THE FOURTH TERM.

W. E. McEwen Elected President of the Trades Assembly for the Fourth Term.

The Waiters Make Complaints and the Tailors Ask Assistance.

Election of officers took up most of the time at the last Trades Assembly meeting. W. E. McEwen was re-elected president for the fourth time. Secretary Allen was re-elected. Henry Dworschak was chosen reading clerk by acclamation. Thomas Savard was re-elected treasurer in the same complimentary manner.

J. A. Blix refused to accept the office of financial secretary again so Charles Leytze was elected. George Washington, of the porters' union was elected sergeant-at-arms. J. W. Richardson, John McMurchy and Delegate Saxine were elected trustees and Messrs. Richardson, Evans and Meakin delegates to the Union Label league.

Messrs. O. E. Lundlie and W. Cundy were appointed delegates to the West Superior Trades Assembly.

The following delegates were obligated: John Golz, pressmen, feeders and helpers' union No. 35; David Evans, bartenders' union No. 75; James Meakin, F. I. Breeze and Henry M. Engen, clerks' retail union No. 735.

The condition of trade with the unions was reported as follows: Plasterers, very poor; butchers, satisfactory; carpenters, just fair; tailors, work slacking off; printers, fair; freight handlers, only fair; press feeders and pressmen, good; draymen, business very poor; bartenders, fair; stage employes, quiet—a picnic has been planned for July 3rd and 4th at Brautigan's garden; cigarmakers, fair, better prospects; agents, all right; street railway employes, fair; laundry workers, about as usual, still keeping up the boycott; painters, getting dull; brewery workers' union seems to be losing interest; west end clerks' union, in good condition, will give a concert July 14; boiler maker helpers, slow; engineers, all working; machine workers, all busy; woodworkers, business fair; plumbers, dull.

The delegates to the State Federation convention at Winoona had not agreed on the report and it was laid over until next meeting.

The waiters reported that Mrs. E. H. Fish & Co., still hold back from signing the new scale and has been boycotted by the waiters' union. The grievance committee was asked to investigate. A complaint was made against the branch Bethel and the claim of the management of the institution was disputed. One delegate thought that it would be wrong to meddle with it. Another delegate declared that the

Bethel is a "graft from the word go and that one might beg until white in the face for something to eat if he did not have the coin. Inquiries also were made if the repair work at the branch Bethel is being done by union carpenters. The matter will come up at the next meeting.

Delegate Saxine made an extended report in the matter of the tailors' boycott on Stolz, the East Fourth street tailor. He declared that Stolz is doing as much work with two men and a boy as the shops with five times as much help, which, Mr. Saxine said, did not speak well for the work nor the spirit towards unionism. He asked the grievance committee to investigate the matter most thoroughly.

John McMurchy, in behalf of the grievance committee, said that no conference had yet been secured with Capt. Norris, in the matter of the carpenters' boycott on the Norris House. The boycott on five of the employing painters is still on.

Erickson of the west end has given assurances that his painters will go into the union. No satisfaction has yet been secured from Farrington of the west end and his action most likely will depend upon that of the other employing painters. No report was received from the West Superior delegates.

Socialists Make Nominations.

J. H. Opperman has been nominated as a candidate for the legislature from this district, and Edward Kriz for congress by the socialist labor party. Mr. Kriz is a member of the boiler makers' union and Mr. Opperman is a bookkeeper employed in the city.

The nominations were made by a referendum vote of the different sections in the district. Every member must be in good standing before he can become a candidate for any office. Each candidate is compelled to sign a resignation blank which is placed in the hands of the secretary and if at any time the member elected to office is false to the principles of his party or violates his pledges he will be asked to resign.

The Battleship Oregon

Has made more kinds of a record for the U. S. Navy in its 18,000 miles trip, than was ever dreamed of, judging from the demand for it, that little 80-page, vest pocket size, army and navy book just published by the Northern Pacific is making too. The requests for it reach the N. P. passenger department at St. Paul in large numbers from every part of the United States. This is a tribute to wide advertising as well as to the enterprise of the company and the value of the book. Mr. Chas. S. Poe, the General Passenger Agent at St. Paul, Minn., will send the book upon receipt of ten cents.
