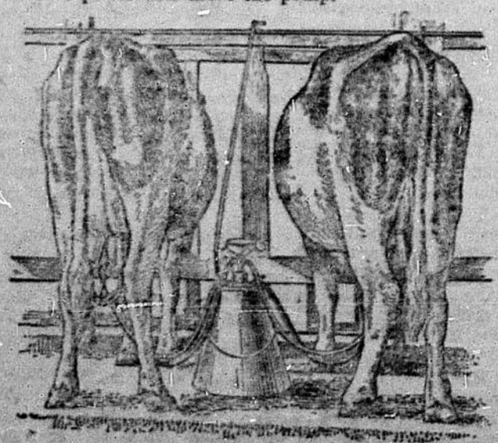
## ELLIOT BROS.

## EMPIRE Mechanical Milker

One man, using only one double unit, can milk 20 to 30 cows per hour, besides doing the stripping and carrying the milk. Single Units, each of which will milk 10 to 15 cows per hour, can be had if preferred. One man can operate two or three single units.

Heifers and old cows both like the EMPIRE Milker and take to it quickly. The frequent increase in milk flow proves that.

The illustration shows you the Double Unit Outfit in actual operation except for the small pump and tank which supply the vacuum. Any suitable power will drive the pump.



Gently Massages the Teats After Each Spurt of Milk

Does Not Use Compressed Air

Only One Pipe Line Needed. It Can Be Run Wherever Convenient

Hand milking is a hard job in cold weather, in fly time, after a hard day's work or any other time—especially hard when you are short-handed. The EMPIRE Milker takes care of a job nobody likes. Pays you a handsome profit. Insures your cows always being milked regularly, quickly and uniformly. It's goodbye to hand milking and everybody glad of it.

The EMPIRE Milker is a fine machine. Absolutely reliable. Successful everywhere. Guaranteed by the Empire Cream Separator Company. See for yourself how simple, sure and reliable it is. Will be glad to show it to you at your first opportunity.
