General Morgan, Commissioner of Indian Affairs, has written a letter to General O'Brien, Superintendent of Emigration, in which he says that he has issued instructions that no more Indians shall be taken from the reservations by traveling shows.

THE RETURN OF ROBERT. The resignation of his position of Minister to the Court of St. James by Hon. ROBERT T. LINCOLN is reported.

THE TWO CHURCHES OF QUAWKIT. ("Short Sixes" series, No. 7, by H. C. BUNNELL, a charming little story of New England life, appears in Post of August 27.

MORGAN'S MAIDS. Captain Pratt, Superintendent of the Indian Training School at Carlisle, Pa., was in the city on Saturday and was interviewed by a Critic reporter.

GENERAL BOYNTON. In one of his special reports to the Commissioner of Indian Affairs, General BOYNTON has issued an order by which he hopes to prevent the robbery of Indians by showmen.

THE NEW YORK TRIBUNE says that JOHN I. DAVENPORT was considerably amused at the statements of the Democratic papers that the Federal Elections bill had been shelved by the action of the Republican Senate Conference.

One good effect, however, seems to have come from it, and it is best expressed in the language of an anonymous Senator, which was "We're all split up." This remark was intended to be descriptive of the feelings and disposition of the Republican members of the caucus, but it is equally true of the party at large, which truly is "all split up."

res. This leaves forty-three percent. It would be necessary to have every one of these attendants to debate and pass the bill in session. But we cannot do this in ten days. One of more of them are possible in the week. In fact, Mr. Ely writes and Mr. EBERHART are both going away for a week's rest now.

THE MAN ABOUT TOWN of the New York Star says: "One of the subjects of general interest in Washington is the friendship which has sprung up between CHARLES and ISABELLE since the former became a Senator. They are always together when ISABELLE is not passing, or each is not actually engaged in the business of the Senate."

Mr. BOOKER T. WASHINGTON, a colored man, president of the Tuskegee Normal School, says that three-fourths of the colored Baptist ministers, and two-thirds of the Methodist, are unfit, either mentally or morally, or both, to preach the Gospel to any one, or to attempt to lead any one.

BUTTERWORTH OF OHIO, brave man with his finger in being frightened on an latest report of his opponent, Bill. He is being told by a lot of people from New York city that, if his bill ever becomes law, a financial panic will immediately—instantly—in the twinkling of an eye—fall upon the country and blot it from existence.

YESTERDAY was a Sunday in which a good deal of gambling, fighting, brick-throwing, pistol shooting, and so forth, occurred at this city and its vicinity. But, why not? The stream cannot rise above its source.

THE ANATOMIC CHOLERA and the yellow fever are marching on slowly, but surely, if both these diseases should attack us during HARRISON'S administration! The thought is appalling.

JAMES V. COLEMAN. Formerly Successor of an Old Washingtonian in the Golden State. Mr. James V. Coleman, who came with in a few votes of receiving the Democratic nomination for Governor of California a few days ago, is well known in this city.

He graduated in 1860 and delivered the valedictory, which was highly praised. He taught in the college and in Georgia, and for a few years, pursuing the study of law in the Law Department of the University and graduated in 1873.

When the new building of the college was begun Mr. Coleman donated to it the sum of \$10,000, which was soon followed by another donation of an equal amount from his mother, Mrs. Maria Coleman. In the Columbian Museum of the college is a magnificent Roman mosaic picture, the gift of Mr. Coleman.

While the former was a burly, athletic-looking man, the latter is unusually small and delicate-looking physically. He has dark, wavy, jet-black hair, which covers his well-shaped head in a mass of curls, and wears a small, artistically-trained mustache of the same color.

Did you ever hear of oysters for dessert? I used to know a bon vivant who never ate them except after dinner. He boarded for many years at one of the famous hotels in this city, and during the oyster season every day, as soon as he had finished his dinner in the hall, he would go to the oyster counter on the ground floor and eat a dozen blue points on the half shell, which the waiters attendant always had selected for him.

When you are through with a hearty meal, your stomach craves something cooling. It ought to be gratified, and one which dissolves easily with the heat of the stomach, imposing no labor upon the digestive faculties. Oysters are just the thing—cooling, refreshing, invigorating; they settle the appetite and make the whole system feel at ease.
