Remains of the Late Willie Knudson Will Be Taken to Illinois for Interment by His Brother.

The remains of the late Willie Knudson will be taken East from Santa Rosa this morning by his brother, Attorney Charles O. Knudson, of Pasadena for interment in the family burying ground near Davis, Stephenson county, Illinois.

The deceased is the son of the late Thurston Knudson who first crossed the plains in 1852 and was a bosom friend of the late A. E. Horton, the founder of San Diego. He has been a hopeless cripple from boyhood with what is now known as infantile paralysis.

He lived to reach his forty-second birthday despite his condition and was a patient and resigned sufferer, not knowing any of the pleasures of childhood or manhood. While his death comes as a blow to the surviving members of the family it takes him from a world of pain and suffering to a better and brighter world beyond.

Mr. Knudson was accompanied here by another brother, J. C. Knudson, of Los Angeles, who goes to Eureka from here before returning to his home in the south.

The above clipping from the Nov. 4th Press-Democrat of Santa Rosa, California, refers to the brother of our former townsman, Attorney C. O. Knudson. He has the sympathy of his many old friends in our city.

A Proclamation By The Governor.

Executive Chambers, Pierre, S. D. Again the season is at hand when it befits all, God-fearing people to pause from their labors and in solemn contemplation and thankfulness take note of the many manifestations of Divine Grace during the closing year.

And at this Thanksgiving season—as indeed at all times—the people of South Dakota have every reason to be grateful, for the year now passing appears to have brought especial good fortune to our state and to us.

For the general advancement of a spirit of improved citizenship; for the enlarged cultivation of the ideals of life and of government; for the growing desire that our public affairs may be so ordered as to bring solid benefit to all our people, rather than to a special few; for the peace and good will which prevail amongst us; for the extension of education; for our contented homes and a happy and prosperous people, for freedom from the dread scourge of War; for these and other evidences of the favor of a benignant Providence, it is well that we devote a day to the acknowledgment of the manifold blessings which are ours.

Therefore, in accordance with the custom inaugurated by the Pilgrim Fathers and pursuant to the proclamation of the President of the United States, I, Frank M. Byrne, Governor of the State of South Dakota, under authority vested in me by law, do hereby designate and proclaim as Thanksgiving Day.

THURSDAY, NOVEMBER 25, 1915, and request and recommend that on that day our entire citizenry return

devout thanks to the Almighty, and in thought and deed, by right living and heightened devotion to God and country, let us prove ourselves worthy of his continued bounty.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of South Dakota, at the Capitol in the City of Pierre, this eighth day of November, A. D. 1915.

FRANK M. BYRNE, Governor.

By the Governor: Attest: FRANK M. ROOD, Secretary of State.

Augustana College.

The winter term at Augustana College will open immediately after Thanksgiving, Friday, Nov. 26th, and continue for four months.

If you are among those who have been working hard all summer and fall on the farm, getting your work off your hands so that you can spend the winter months at school, you are just the one we have been thinking about, and we have planned it so that you can begin just when your farm work is done, in the last part of November and get in an extra month of school before the holidays.

We have also planned shorter courses for you in such a way that you can begin from the beginning and carry the work forward as far as you can until "spring's work" calls you away from school again. Engage a room at once; they are going fast. 2114
