The debating society met as usual in the Central hall last Friday evening.

About twenty-five being present. The question for discussion was: "Resolved, that the legislator should not be bound by the will of the constituents."

It being thought by some to be too deep a question, another subject was chosen. The chosen subject, "Married life is more comfortable and pleasant than single life," was discussed.

Amos Reichard of the negative side, and Josiah Reichard captain of the negative side, and Amos Reichard of the affirmative. The debate decided in favor of the affirmative.

The subject for debate next Friday evening is: "Resolved, that country life is preferable to city life."

Roy Francis will act as captain of the affirmative and Moses Graybiel of the negative. An amendment to the constitution was made depriving any person of his office if absent for three nights in succession. All are invited to attend.

The getting of knowledge is an important part of school work, but it is not all, nor is it the most important.

The development of power in the right direction is the main business of the school, and all the knowledge obtained should be gained and used in such a way as to help forward this growth of power.

THE SCHOOLMARM.

See where she comes down the line, With chastity in her laughing eye, And in her hand the rattle cane Will murder laughter by and by.

Young love larks in her merry tone, And nestles in her rosy cheeks, And long, hard, crooked spectacles mean And soft and sniffs in her books.

Her dainty hand that seeks the earl Conspiring with her graceful head, Can make a boy's ears ring and whirl, And make the boy wish he were dead.

How much she knows, this blooming rose, Of human will and human won't, One wonder is how much she knows, The other is, how much she don't.

Sweet pedagogic, I envy not The merry boys who greet thy call, Thy mother, boxed my ears, and wot, When she was young and I was small.

Rumor has it that Brockway Centre can only afford ginger ale since the last law came into effect. Sanitae Co. Republican.

Reception.

Very pleasant and joyous, yet mingled with sadness, was the occasion that thronged St. Paul's church Tuesday evening with friends, it being a farewell reception in honor of Prof. Kimball and family, who so soon leave our city for Flint, Michigan, where Prof. Kimball has accepted the position of Principal of Flint Normal College, and also of the seniors of this church. Professor and Mrs. Kimball have "gone in and out among us" for six years past, and their departure is regretted by many friends in this church and university with which he has been connected.

Very beautiful was this heart gathering of friends, with all the warmth and sunshine radiating from it, while the sad thought was being asked, "who shall fill Prof. Kimball's place as superintendent of our Sabbath school and in other church work," and "Mrs. Kimball's place in the various missionary societies with which she has so faithfully labored?" Many pleasant and pointed speeches were made by different persons representing the various departments of church work. The most pleasing feature of the evening being the presentation of an elegant and costly life-size picture of their little son, Master Guy, from the studies of Mr. Bodurtha, by Mrs. Kimball's Sabbath school class. The Fiendish House-Fly.

Few realize what an enemy to man is the common house-fly. It is bad enough to have them crawl over our berries; it is tantalizing to have them speckle our glassware; it is maddening to have them investigate our bald heads, but there are deeds of which the fly is guilty that puts all these in the shade.

Flies eat sewage and putrid matter, that is reeking with disease germs, until they are filled with them, and then bite us and so inoculate us with disease, or leave the contagion in our food. We hear a great deal about the little things that make up life. Let some one tell us about the little things that cause death.

FRANK WALSHINGHAM.

Brockway Centre also has a well-bred stock horse in Frank Walsingham, 6528.

He is a three-year-old, sired by Banker Messenger, 406 (sire of Duroc, 2:24 and other 2:30 trotters), by Hambletonian, 10 (sire of Dexter, 2:17; Nettle, 2:18; Orange Girl, 2:20, and 38 others in 2:31 or better); dam Misty by Abdallah Pilot 708 (sire of Dickard, 2:18; and Red Jim, three-year-old record, 2:30), by Abdallah 15 (sire of Goldsmith Maid, 2:14), second dam Minnie, by Joe Downing 710, (sire of Abe Downing, 2:20; and Dick Jamieson, 2:25), by Edwin Forest, 49 (sire of Billy Hoskin, 2:24, and Campagne, 2:30), third dam imp. Tona. This is good breeding and Frank Walsingham is a descendant from producing lines on both sides of the house. If breeding counts for anything he should be a sire if given the right opportunity. He is owned by Finlayson & Orser, Brockway Centre.—Saginaw Weekly Courier Thursday, Feb. 23, 1888.

Frank Walsingham will stand for mares at his own stable in Brockway Centre every day of the week except Saturday, Sunday and Monday. Terms—\$15 for insurance only. Be sure and see this horse before breeding your mares.

All insurance money will be due on February 1st, 1889. Persons disposing of their mares or not returning them regularly to the horse, will be held responsible for the insurance whether mare is in foal or not. All accidents to mares at risk of owners.

Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor.

It restores the color of the hair, gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy,

but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.
