Look Here A Minute.
Are you going to attend Chautauque? On yes part of the time. Let me sell you a season ticket. I can only attend part of the time. Well, you figured it out. It will cost you \$5.00 if you buy single tickets for each entertainment; \$2.40 for the evening single tickets, and \$3.25 if you buy single tickets simply for the afternoon. You will want to hear

Gunsaulus, and Byron and The Shakespearean Players and Victor's Florentine Band. If you hear these four it will cost you \$2.00 the price of the whole program and besides there are many more just as good attractions. Besides you will help the business men who are guarantors of the Chautauque if you buy the season tickets. About 30 of the business men are back of the Chautauque this year simple because of the benefit it will be to the city. Will you not stand with them for something that will be an uplift to the community. Get the season ticket for the children. It will entitle them to all privileges of the Junior Chautauque and the Senior as well. There will be a competent supervisor of this part of the Chautauque. The Junior Chautauque will meet at four o'clock after the Senior Chautauque is out and you will know that the children are not in any mischief. The people from the country can buy tickets at the stores or business places where they are on sale. Mr. E. H. Berg and the local manager will also sell making a complete canvas of the city. Let everyone take hold with us and boost for the greatest Chautauque we have ever had. Several have remarked they consider this the best all round program in their many given in Canton.

Here's Why G. & B. PEARL Wire Cloth Stops Screen Expense

Painting—repairing—replacing screen—those are the expenses which make inefficient wire cloth a source of annoyance and money loss. When you screen with genuine G. & B. PEARL you do away with painting, repairing, replacements—simply because PEARL is rust-proof as metal can be made, consequently makes a screen that practically wear-proof.

G. & B. PEARL represents true screen economy. It outwears all imitations so far that no other similar appearing wire can be placed in the same class. From points of appearance—durability and economy G. & B. PEARL is the one choice of the man who wants permanent protection.

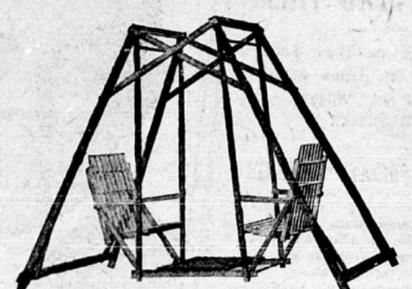

For Permanently Screening Doors, Windows and Porches. Made in Two Weights—Regular and Extra Heavy.

The longer G. & B. PEARL is up—the nearer the color of the atmosphere it becomes. It is easy on the eyes—easy on the pocketbook and the one screen whose smooth mesh prevents the lodging of dust and dirt and grime.

We sell genuine PEARL Wire Cloth with two Copper Wires in the Salvage and the Round Tag bearing the Gilbert & Bennett name on each roll.
