TAMING THE UNTAMED GIANT OF THE AGES

Electricity Defied by Ajax Now Harnessed to Operate Milwaukee Trains Over the Rockies.

The myth of Ajax's defiance of Jove's lightning was the expression for three thousand years of the world's opinion of electricity.

Then suddenly, in a few decades, the terror of the ages was seen to be the most beneficent and most powerful servant of man.

Its transcendent value to the race is nowhere better exemplified than in the electrification of the "Milwaukee Road" for 440 miles from Harlowton, Montana, to Avery, Idaho. From the plunging mountain waterfalls, it is taken and sent along the wires to the mighty electric locomotives that haul the all-steel trains of "The Olympian" and "The Columbian" and the long heavily loaded freight trains over the mile-high ramparts of the Great Continental Divide. Whether to carry tonnage or to yield the traveler the comforts of smooth, clean travel, its enormous power, in winter and in summer, is wholly at man's service.

To the supreme travel qualities of the "Milwaukee"—a splendid road-bed—luxurious equipment—magnificent scenery—accessibility to several of the National Parks and the renowned personal service of the employees—is now added the delights of electric travel through the very heart of the mountains.

Take the "Milwaukee" on your next trip to the Pacific North Coast.

Mr. and Mrs. Obel Urickson came down from Canton on Monday afternoon, and visited with Dr. and Mrs. C. W. Okey, going over to the new home across the river between trains to inspect Doc's chicken ranch. Obel is the busy chap, and his farming keeps him pretty closely at home, and he had to pick out a rainy day to do his visiting in.—Hudsonite.

Mrs. Wm. Corson is home after spending several months with relatives in Texas. She says if the Texans had only been allowed to go after Villa they would have made short work of him. We do not know half that is going on down there. Mrs. Corson has our thanks for a generous treat of Mexican fudge that she brought home. It is made in flat, hard cakes about the size of a saucer.

Water town high school won the eleventh and largest official high school track and field meet at State College on Friday with 26 points, 21 of which were won by their phenom, Williamson. Pierre high school was second with 22; Brookings, third, 16; Huron fourth, 9; Sioux Falls 7; Lennox, DeSmet and Redfield, 6 each; Yankton 5; Vermillion, Mitchell and Elk Point, 3 each; Flandreau and Canton, 2 each; and Parker 1. Fifteen schools of those entered were in the winning, a record for all state high school meets. More than 2000 people witnessed the events, many auto parties being in evidence. Music was furnished by the excellent Huron high school band, by a hobo band from Sioux Falls and by the State College military band. After the meet all athletes were given a banquet in the college gymnasium, which was followed by a big engineering show and demonstration in the engineering building. Ernest Rowe of Canton High won second place in the high jump.

FISHING PARTY MAKES RECORD

Seven Men Make Total Catch Of 166 Finny Prizes.

The following taken from the Long Beach, Cal., Daily Telegram of May 12th shows how some of our old Cantontes are enjoying life on the coast:

While there are some pretty good fishermen maintaining their habitat in Long Beach, it remained for a mixed party of local and tourist men to break all records hung up this season to date. The party, consisting of seven members, landed at the Pine avenue pier Thursday afternoon with 166 fish, of which 145 were barracuda.

The catch of barracuda is hailed as being the record catch for any previous rod and reel party for the past two seasons, the total catch of the party being more than 500 pounds in weight.

The success of the anglers can be laid to two factors, the first being that they were under the tutelage of Capt. "Billy" Graves, than whom there is no wiser fisherman on the south coast, and secondly, all were sportsmen.

Making the trip aboard Capt. Graves' trim little launch, the Tourist, the party members were J. G. Spielman, local hardware merchant; R. M. Moore, capitalist, B. Housels, president of the Long Beach Tuna Packing Company, P. L. Trotter of Carrollton, Mo., P. C. Johnson of Boulder, Colo., Dr. E. S. O'Neill of Canton, South Dakota and William Bradshaw of this city.

Cemetery Lot Owners Attention.

All of the lot owners in Forest Hill Cemetery are requested to pay their yearly assessment to the Sexton by order of the Board of Directors. These assessments must be paid if you want your lot kept up. The lot owners can send their assessment by mail and there will be a receipt sent back to them for the same, and it is further stated that no one is allowed to do any work of any kind on their lots in the cemetery without the permission of the Sexton. Remember this payment should be made direct to me and not to any other person.

Earle E. Boyce,
Sexton of Forest Hill Cemetery.

June 3 Is Horse Day.

All farmers who are interested in better horses will help celebrate "better stallion day," which will be held in practically every county in the state on June 3. This is urged by Guy E. Morrison, livestock specialist of the state college extension department. He says: "If you own a purebred stallion, show him. If you do not own one, go to the show and see what is being produced in your county. We can grow better horses if we demand better stallions."

School Officers Attention.

School officers should remember that there is a law requiring the publication of receipts and expenditures of the school district. There is no necessity of publishing a long report such as is made to the Superintendent. The main purpose seems to be that it be made known in what bank the money was kept. The following form will be found to answer all the requirements of the law and will only cost you \$1.25 for two publications:

Editor Robt. Schaber of the Hudson Hudsonite was here Wednesday and dropped in to say hello. He is like most of the other newspaper men, greatly relieved to think that the primaries are over for very few know what a strain a campaign is on an editor, it is even worse than it is on a candidate. Mr. Schaber got out a big edition last week and with a lot of extra work it nearly left him on the sick list, he was so pale when we saw him on the street wedid not recognize him.

Postmaster Jones informed us the other day that larger postal savings deposits would be accepted at the post office. This is made possible by an amendment to the postal savings act just approved by President Wilson which allows a depositor to have an account of \$1,000 upon which interest will be paid. Formerly \$500 was the limit and not more than \$100 could be deposited in a month but this limit is also abolished. While the system has proved a signal success still it has fallen short of the demands of the public on account of the restrictions which have now been eliminated.

A PROCLAMATION

Executive Chambers Pierre, South Dakota.

Once more the cycle of the seasons brings to us our beautiful memorial month of May and her flowering fields serve to again remind us of the debt and duty we owe to those brave men whose lives were given in defense of our Country.

Long since have American citizens grown familiar with the object and purpose of Memorial Day, and each year its advent is looked forward to with increased affection and gratitude.

A grateful people make a gracious land, and rightly are we proud of those who by their measureless sacrifice made possible the position this country now holds in the columnar rank of nations and justly we do homage to the heroic dead. By the history of these hallowed lives, we who live today and they who follow us tomorrow are and will forever be inspired to a loftier citizenship and an enhanced devotion to the principles of justice, the solidarity of the United States, and the honor and glory of the American nation.

Therefore, I, Frank M. Byrne, Governor of the State of South Dakota, do hereby issue this my proclamation and earnestly urge the observance of May 30, 1916, as

MEMORIAL DAY,
especially requesting that the day be free from all games and sports and given over entirely to the expression of patriotism and love of country.

Treatment For Sore Shoulders On Horses

The feet of no two persons are alike, consequently they cannot wear the same shoes comfortably unless they are first adjusted by several days of preliminary wear. During this period of adjustment the wearer's feet become tired, and blisters, callouses and corns may appear. Horses' shoulders are like men's feet in this respect. A horse wears a collar today that fits him, tomorrow one that is too small, and the next day one that is his size, but does not conform to his shoulders. The result of such management is sore shoulders and necks that refuse to heal even with the diligent application of a never failing cure. It follows therefore, that the first requisite for the prevention of sore shoulders is a perfect fitting collar.

There are numerous remedies for sore shoulders that give satisfactory results, providing all other conditions are favorable. The application of white lead ground in linseed oil, the kind used for mixing paint, every evening after the collar is removed, has proven satisfactory. A lotion composed of six drams of lead acetate and the same quantity of zinc sulphate in one pint of water makes a satisfactory wash for sore necks. Apply it three times a day. Oxide of zinc ointment is also very good applied several times daily.

When any medical treatment is applied, it must be remembered that good results follow only when the collars fit perfectly and are kept scrupulously clean on the bearing surface by daily washing if necessary.—Dr. C. C. Lipp, South Dakota State College.

Drummers Wanted.
Any drummers who will volunteer their services on Memorial Day will please notify the LEADER at once. Fifers from Sioux Falls will be here to assist them. It is not often that our patriotic societies ask any assistance and it is hoped that those who can play will help them out.

A big improvement was made when the stairway in front of the Hegnes & Bakke hardware was closed with a steel grate. There are other basement stairs in other blocks around town that could be closed and greatly improve the appearance of the store fronts as well as the walks.

Methodist Church

The rain has interfered with church attendance the last two sabbaths to some extent, especially with the men. We hope next Sunday they may try and redeem themselves. There will be no preaching next Sabbath morning on account of the Memorial service at the Opera house. Let everybody attend this service. There will be Sunday school as usual. In the evening there will be a Sunday school program at which Mr. McVay will give his report of the Sunday school convention held at Huron the early part of May. There will be special music and talks by other members of the school. Everybody is cordially invited to this service. The Epworth League at 7:00 p. m. All young people cordially invited.

Mr. Schaber got out a big edition last week and with a lot of extra work it nearly left him on the sick list, he was so pale when we saw him on the street wedid not recognize him.

Editor Robt. Schaber of the Hudson Hudsonite was here Wednesday and dropped in to say hello. He is like most of the other newspaper men, greatly relieved to think that the primaries are over for very few know what a strain a campaign is on an editor, it is even worse than it is on a candidate. Mr. Schaber got out a big edition last week and with a lot of extra work it nearly left him on the sick list, he was so pale when we saw him on the street wedid not recognize him.
