UTAH AS IT IS!

Nothing so nearly approaches the miraculous as the rise of a new religion, founded by an illiterate man, in the remotest country in the world, and in the time which has given us the greatest inventions.
The founding of the plates, their translation, the first preaching, obtaining converts, founding of Nauvoo, origin of Polygamy, the exile from three states, founding a prosperous state in a desert, beyond civilization, to be overtaken and passed by "stars," the executive ability of Brigham Young, the struggle between Mormonism and the United States—this is as thrilling as it is novel yet true history. Everybody wants it.

THE ELECTIONS.

Returns from the Several Townships in This Vicinity.

The election in this township passed off quietly, yet considerable interest was manifested and quite a large vote polled. It was quite a coincidence that the same number of votes (449) were cast in the spring election of '88, preceding the last presidential election. There were two tickets in the field—the Republican and National Reform. The reformers did as the disciples of old were commanded, began right "at Jerusalem" (Brookway in this case), and succeeded in electing their entire ticket with the exception of treasurer. The number of straight National Reform tickets cast were 156, and 67 Republican. The following are the officers elected, with their majorities:

Remarkable Rescue.
Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her.
