E. O. R. should be doing some good work at Huron this week.

The Million unemployed Mystery. Where have all the hoboes gone?

The Rumians take defeat like victory. Its just a matter of reaching Berlin with them.

South Dakota should have a little local pride, that is put a little more ginger in her politics and let the horror of war take care of itself.

The "made in Germany" labels on the many different articles in the United States are a little more conspicuous these days.

We should worry like Europe and have a little war. All the farmers in Lincoln county will make from \$20 to \$30 per acre on their cultivated land this year.

National Convention

Mrs. Luella Tucker Dept. Pres. W. R. C. returned Friday the 11th from attending the Thirty-second National Convention of the Womens Relief Corps held in Detroit, Mich., Aug. 31 to Sept. 5 and brings this report:

The Convention was well attended there being 458 voting delegates and as many more visiting members. Almost every State was represented, some as many as 30 delegates.

It was very interesting and instructive to meet with so many earnest loyal women all working for the same great cause, "Loyalty and Honor to the United States and the Veterans of the sixties, to the defense of and love for the stars and stripes and the teaching of patriotism throughout the land."

The trip was a very pleasant one, the South Dakota delegation going from Sioux Falls by special car. Dept. Headquarters secured by Dept. Com. C. A. B. Box at Hotel Charlevoix were commodious and comfortable and was the home of all South Dakota people while in Detroit.

The grand parade of the Grand Army of the Republic which took place Wednesday morning, was a sight never to be forgotten. 20,000 of the "boys in blue," marched to the old tunes played by numerous bands, many of which were the old army field and drum corps.

There were over 100 of the old army musicians present at the encampment.

I will not attempt to even touch upon the splendid appearance of the many Depts. as they passed in the long line, except to say that each was body of men worthy of the honor of every American citizen and examples of true patriotism to any country on the globe. Of course our delegation were especially proud of the South Dakota boys, forty strong with their "corn rifles," the badge of the Dept. of South Dakota, and always recognized as the veterans who braved the wilds of this part of the great west and who have helped to make the wilderness blossom as a rose.

Many pleasures were given us by the citizens of Detroit, free boat rides on Detroit river, splendid display of fire-works from Bell Isle park and other amusements too numerous to mention. I wish to especially mention the great value of the "Boy Scouts." They were every where to lend a helping hand, they all wore a badge which read "Ask Me," and what they did not know in the way of helpful information, they would soon find out. Many is the feeble veteran who will carry home with him the pleasant memory of the cheerful face and willing hand of the Boy Scout.

The people of Detroit certainly did themselves proud in taking care of the great crowd of visitors in so splendid a manner. In the Convention of the G. A. R. and W. R. C. most of the business was done during Thursday and Friday. The election being held Friday morning. The G. A. R. elected David J. Palmer of Iowa, Commander-in-Chief of the Grand Army. The W. R. C. electing Sarah E. Fulton, of Syracuse, N. Y., National President of the Woman's Relief Corp. The Convention of the G. A. R. closed Friday p. m. but the closing session of the W. R. C. lasted until midnight.

Many resolutions of importance were considered and those adopted that seemed best for the good of the Order. The Thirty-second National Convention of W. R. C. closed with the installation of officers, followed by address of farewell and congratulations to the new heads of our great Order who carry the responsibilities of the largest patriotic organization in the world.

Is Canton to have a Soldier's Monument

The W. R. C. have taken up the matter once advocated and discussed and determined that this city shall have a Soldiers Monument. We understand there is \$1500 dollars available on condition the monument be placed in the Court House square. The ways and means of the W. R. C. are not yet made public, but we hear it is their purpose to interest everyone in Lincoln County, even the school children, hoping thereby to raise a sum sufficiently large to erect a monument all will be proud of and worthy the respect to the memory of our soldier dead.

It is a very little thing to ask of our many people of Lincoln county, to take hold and make this a possibility. Canton can and should put up a suitable memorial to those who gave their life, offered their life, to save the grandest, most glorious country on earth, and surely patriotism flows as freely in Cantons elsewhere.

The W. R. C. are striving hard to make this a reality. We can all do our share if we will, and we will.
