and lowers the vital resistance.

## Obituary.

The many friends of Edwin Hammit were greatly shocked and saddened to learn of his death, which occurred at eight o'clock Saturday forenoon, December 20th, when he was apparently on the road to recovery.

The thought that Ed. Hammit with his pleasing address, his words of good cheer, his ever willingness to lend a hand, will never again mingle with us is difficult to grasp. With the exception of the first four years of his life, which began April 6, 1875, spent in his native state, Illinois, he has always lived in Canton.

Having clerked in several stores for years and also serving as assistant postmaster for a time his acquaintanceship was extensive, and his friends were numbered by all who knew him.

At the age of nineteen he became a member of the Methodist Episcopal church and was ever active in the church work. Faithful to every trust reposed in him.

In June 1903, at Canton, he was united in marriage to Miss Stella Burns. The home was blessed with two children, Gerald and Meda, who with the mother survive the father. He is also survived by his parents, Mr. and Mrs. H. L. Hammit, two brothers, William and James, and a sister, Mrs. Irma Ferris, all of Canton, and by a sister, Mrs. Mary Talbot, of Ottawa, Kans., all of whom were present at the funeral services.

The services were held privately at the residence, Tuesday forenoon, December 23, conducted by a Christian Scientist friend from Sioux Falls. During the last few months he was with us he had found sweet peace and comfort in this thought.  
Interment at Forest Hill.
