

DESERTER MOORE IS CAUGHT TODAY

SEARGENT BENTLIFF ACCOMPLISHES MISSION OF APPREHENDING MAN WHO QUIT COMPANY F RANKS

Thomas Moore, the deserter from Company F who has been the subject of a search lasting several weeks, was arrested at noon today by patrolman F. H. Chase.

Reports reached the militia men the early part of last week that Moore was hiding here in town, but no trace of him could be secured by local officers.

When questioned concerning his conduct, Moore declared he had been working at the hotel until last night. Then he had become alarmed by the presence of the officer and had hid.

He asserted that he was still under age and thought he did not have to go even though he had enlisted. He will be court-martialed at Camp Hagman as a deserter and will doubtless receive a severe punishment if convicted.

PILLS BEST FOR LIVER.

Because they contain the best liver medicine, no matter how bitter or nauseating for the sweet sugar coating hides the taste, Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely, no griping, no nausea, aid digestion. Just try a bottle of Dr. King's New Life Pills and notice how much better you feel, 25c at your druggists.

JURY TAMPERING CHARGE IS MADE

PROMINENT HOT SPRINGS CITIZENS, LEM BINGHAM, HELD FOR TRIAL IN CIRCUIT COURT.

Hot Springs, S. D.—A sensation has been caused here by the arrest of Lem Bingham, a prominent citizen, on charges of jury bribery.

Attorney General C. C. Caldwell visited Hot Springs several weeks ago on a state soldier's home case, and while here it is understood he investigated charges of jury bribery and secured alleged evidence which resulted in the arrest of Bingham.

SECY. FELLOW COMMENDS CITY

NEW COMMERCIAL CLUB OFFICIAL FINDS PROSPECTS GOOD AND ASKS FOR STILL MORE COOPERATION.

"I desire to not only ask but to insist that every citizen get acquainted with the work of the Mitchell Commercial club," declared E. J. Fellow, the new secretary of the organization, in a statement this morning.

"In the beginning of my duties in Mitchell as secretary of the Mitchell Commercial club, I desire to say a few words regarding conditions as I have found them and as I am hopeful of seeing them in the future.

"My first glimpse has given me the impression that Mitchell is one of the very few cities that has instituted in its people that public spirit of 'boosting' for Mitchell, and certainly this may be done in a spirit of truthfulness.

"We have many facilities that cannot be excelled by any city in the country. Our geographical location places us in the very heart of the best agricultural district in the state; our educational facilities are of the best; our churches show to the stranger that they are well supported and that they alone give him confidence in our people; the fact that we have no saloons serves to increase that confidence; our remarkable railroad facilities in all directions must necessarily appeal to him; our streets well paved and lighted; our business and residence buildings are up-to-date and well kept; our city is clean.

\$15,000 PAID FOR JUNE CREAM

SHIPMENTS FROM MIDLAND, S. D., LAST MONTH WERE THE GREATEST EVER—GROWTH OF DAIRYING WEST OF RIVER.

Pierre, S. D.—Midland made the heaviest cream shipments for June, which have ever been sent out from that station with 1,500 cases, which at the prevailing price for cream means \$15,000 paid out for cream at that one station for the month.

Philip is doing as well as Midland, and other stations on the west line are shipping heavily, and it is safe to say that fifty thousand dollars was paid for cream shipped from Pierre on the line between here and Rapid City for the month of June, and the bulk shipments are estimated to be fully up to 150,000 in excess of the previous shipments.

good for the greatest number." But in order to accomplish things that are worth while, we must have, as Kingling said, "the everlasting team work of every bloomin' soul!"

"All organizations of any importance or of considerable size must necessarily do their work through the medium of certain committees appointed for special purposes. The work of the secretary covers such a wide range of duties that it is next to impossible for him to assume any great part of the work which should be done by the committees. In many organizations of this kind it has been found that while the committees as a whole do not exactly shirk their responsibilities, the bulk of the work is shifted upon a minority of the committee with the result that a considerable part of the work is shifted upon the secretary. It is hoped that this condition will not be met with in Mitchell and that all our committees will be found undertaking their duties with zeal and pride, always bearing in mind, 'what's worth doing at all is worth doing well.'

HAVE BEEN WED FOR FIFTY YEARS

MR. AND MRS. GEO. W. DOUGHERTY, OF MT. VERNON, CELEBRATE GOLDEN WEDDING.

Fifty years of happy married life is the enviable record of Mr. and Mrs. G. W. Dougherty, Mt. Vernon's pioneer couple, who recently celebrated their golden wedding at their home there. Mr. and Mrs. Dougherty were married at Ft. Carbon, Pa., July 9, 1866.

Mr. Dougherty is one of the pioneers of South Dakota, moving here with his family from Pottsville, Pa., in 1881. He settled on land three miles north of Mt. Vernon and later set up a blacksmith shop, the first business institution on the present site of Mt. Vernon. Twelve years ago the couple sold their farm and moved to Mt. Vernon, where they have resided ever since.

Nine children were born of the union and all of them are living. They are Mrs. J. B. Sherman, of Belle Fourche; Mrs. C. E. Earl, of Plankinton; Mrs. W. J. Kossman, of White Lake; Mrs. E. J. Folkerverg, of Chicago; Mrs. J. W. Cotton, of Provo, S. D.; Mrs. H. H. Holmes, of Sioux City; George Dougherty, of Mt. Vernon; James Dougherty, of Mt. Vernon; and J. D. Dougherty of Sioux Falls. There are also 25 grandchildren and three great grandchildren, all of whom are living.

Out-of-town guests who attended the anniversary were J. D. Dougherty, of Sioux Falls; Mrs. William Kossman, of White Lake, and Clair Holmes, of Sioux City, a grandson.

WATERMELONS ARE ENROUTE

SMALL BOYS WELCOME "DAYS OF REAL SPORT"—QUANTITY AND QUALITY TO BE IMMENSE.

It is time for the small boy to start whetting his knife. For that period dear to the memory of every grown-up boy and vital in the life of every growing youth—the time when big, luscious watermelons are to be had—is near at hand.

Wholesale fruit houses now expect to be haunted by a phantom crew, with "low visibility" when the warehouse men are unloading a car of melons. For occasionally a big one will drop and crack, and as a cracked melon cannot be sold, it becomes the communistic property of the small band. Then skinny hands reach into it, draw forth the heart and devour the portion in the least possible number of gulps.

But he who would carry many of the melons home must transform himself into a pack animal, for the melons which are arriving at present average 22 pounds apiece for the very smallest. They are shipped from Texas and are always noted for their size.

Within a week or two, Georgia melons will be arriving and then will come the products of Oklahoma and Missouri. At the best, watermelons usually come, South Dakota melons usually ripen about the middle of August, so there will be a long wait before the home products may be enjoyed.

Peaches will soon be coming in large numbers. The big shipment is expected from July 15 to 20. The quality this year is exceptional. Nearly a thousand cars will be shipped from Texas pointing during those five days, and one little town in Arkansas will send 700 cars.

The canning season for peaches therefore probably will be during these five days. All the heavy shipments should arrive about this time and the lowest prices should result during this period.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by HALL'S CATARRH CURE. F. J. CHENEY & CO., Toledo, O.

STATE SOLDIERY WILL ENTRAIN

(Continued from page one)

When packed is one hundred pounds. These kits are packed in boxes and shipped to the concentration camp. When the army is in the field it seldom has access to this baggage and must content itself with a blanket, shelter half, poncho, towel, socks, toothbrush, and soap which each man carries in his blanket roll. The haversack with mess kit and the canteen are always carried on the belt when the soldier is in the field.

Sixty men left. Lieutenant John S. Chapman went to Mitchell Monday evening and returned the next morning with Private John Miller who had failed to join the company when it left Mitchell for Redfield. Sergeant Charles Bentliff is in Mitchell and may return with Private Tom Moore, who deserted from the company the day before it entrained at Mitchell.

All men discharged from the company because of physical disabilities left camp last evening for their homes. The roster of the company now shows about sixty enlisted men but when the whole regiment will be mustered in Company F will receive seven or eight men from Company G, of Redfield, which will bring its strength about to the place it had reached when the company was mobilized.

Col. Hunter Visits Camp. Camp Hagman, Redfield, S. D.—That the South Dakota troops will be moved out of this location camp this week and be sent to some brigade concentration camp, either at the border, at Fort Leavenworth or Fort Riley is the generally expressed opinion of the officers here since the visit of Sunday and Monday of Colonel Hunter to the central department at Chicago.

Colonel Hunter is on an inspection tour of the entire department, inspecting all commands to determine the advisability of holding the troops where they are, if they have the desired facilities of drill and proper sanitation, or if these facilities are not at hand to brigade these commands either on the border or at some brigade concentration camp to be determined upon later.

Camp Site is Insanitary. Although no official statement would be made here, it is understood that Colonel Hunter was of the same opinion regarding the camp grounds here as is Captain Owen, U. S. A., camp surgeon, and the officers of the medical corps.

This opinion, expressed informally and unofficially, is that the grounds are splendid for picnic purposes or for a very short stay of a few days, but for a protracted stay, the camp site selected is wholly out of the question. This is due to the fact that the camp is perched on a small knoll surrounded by the river banks of which are heavily wooded. This entails a crowded condition of the camp several companies being crowded into double rows of tents and is poor from a sanitary point of view, because of the tall grass and water which provides a great harbor for mosquitoes and other insects which spread disease.

BUYING HORSES IS TAMER NOW

MUCH OF THE EXCITEMENT OF FORMER DAYS GONE—FOREIGN GOVERNMENT BUYERS AT PIERRE.

Pierre, S. D.—The "rough rider" is no longer a part of the equipment of the horse buyers for the foreign market. When they first began to buy one of the requirements was that the horse had been ridden, and a bunch of riders ready for the work was carried with the buyers. Now all that is required is that the horses have been haltered, and that they be shod immediately after buying. Haltering is as exciting as rough riding if the horse manages to get loose after the chute is open in which he was haltered. Some of them succeed in giving the handlers a run for their money before the halter is taken off, which is also a part of the program, and at times requires that the horse be thrown and held to get the head-dress for the next horse.

The shoeing pen also is a lively proposition at times before the wild horse is securely tied for the shoeing but once lashed fast the shoeing no trouble in carrying on his work, however nervous the animal may be, as the horse is swung clear of the ground, and all four feet securely fastened before any effort is made to put on the shoes, and there is no possibility of injury to either the horse or the man who is doing the shoeing.

While the present system has cut out the spectacular feature when all animals were ridden, the work goes on more rapidly, and the requirements give the occasion enough trouble to keep the handlers on the guard at all times. The horses being taken from here go to the French army and the Italian buyers will be here later this week.

TO-DAY'S MARKETS

NICKLE DROP IN HOG PRICE

CATTLE FIRM AND SHADE LOWER—SHEEP MARKET WEAK TO DIME LOWER—HOG QUALITY FAIR.

Union Stock Yards, Chicago, Ill.—HOGS—Estimated receipts today, 32,000; number left over from yesterday, 4,823; estimated receipts for tomorrow, 18,000; official receipts yesterday, 18,866; official shipments yesterday, 1,270. Market mostly 5 cents lower than yesterday's average.

CATTLE—Estimated receipts today, 14,000; estimated receipts for tomorrow, 4,000; official receipts yesterday, 4,140; official shipments yesterday, 930. Prospects steady to a shade lower. Beeves, \$7.20 @ \$11.00; mixed and butchers, \$9.45 @ \$10.10; heavy, \$9.55 @ \$10.15; rough heavy, \$9.35 @ \$9.55; yorkers, \$9.75 @ \$9.90; pigs, \$8.10 @ \$9.15.

SHEEP—Estimated receipts today, 17,000; estimated receipts for tomorrow, 16,000; official receipts yesterday, 1,622; official shipments yesterday, 1,622. Prospects weak to 10 cents lower. Native sheep, \$8.30 @ \$8.80; western sheep, \$9.10 @ \$8.30; yearlings, \$8.00 @ \$9.50; lambs, \$7.50 @ \$10.80; western lambs, \$7.75 @ \$11.00.

SIoux CITY STOCK MARKET.

Sioux City, Ia.—Cattle receipts today, 1,200; market steady. Hog receipts, 9,000; market 5 @ 10 cents lower. Top price, \$9.30; bulk of prices, \$9.35 @ \$9.60. Sheep receipts, 100; market steady. Range of Hog Prices. This Week Last Week Monday 9.45 @ 9.90 9.45 @ 9.80 Tuesday 9.40 @ 9.85 Holiday Wednesday 9.35 @ 9.70 Thursday 9.40 @ 9.90 Friday 9.40 @ 9.85 Saturday 9.50 @ 10.00 Gossip of Tuesday's Market. Sioux City, Ia.—Cattle receipts for the two days this week were on the moderate order, less than the same two days last week and the corresponding time a year ago. Clearance for fat cattle has shown a degree of unevenness. Steer values have held steady, but the cow market has been under pressure on account of increase in supplies and a loss of 10 @ 15 cents is quoted on the end-in-between grades. High sale of dry fed steers reached \$10.20. The stocker and feeder situation developed little change. Attractive

PAINTING—Paper hanging and decorating. Arthur Guse, Phone 3598 Dates made at Larriasons.

BANK DEPOSITS GREATEST EVER

HAVE REACHED HUNDRED MILLION MARK, AN INCREASE OF \$4,000,000 SINCE MARCH CALL.

Pierre, S. D.—South Dakota bank deposits have gone well over the \$100,000,000 mark, as shown by the call of condition of state and national banks of the state for May 1. The 499 state banks of the state carried deposits amounting to \$70,888,578 on that date, and the national banks numbering 122 carried deposits to the amount of \$44,255,000, making a grand total of \$115,143,578. In the banks of both classes, the increase in deposits from the March call to the May call was practically \$4,000,000 the increase in state banks being \$2,113,502; and for the national banks \$1,875,000.

The growth of bank deposits in the state has been a steady one for many years, and at the present outlook will be materially increased before the end of this year.

The banking department has asked the circuit court for a final decree in the settlement of the affairs of the Crocker State bank, which was turned over to the department a year ago, and in which all creditors have been paid in full. There are on hand practically \$6,000 of liquid assets to turn over to the creditors. The creditors of the Wautauga State bank, which was taken charge of by the department last November, have all been paid and there are several thousand dollars of liquid assets to turn over to the stockholders as soon as the final affairs of the bank can be closed up.

GIRL TRIES TO GAIN LIBERTY

WALKS FROM PLATTE TO BIJOU HILLS IN EFFORT TO ESCAPE FROM SHERIFF—NOW AT PLANKINTON

Bijou Hills, S. D.—Walking the entire distance from Platte, where she escaped from the sheriff a young girl arrived in Bijou Hills at 4:30 o'clock in the morning fatigued and nearly dead from exhaustion. She refused to give her name. Realizing that it was unusual for a young girl to be traveling alone, and making the greater part of such a journey at night on foot, the telephones were kept busy until local people discovered her.

Judge Grue, before whom the case was heard, decided that each of the farmers should pay their proportion of the costs, and then put both of them under a bond of \$500 each to keep the peace.

CARD OF THANKS

We wish to express our thanks to all our friends and neighbors for the many kind acts and sympathy extended us during the sickness and death of our son.

Mr. and Mrs. J. C. Buskirk.

THE SPEED CRAZE

has caused many a wreck on the road to success. Trying to go too fast has dashed many hopes to ruin. Conservative thinking and competent counsel are as important to the individual in making his plans as to the business man who recognizes the value of his banker's cooperation

We are always anxious to see depositors succeed and are never too busy to give advice concerning investments.

ered that the girl had escaped from the sheriff at Platte. The officer was notified and made a record-breaking trip by automobile to Bijou Hills, but when he reached here the fugitive girl had taken the stage to Chamberlain, in which place she was followed by the sheriff and arrested. When she made her escape she had been turned over to the custody of the sheriff for transfer to the state reform school.

LOOMIS

The picnic given by the Farmer's Elevator company, which was held in the Henry Nyhus grove on July Fourth, was well attended. Two ball games, horse races, and foot races comprised the day's amusements.

Mrs. Reese underwent an operation at the hospital last week and is reported to be doing nicely.

Ralph Goodman, of Omaha, Neb., is visiting at the John Matthews home.

Clarence and Clara Watkins motored to Minneapolis and spent the Fourth of July with the Starr family.

E. A. Comstock and George Book, of Seattle, arrived here the Fourth for an extended visit.

Eugene Gilliland had her tonsils removed last week.

Mr. and Mrs. Will Clark and Mr. and Mrs. Charles Cogus spent Sunday with Loomis relatives.

Bert Beaumont, of Armour, was in Loomis to attend the picnic.

LINE FENCE FIGHT COSTLY TO QUARRELLERS

Webster, S. D.—Charged with threatening the life of Stephen Lynch a farmer, Stephen Scheifer, a neighboring farmer of the Webster territory, was arrested and brought before a local judge. The trouble resulted from a dispute over a line fence.

Judge Grue, before whom the case was heard, decided that each of the farmers should pay their proportion of the costs, and then put both of them under a bond of \$500 each to keep the peace.
