Our papers arrived in Canton on time this week together with a car of freight from Sioux City and as the yards were full the entire train was run back to Beloit and up to 2 o'clock Thursday it was still there although we were informed at 8 o'clock a. m. that a freight was then in Hudson and would bring the car up from Beloit. Rather than disappoint our hundreds of readers who are waiting for home news we print the paper as it is and will see to it that the serial is in the next issue so that none of it will be missed.

DEBATES

The debates Friday night between the affirmative team of Lennox and the negative team from here at Lennox and the negative debaters of Parker and the affirmative team of Canton here both brought victories to Canton High School.

Caldwell, a lawyer from Sioux Falls, their decision being 2-1 in our favor. When the decision was made there was such a riot of cheers for Canton that the building fairly shook. Both sides of the question were well debated and rebuttals were especially good. May the spirit that was shown at the debate continue in other affairs as well.
After the contest the debaters together with the judges, Mr. Wendt and the faculty were most royally entertained by the Seniors. It is needless to say that they had a good time.
