ing a wrestle at the rink."

## TO ANYBODY WHO HAS DISEASE

of throat or lungs, we will send proof  
that this is the cure for Consumption has  
cured the same complaints in other  
cases. Address, E. T. Hazeltine,  
Warren, Pa.

—Miss Jessie Ellison was the recipi-

has hung out his shingle in this place.  
His office will be in W. N. McKenna's  
drug store. All orders will be prompt-  
ly attended to. Mr. Westell comes  
well recommended and we predict for  
him success in this section.

—A Brockway Centre young lady  
was quickly cured of her roller skate  
craze at a Port Huron rink, one day  
last week. A broken wrist was the re-  
sult of a fall—St. Clair Herald.

The party referred to above is Miss  
Annie Cotton, of Brockway.

—The prospects for fine weather,  
are good, according to the prevailing  
supposition as to the bearing seeing his  
shadow on Candlemas day, (Feb. 2).  
He failed to find his shadow on Mon-  
day last and so we will probably have  
open weather from now out.

—In a letter received by us from  
Edward Johnson, son of our respect-  
ed farmer friend Jeremiah Johnson,  
now located at Eagle River, Wis., he  
says that times are very dull in those  
parts just now and that the thermom-  
eter stands 40° below zero Wednesday  
morning Jan. 28.

—The morning express from Sagin-  
aw jumped the track between Mar-  
lette and Brown City on Tuesday and  
also Wednesday which caused a delay  
of about two hours each time. We  
would suggest to the company that they  
change the time if this is to be a  
common occurrence.

—M. Y. Richardson, while quietly  
riding along main street on Saturday  
last, his horse took fright at a dog  
chasing a cow and ran away throwing  
Mr. Richardson and the contents of  
the cutter into the lap of a beautiful  
snow drift. Mr. Richardson picked  
himself up and took chase after the  
horse and caught it near Geo. Van-  
Wagner's shop. The cutter was somewhat  
damaged.

—Lewis Gonselman, (reported last  
week as dead) was striking on the head  
by a falling tree in the woods at Black  
River north of Au Sable on Monday,  
Jan. 26th, 1884, and died on Tuesday.  
On examination his skull was found to  
be fractured. His remains were  
brought to his home in Brockway on  
Thursday evening last. He was a  
young man only 20 years old and was  
well liked by all who were acquainted  
with him. The funeral was held in the  
Kenosha church and was attended  
by a very large concourse of friends.

—The Rev. Mr. Armstrong, located  
at Almont, who was caught last week  
stealing money from C. L. Dowsell  
& Co. at the above named place was  
reported by some of the papers as  
being a member of the M. E. conference,  
which should be corrected. We are  
informed by Rev. A. J. Holmes that  
he was only engaged as a supply by  
the presiding elder. He is neither a  
member of the church nor conference.  
Admitting the above to be true, yet  
any church that will employ a man  
against whom there is any suspicion  
of moral defect, deserves censure.

—James Welch heretofore charged  
with stealing money from Frederick  
Link and examined and released by  
Justice Jones, is again under arrest.  
Additional evidence having been ob-  
tained on Tuesday's examination of  
John Crawford for the same offense.  
Crawford's discharge was ordered by  
the prosecuting attorney as abundant  
evidence was offered proving his in-  
nocence. There is a peculiar interest  
taken by certain citizens in Welch's  
welfare, the motive for which we  
hope may be ascertained. The lawyer  
was telephoned from Pt. Huron for  
Welch's defense. Welch was  
brought up again for examination,  
this time before Justice Gustin, on  
Wednesday afternoon and bound over  
for trial at the February term of the  
circuit court.

—The prize skate given by H. B.  
Gough at his rink on Thursday even-  
ing last was a success about 30  
persons participating in the contest.  
The prize offered was for the best ap-  
pearing lady and gentleman fancy  
skater on the floor. Those contesting  
for the prize were numbered, and  
everyone present cast a ballot as to  
whom he thought was the best, which  
resulted in Miss May Stevens cap-  
turing the prize for the best lady skater,  
which was a choice of \$1 in money, a  
very handsome chrome, or a \$1 ticket.  
She received 22 votes, being closely  
followed by Cora Mills, who received  
20 votes. The prize for the best gen-  
tleman skater was voted to Will West  
by a ballot of 21, prize \$1 in money or  
a \$1 ticket. Mr. Gough will give an-  
other prize Masquerade skate on  
Thursday evening, February 12th.  
His last masquerade was a magnificent suc-  
cess, and he promises still greater at-  
tractions on this occasion.

—On Saturday night or Sunday  
morning last a lad about 16 years old  
by the name of Mathews, who was  
working for Wm. Sage a farmer in the  
township of Grant, stole a suit of  
clothes, pair of rubber boots and a  
watch and chain, belonging to his em-  
ployer, went out to the barn, hitched  
one of the horses to a cutter also be-  
longing to Sage and drove off. In the  
morning when Sage awoke and found  
his clothes missing, it aroused his sus-  
picion and of course looking around  
could not find young Mathews. Officer  
Burns was sent in search of the  
young lad. Word was sent to the

## different towns in the immediate

vicinity regarding the description of  
the boy and he was captured at Peck  
by O. B. Jacobs. It seems that Math-  
ews came to Sage's place about three  
weeks ago and wanted to hire out,  
said he hadn't any money and would  
like to get work, so finally Sage hired  
him to work for his board. While  
Mathews was working for him they  
had some trouble between them which  
resulted in the deed stated above.  
Mathews, it is alleged, also poisoned  
about six head of cattle the same  
night two of which have since died.

## THE MACCABEES.

The Supreme Tent of the Knights of  
Maccabees will meet in Macabees hall  
in this city on Tuesday, February 10,  
and remain in session for two days.  
During the past year there were  
only nine deaths in Michigan, and only  
two assessments were made to pay the  
endowments, including those recently  
paid to the families of C. W. Robinson  
of this city, and Charles J. Harris, of  
Brockway. The Maccabee organiza-  
tion is one of the most popular in this  
state.

Charles L. Penney, of Loraine, for-  
merly of this city, is one of the most  
enthusiastic Maccabees in Ohio. About  
thirteen months ago he established a  
tent at Loraine, and since last Novem-  
ber has installed a considerable num-  
ber, making the total membership  
180. One death occurred during the  
year and the endowment was paid  
within ten days. Almost every man  
in Loraine is a Maccabee.—Pt. Huron  
Times.

## TAKE GOOD AIM.

THE YOUNG MAN WHO DOES SO WILL  
NEVER REGRET IT.

—Young man if you want to succeed  
you must have an object. If you go  
on through life in a slipshod, aimless  
sort of a way, the chances are that  
you will die poor, have lived a mere  
cipher, soon forgotten in this world,  
and if, in the merciful providence of  
God, you succeed in getting into the  
next, you will have to sit around on  
the ragged edge, unable to join in the  
smallest song which the celestial choir  
is said to sing. There won't be any  
place for you and nothing for you to  
boast yourself about. You won't even  
have the satisfaction of being allowed  
to assist in taking up the collection,  
because you would go to sleep before  
you got half way around.

Have an object! What does it mat-  
ter if you fall short of it? Aim high  
and blaze away. Suppose you don't  
hit the mark—you are no worse off  
than hundreds of others! But let me  
tell you, if you aim well and keep on  
firing, after awhile something is sure  
to drop. Of course if you shut your  
eyes and pull off both barrels at once,  
you may hit something, but the prob-  
abilities are that you won't, and if you  
do it will very likely be some odoriferous  
turkey buzzard or a harmless little  
possum, that it would have been much  
better for your reputation had you  
left alone.

Have an object young man and stick  
to it. You may never be President or  
even a Governor, but if you keep  
some worthy object in view and work  
hard, we'll wager a lead nickel that  
some day you'll be able to take your  
best shot to the clouds, without sulking  
around on the back streets for fear of  
meeting your wash-woman whom you  
owe for your last three weeks' wash-  
ing.—Caleb Corkscrew in St. Louis  
Magazine.

## Draft Horses.—40 Years Experience.

A. S. Chamberlain, for 50 years proprietor  
of the Ball's Head Stables, New York City,  
in reference to the value of different breeds of  
draft horses, says:

"I keep exchange and sale stables for  
horses. Don't deal on my own account  
except in cases of horses, amounting  
to several thousands annually, come to me  
from all sections of the country. A  
large number of these are draft horses of  
the different breeds, the Clydesdales, the French  
called Percherons or Normans, and  
English and Belgian. There seems to be a  
larger demand for the French horses than for  
any other breed."

"Some years ago we used to get a great  
many horses from Upper Canada. These  
were Clydesdales, and would weigh from  
1,400 to 1,600 pounds, but they did not seem  
to have the purpose, as a general thing  
their feet were unsuited and flat, and being  
heavy horses their feet would become sore  
and would not stand the pavement. The  
French horses have good feet and are  
prevalently better than the Clydesdales. That  
is the reason they sell better."

"I would advise the farmers and breeders  
who are breeding horses to sell on the New  
York market for draft purposes to breed  
from the French horses in preference to all  
others."—Chicago Tribune.

The best horses to be found in France are  
recorded as perches in full in the Perche-  
ron S. and Book of that country.

At the great importing and breeding estab-  
lishment of M. W. Danann, Wayne, DePue  
give hundreds of the finest speci-  
mens of this famous race can be found at all  
times.

## A Great Discovery.

Mr. Wm. Thomas, of Newton, Ia., says:  
"My wife has been seriously afflicted with a  
cough for twenty five years, and this spring  
more severely than ever before. She had  
used many remedies without relief, and being  
used to try Dr. King's New Discovery, did  
so, with most gratifying results. The first  
bottle relieved her very much, and the second  
bottle has absolutely cured her. She has  
had no good health for thirty years. Trial  
bottle free at W. N. McKenna's drug store.  
Large size \$1.00.

## Another Village Proposed.

Alexander R. Avery, of our city,  
has been busy for some days drafting  
a charter for Brockway Centre, which  
will be presented before the Legis-  
lature this session by Senator Cline.  
There is some difference of opinion  
among the township's citizens as to  
the propriety of the move. The heavy  
property owners are afraid of increase  
of taxation, and a concession to them  
has been made in the shape of a pro-  
vision limiting the rate of taxation to  
13 per cent, except after a two-thirds  
vote of the village.—Pt. Huron Sunday  
Commercial.
