Notice of Annual Municipal Election Under Commission.

Notice is hereby given to the qualified voters of the City of Canton, South Dakota, that the annual municipal election under the law provided for "Cities Under Commission" is hereby called on the date, at the time and at the voting places hereinafter designated, for the election of officers of the City of Canton, South Dakota, for the terms herein named, as follows:

One Commissioner for the term of five years, for the office of Streets and Public Property.

And notice is hereby further given to the qualified electors of Independent School District No. 1, of Lincoln County, South Dakota, embracing therein said City of Canton, South Dakota, that at the date, the time and at the voting places hereinafter designated, there will be elected the following Directors of the Board of Education of said Independent School District No. 1, for the terms hereinafter named, as follows:

One Director for the term of Five years;

One Director for the term of Four years;

One Director for the term of One year, to fill the unexpired term of a duly elected director now vacant.

Said election will be held on Tuesday the 18th day of April, 1916, at which time the polls will be open from eight o'clock in the forenoon of said day continuously until five o'clock in the afternoon of said day at the various voting places in said city hereinafter designated and at said election there will be elected the officers above named.

Said election shall be held in the following voting places in each of the four wards of said city:

First Ward: In the basement of the Hotel Rudolph.

Second Ward: In the Sheriff's office in the Court House.

Third Ward: In the basement of the West Side School Building.

Fourth Ward: In the City Commissioners Chambers at the City Hall.

Dated at Canton, South Dakota, this 4th day of April, 1916.

Countersigned: M. Bennett, Mayor, George Hokenstad, City Auditor.

Notice.

Running horses, cattle, or other live stock on the public highway for grazing purposes is under the law considered not only trespass, but a common nuisance, so that it is hoped that residents of Canton Township will govern themselves accordingly. By order of the Board of Supervisors. Eng. Holter, Clerk. 43t3.

FARMERS LEADER OFFICE

HENS LAY FOR PROHIBITION.

State "Dry" Campaign Committee To See Every Farmer's Wife "Egg Week" May 25-31.

Mitchell, S. D., April 4 Getting the hens of the state to working for prohibition may seem like resorting to extreme measures to make a state "dry," and yet that is just what the "Egg Week" movement just launched here means, and it promises to be one of the most effective methods used by the dry organization as well as the most novel.

Realizing that the farmers' wives and other women are often neglected in such campaigns and believing that they would appreciate the privilege of helping make South Dakota dry, the State Prohibition Committee decided to ask every woman in the state raising chickens to give all the eggs her hens lay during the week of May 25 to 31, inclusive for this cause. This week a dozen women and half a dozen men start out to organize the state for the big egg drive. Local "Egg Week" organizations will be affected in all the towns of the state and an effort made to see all the women of the state during the week named and give them the dry cause.

Arrangements will be made to have a local representative in each town to receive the eggs. They will then be shipped to a central point and from there to a commission house. Already a large number of women have signed up and agreed to the plan and it is expected that there will be several thousand crates of eggs sent in to help in the fight against J. Barleycorn.

R. N. Hoagie, superintendent of the campaign, said today that he expected a generous response to the suggestion "As fast as the names and addresses of the women come in," said he, "we shall begin sending up-to-date information to the contributors regarding poultry raising, how to increase the egg yield, etc. Poultry magazines and government reports will also be sent so that our friends will see we are trying to help them while they help us."

According to the published reports there were 30,000,000 dozen eggs produced in this state last year and it is estimated that these reports represent only about 50 per cent of the actual yield. One week of faithful work on the part of the hens of the state would produce at the season of the year selected for "Egg Week" 600,000 dozen eggs.

The Highland Township Case.

THE FARMERS LEADER:

Please allow me space in your paper to correct a false impression caused from reading the mis-leading article in last week's Sioux Valley News entitled, The Lukken, Highland Case.

I wish to say in the first place that this is my first attempt at newspaper writing. And I do not care to and probably shall not attempt any further public discussion of the matter.

In order to keep the record straight he assumed in his article, to use the language of one of our brilliant attorneys, (this is a beautiful time to show the mossbacks on our township boards and those having charge of the roads, that they can not continue to squander our auto license money and Road Tax funds) Now as to the truth of the matter, Highland Township did not receive one cent of the Auto License money last year. In 1914 we received \$120 of that fund which did not pay for the dragging that was done in the township that year. And further if he had looked into the matter he would have known that the County Board has the sole power to say, how and where the Auto License fund shall be used.

Our township paid out last year for work on the roads, more than \$1500 of its own funds, and I believe we received value for the money spent. Now, I do not wish to be understood as saying that Highland Township roads are all good, I know that our cross roads have been too long neglected, but we have been under the law trying to build up our main traveled roads first. Under the present road law we can compel no one to work on the roads. They pay their road tax in cash. While we pay 50c per hour for man and team, they work or not as they please. We pay \$3 per day for road boss, but can hardly find anyone to take it at that. These prices are more than are fixed by law, yet it is no object.

This article is written for the reason that I believe that Highland Township roads will compare favorably with any township in this part of the State. And for this reason that I consider it a slur upon the township and all other townships that are honestly trying to build up their roads with the means at their disposal by one whom I venture to say has never worked on the roads one hour in his life and could not tell a road scraper from a road grader.

Yours truly,
J. D. Hicks.
