

The Stephens City Star.

Wheat Market.

As quoted by C. A. SHANNON, delivered at Depot:

No. 1.	\$1.25	No. 2.	\$1.23
--------	--------	--------	--------

Here and Hereabouts.

—The STAR still twinketh.
—Rain, Rain, Rain, we want more rain.

—Man's a vapor full of woes,
Start a paper—up she goes,
—There will be services at the Lutheran church on Sunday.

—G. F. Mayers wants 1,000 bushels oat at best market price.

—We return thanks to Capt. W. E. Frankland for interesting Southern papers.

—Dried Beef, Cream Cheese, Bologna Sausage, French Candies and Crackers received to-day, by Adams & McCarty.

—Rev. W. H. Woods, of this place, is in Hampshire county on a two weeks' missionary tour.

—Call and examine the new line of men's lace and buckle Plow shoes, Ladies, Misses' and Children's shoes, Gents button gaiters, etc., received this week by Adams & McCarty.

THE Loudoun County Agricultural Society will hold a four days' fair in Leesburg, commencing September 20.

—Mr. Will, the would-be suicide, is still confined to his room in Winchester, and is being nursed by his wife and other relatives.

—Messrs. Geo. and Dill Carter, of the Carter Hall farm, threshed 144 bus. of Keeser's Prolific wheat from six acres this season. An average of 24 bus.

It is thought that young Poole, who was shot by revenue officers near Winchester a short time since, will recover.

The Front Royal Sentinel complains of the drought in that locality, and says "the parched fields, withered corn and grass, and burnt-up gardens, are greatly in need of copious rains."

—We learn that several excursions emanated from Winchester this week. One was given by the Union Fire company, bound for Harper's Ferry, and the other, by the citizens, was destined to the Luray Caverns.

—Iron and Hop Bitters at Steele & Bro.'s

MR. KERN is engaged in repairing his hotel stables on Marlboro street. It will be remembered that Mr. Kern was one of those unfortunate individuals who had his stabling completely demolished by the heavy snows of last winter.

—Cathartic and quinine pills; also St. Jacob's Oil, at Steele & Bro.'s

—Two barrels best linseed oil just received at Grove & Bro.'s

THE fellow who goes to a picnic with dark pantaloons on may not look as nice as he who wears lavender ones, but if both of them happen to sit down on blackberry pies we can imagine which one feels the worst.

A PERSON shouldn't be so selfish as to cut a melon, eat one half and set the other half aside to be devoured some six or eight hours afterward. We have known a first-class cholera morbus caught in this way; and, besides, there is danger of furnishing the undertaker with a job.

—Go to Steele & Brother for wagon and buggy shafts, spokes, hubs, rims, axles, &c. Also, horse and cattle yokes.

A STEPHENS CITY man came home from Winchester the night of the circus with several long hairs dangling about his coat collar. His face now looks as though he has been suffering from an attack of the small-pox or had his whiskers and moustach dressed with a curry-comb in the hands of a loving and dutiful wife.

SITTING BULL is a man of the times. He wears goggles, signs his name on hotel registers, sells his autograph for \$5, and is doing a brisk business in selling relics, such as his old pipes, &c. He is not quite up to the mystery of ice cream, however, but can use a palm leaf fan for all it is worth.

—There will always be found at Adams & McCarty's a fresh assortment of crackers and cakes, confections, fruits, etc.

—Petroleum V. Nasby is now doing England and reports one half of that country are making beer for the other half to drink.

—The Methodist picnic will take place in the grove of Mr. H. A. Dinges, about 1/2 mile south of town.

—Our friend, L. S. Sangster is soliciting orders for Steele & Bro.'s celebrated King Phosphate. He reports a great demand for this Fertilizer, our farmers may look out for him next week.

PICNIC.—The officers of the Methodist Sunday School will give a picnic to-day, for the enjoyment of the pupils, and the public generally. It is requested that families will bring a full basket. The brass band will be in attendance.

A fancifully attired colored baseball club from Woodstock came here on Friday to play a game with a Winchester club. The visitors were successful.—Winchester Times.

EXCURSION.—The B. & O. Railroad company will run special trains to the Camp Meeting to be held in the grove near Mt. Jackson, on Sunday next, leaving Winchester, A. M. 7:25, Fare \$1.50

—Attention is called to the new advertisement of Wm. B. Grove with Wm. H. Brown & Bro., wholesale druggists, Baltimore. We are personally acquainted with Mr. Grove, and know him to be a courteous and agreeable business man. His commercial acquaintance in the Valley has been of the most pleasant nature.

—We had the pleasure of testing the superiority of that new-fangled peach flavored ice cream the other day, whilst in Winchester. If we are allowed to express our opinion we would say that of all ice creams this superceeds. This delightful delicacy is kept constantly on hand by our brother townsman, Will Grove, at his parlour saloons. We would advise the boys of this place to call and try it when they get down town.

THE POOLE CASE.—Policeman Evans, who is charged with firing the shot that wounded young Poole, was arrested on Saturday and lodged in jail, the magistrate refusing bail. On Tuesday Evans was released on a writ from Judge Rives, of the Federal Court, and delivered to the United States Marshal. His examination before that court at Harrisonburg will take place on the 11th of next October.—Winchester News.

DIED.—On Friday, August 12, 1881, Reese, youngest son of Amos Gaurd, aged 17 years. About two weeks since he had a violent attack of enteritis, or inflammation of the bowels, from which he was gradually recovering, when from some cause it became complicated with pneumonia, which soon terminated his existence in spite of every effort on the part of his physicians. He was an upright young man, and his demise while just entering into manhood is much regretted by his numerous friends and relatives, and his parents have the heartfelt sympathy of the entire community.

—We noticed one day last week, a mammoth lot of produce going out from the establishment of G. F. Mayers, consisting of about 900 dozen eggs, about 400 lbs. butter, a large number of fowls and sundry small items. This produce, we learn, goes to Philadelphia from White Post station, by Adams Express, over the Shenandoah Valley Rail Road, and is shipped to fill a special order from a Philadelphia House. The liberal prices Mr. Mayers is paying for produce has made his store the Central Mart.

PERSONAL.—Capt. J. C. K. yser, of Pensacola, Florida, is at Kern's.

Mrs. Gaver and daughter are the guests of Rev. Geo. Stephenson.

Miss Josie Thompson, of Hamilton, Loudoun County Va., is the guest of Miss Edith Neese, of this place.

We are glad to inform our readers that Mr. Michael A. Wise is much improved from his illness, as recorded in our last.

Warfield Munroe, of Baltimore, and late Grand Worthy Chief Templar, of the Maryland lodge is the guest of Dr. Thomas M. Miller.

—Steele & Bro. want 50 doz. Spring Chickens at \$1.50@2.00 per doz.

—Attention is directed to the new advertisement of Messrs Sibert & Denny, 96 Loudoun St., Winchester, Va. They have in stock a varied assortment of watches, clocks, etc. Persons who desire having repairing done in Winchester would do well to call on them.

—Steele & Bro. will pay 25c apiece for old Fowls. Bring them along at once.

Mrs. Parrington says: "For my part, I can't deceive what on airth eddication is a comin to. When I was young, if a gal only understood the rules of destruction, provision multiplying, replenishing, and the common denomiator, and knew all about the rivers and their obituaries, the provinces and the umpire, they had eddication enough. But now they have to study botomy, algerbay, and have to demonstrate the supposition about the sycopaths of circusst angents and diogonies of parallelograms, to say nothing of oxhides, asherds, cowsticks, and abtuse triangles.

—Go to Steele & Dinges and get pebble grain oil cloth to cover your wagons, carriages, &c.

A FAVORITE REMEDY.—Simmons' Liver Regulator is one of the most meritorious and popular remedies offered to the public. It is entirely free from injurious mineral substances, and as a vegetable made of Southern roots and herbs, it is a sovereign remedy for all liver and bowel complaints. The merits of this remedy commend it to the public as a standard to be kept constantly in the family. It has the most unqualified endorsement of thousands of our most prominent citizens in all parts of the country, who have used it and testify to its excellent medical and curative properties.

Purchasers should be careful to see that they get the GENUINE, manufactured only by J. H. ZEILIN & Co., Philadelphia.

We are requested by one of our patrons to publish the following, which was written many years ago by an old farmer of Newtown, after examining his wheat field, and discovering that the plant had been injured by the rust. We do not know when we have read an impromptu breathing a purer spirit of piety:

God's SOVEREIGNTY IN PROVIDENCE.
It is the Lord, enthroned in light,
Who has an undisputed right
To do with me and mine as he
Hath purposed in eternity.

When His kind hand has blest my hope
In Providence, to send a crop;
Then by his chaste ring rod to blast
The growing prospect at the last,
By fly, or rust, or smut, or worm,
Or rain, or hail, or fly or storm,
He's just and holy, and He's wise,
And rules in earth, and air, and skies.

Shall I, a sinful creature, dare
Impeach His justice or His care,
And say the dispensation sent
Is evil, not for good intent?

Forbid it, Lord! Oh, make me bow
To Thy disposal here below,
And be resigned to all Thy will,
As being best, though good or ill.

Thy glory and my good's designed—
Thou hast revealed this as Thy mind;
I'll trust Thy word, and persevere,
Submissive tremble, love and fear.

To the citizens of Stephens City and vicinity: In order to close out summer stock I have made some sweeping reductions in prices: 150 pieces best brands of Prints at 5 cents per yard, 25 pieces dress goods at from 3 cents to 15 cents per yard. Parasols, Sun Umbrellas and Fans, very low. The largest stock of Groceries in the Valley, at prices that defy competition. A cordial invitation is extended to all to inspect my stock. No undue solicitation to buy need be feared. Highest prices given for all kinds of country produce.

Your obedient servant,
G. F. MAYERS.
