Delegates to local bodies were requested to ask their unions to instruct delegates to state federation of labor convention to oppose the above resolution known as No. 6, and to send as many delegates as possible to defeat it in the coming state convention.

The assembly will meet hereafter in the Kalamazoo building, third floor, the old meeting place before the Parson's block fire.

Knights of Labor.

General Master Workman Sovereign, in his annual address, among other things, said that after a struggle of twenty-seven years against the evils of aggregated wealth by our order, we are confronted with more serious problems affecting the right and liberties of the industrial masses than ever before.

Not only have the idle speculating classes demonstrated their ability to dominate productive enterprise and accumulate the wealth of toiling millions, but they have demonstrated their power to coerce wage workers and mortgage farmers with threats of discharge and foreclosure into submission to their will. Laboring men can combat a falsehood and bid defiance to traitors from their own ranks, but when a depraved monster of corporate rapacity steals into their homes and threatens them with discharge and persecution because of their political convictions, they sacrifice their liberties in consideration of food and shelter for their helpless wives and innocent children. The struggle just passed has demonstrated that pecuniary dependence is political slavery.

I would so change and abbreviate our present test of membership as to centre

I would then appeal to the free silver and reform forces every where for membership and support and throw this organization into the great broad field of agitation to fight the money power and the corporations to an everlasting finish.

Want Good Roads.

Down in Louisiana the apostles of the movement have freckled the state with placards reading:

"I want good roads!" They should come to the northwest if they want good roads, and, by way of trial, take a trip over the Saint Paul & Duluth, which is the popular road between St. Paul, Minneapolis, Duluth, West Superior, Stillwater and Taylor's Falls, as well other points. They would then understand what has made this road known as the "The Duluth Short Line," such a favorite with the traveling public. They would see how modern equipment and fine facilities attract the great mass of the people. The progressive spirit of the Saint Paul & Duluth has always kept it at the front, and its patrons always stick to it. If you want to see the people and be with them, always take the Saint Paul & Duluth and enjoy a comfortable journey—a luxury most appreciated. Maps, circulars, etc., may always be obtained of ticket agents, or can be had by writing to W. A. Russell, General Passenger Agent, St. Paul, Minn.

Prosperity!

Your prosperity will depend on your own efforts, if you do not save and invest part of your own earnings at the end of five years you will not be any richer than at present.

If you put away \$5 a month it will amount, with 8 per cent interest, at the end of five years to \$361. \$10 a month will amount to \$722 and \$15 a will amount to \$1,083.

It is our opinion that either the Union, Zenith, or Climax Building & Loan Association will help you to get this sum by investing in the shares which allow all profits at the end of five years.
