HIGH HILLS ON HIGH GEAR

The wonderful reserve power of its Overhead Valve Motor makes the Buick the greatest hill climber of them all and the expression, "you can make it on high with a Buick," is heard wherever hills abound. It takes power on the hills and we guarantee the Buick Overhead Valve Motor to develop more power than any other motor of equal - American or Foreign make.

THE BUICK

is the car that never hesitates, never refuses, it goes where you guide it. High hills, mud, sand, do not stop it. It has the power to make the grade and the strength to stand the strain.

Exceptional in fuel economy. The Buick Six has made 20.1 miles to a gallon of gasoline in public test.

Have regular hours for feeding your horse and give him sufficient time to eat.

Good breed, good feed and good care are essential in producing good dairy cows.

It would be a patriotic act to sow that weedy roadside to alfalfa or sweet clover.

A pound of mutton can be produced at less cost than any other kind of meat.

Hot bed sashes are usually 3 by 6 feet in dimensions, but smaller sizes may be used.

Sacrificing good mothers and breeders has put many a farmer out of the hog business.

Exercise is a better laying stimulant for the hens than heat-producing condiments.

Handle the brood sows so that the young pigs will begin to grow from the time of their birth.

Hogs running on alfalfa should receive grain rich in carbohydrates, for alfalfa is rich in protein.

The irritation caused by a poor driver lessens the ability of a good horse to do its best work.

If you are buying a horse, get him on a slow trot. Then, if ever, he will show any lameness he may have.

The worst thing about it is that the man "who has better birds at home" really believes what he says.

A weekly coal oil bath for nest boxes and roosts will not give lice and mites much of a chance to spread.

Be so careful in the choice of a blacksmith that it is not necessary for your horse to wear an interfering boot.

It is entirely possible that you may be able to double the income from your cows by selling half of them.

It pays to let the flock have plenty of nourishing food during the moult. Moulting is quite a strain on a bird's vitality.

There is nothing that produces stiffness, inflammation and unsoundness faster than standing still in a stall day after day.

The Houdan is a small-boned fowl, having a thick breast, and the flesh is tender and juicy. They make fine broilers and the best roasters.
