The Leader goes into the majority of homes in Canton and surrounding territory making it a valuable paper for all advertisers.

How many bird houses have you put up on your premises?

The Panama canal is once more open for traffic so if you have anything to ship that way send it along now as there is no telling how soon it will be closed for repairs.

We received a list of reading matter pertaining to Shakespeare too late last week from the library to be used by those who wished to observe his birthday but then his fame needs no oxygen treatment to keep it alive.

The paper situation seems to be growing worse every week. While here the other day the representative of a big Omaha paper firm received a telegram from his home notifying him to take no orders whatever for certain sizes of white print paper.

We believe the Vermillion candidate for congress will lose some supporters when the newspaper boys of the district see his printed matter done in a Washington shop. If he wants the boys to work for him he will have to give them some of his work.

Read this teamsters. The Minnesota Agricultural College has upset the belief that the horse that lags behind is the one that is not pulling its share. They have proved that with a ton load the horse that has the evenest eight inches ahead only pulls 985 pounds while the horse that is slower is pulling 1012 pounds.

Because you have voted at a township meeting is no sign that you will be allowed to vote at the coming primary. It is absolutely necessary that you place your name on the card. Another woman is sending to all unregistered voters so that their names may be placed on the lists.

Now is the time to get after those little yellow dandelions that make your lawn look hideous in the good old summer time and makes your neighbor "here" after he has labored hard to rid his own lawn of them and you let yours go to seed and scatter all over the neighborhood. The plants are easy to find now and if you start at once it will be an easy matter to get rid of them. Do it now.

Our exchanges are telling of a chuck hole club that has been started out in Lyman county. Every automobile owner agrees to get out and fill at least one chuck hole a month. Others take out a load of good road enthusiasm and shove it and they fill up as many bad places in the roads that they can in the time they have to spare. It would be a pretty good idea to start one here at the county seat and set a good example to the rest.

When the progressive political wave washed over the country several years ago it drowned a lot of machine politicians who had effected combinations between business and politics that were a mighty poor thing for the country. The change was good for everybody, since reputable business interests were awakened to the necessity of cutting loose from the leeches that had grown fat by means of leading the innocents to believe the false theory that Congress and legislatures need to be manipulated. Thank

heavens, such old-fashioned notions have been revised, and sensible business men can now go before Congress in confidence that facts, figures and arguments are more potent than paying for "grease" for political machines.

Senator Reed Smoot declares that much of the world's poverty, misery, drunkenness and disease comes from poorly prepared food. In a talk about the tariff the Senator gave his agreement to the sentiment of the poet that said: "Civilized men cannot live without cooks." He described the American garbage can as the fattest in the world, and followed a denunciation of it with a plea that American girls be educated to cook, by a process of making the culinary art part of the public school training.

Baptist Church Notes.

Easter Sunday was a good day with us. Services appropriate to the occasion were held in the morning, and the pastor was pleased with the attendance which was unusually large. The program given by the Sunday-school in the evening was a fine success, and was enjoyed by a well filled house. The pastor desires to thank all who by their presence and otherwise helped to make the day a success.

The Ladies Aid will meet Friday afternoon with Mrs. John Feldman. The usual luncheon will be served, and fancy and useful articles will be on sale.

Beginning with next Sunday, and until further notice, the evening services will be held one half hour later making the time for the young people's meeting seven o'clock and preaching service eight o'clock. Services next Sunday as usual with preaching by the pastor. The morning theme will be "Heavenly Light in Dark Places." Evening theme "Temporary and Abiding Springs." All are invited to worship with us.

Congregational Church Notes.

LEGAL NOTICES

Dumping Ground Notice.

The city of considerable expense has provided a dumping ground south of town that is extremely well fitted for such purpose. It is entirely concealed from public view and is as sanitary as such a place can be made. Canton people are abusing the use of this ground by dumping garbage of their wagons on the public highway leading to the ground and on ground all around the dumping ground rather than drive down to the ground with their loads. Some people are naturally law abiding and do not need to be made to do things by force that they ought to do for the benefit of the community. There are other people who do not fit these specifications and the people who are violating common decency in the use of the dumping ground belong to the latter class. It is an expensive matter to watch this place all the time. It is our duty to govern these grounds and to watch them and secure evidence against those persons who are abusing their privilege and they will be prosecuted. This notice doesn't apply to those people who don't need it. Those who do, can rest assured that they will be caught when they are least expecting it. Asa Forrest, Acting City Attorney. By order of City Commissioners.

Notice of Primary Election.

Notice is hereby given that, as provided by law, a primary election will be held at the regular polling places in all the voting precincts of Lincoln County, South Dakota, on the 23rd day of May 1916, between the hours of 8 o'clock A. M. and 5 o'clock P. M., for the purpose of allowing the members of each political party in the state by their own separate party vote to choose their several party candidates for all United States, Senatorial, state, congressional, judicial, legislative and county offices which are to be filled by election at the next general election, and to elect their several national, state and precinct committeemen and delegates to their several party conventions. The primary election will be held at the following named polling places to-wit: Eden township, in school house of district No. 34. Norway township, in township hall. Pleasant township, in school house of district No. 43. Brooklyn township, in school house of district No. 42. Fairview township, in school house of district No. 33. Fourth Ward, at City Hall in Council Chamber. Dated this 19th day of April 1916. G. O. Lomen, County Auditor.

Second Notice of Party Registration.

Notice is hereby given to the electors of Lincoln County who have not already been registered as party electors for the primary election to be held on the fourth Tuesday in May that such registration will close on the 12th day of next May; that such registration may be made before me in my office in the city of Canton, S. D., at any time until and including May 12th; or before the clerk of the township, town or village, or the auditor of the city in which the elector resides, until and including May 23rd. But any elector who is or has been necessarily absent from the county from or at any time since Jan. 1st, 1916, may register before me by making an affidavit referred to in the registration notice heretofore published by me, within five days after his return to the county, or if he does not return within five days before the primary election, or until the day of that election, he may register before the election board of his precinct on that day. No elector who fails to be registered as a party elector is allowed to vote at the primary.
