NEZ PERCES HOLD SOCIAL FUNCTION

WILD, WEIRD DANCE BEING INDULGED IN AT LAPWAI CREEK.

RESULT OF RECENT COUNCIL

WISH TO HAVE THEIR AGENT RE-TAINED.

Object to Being Placed Under Control of Superintendent of Indian Industrial School.

LEWISTON, Idaho, Jan. 30.—Two hundred Nez Perces Indians are engaged in a tribal dance on Lapwai creek, fifteen miles from this city. The dance is the result of a council that convened last week to discuss the proposed abandonment of the Lapwai agency and the transfer of the same to the superintendent of the Lapwai Indian industrial school.

The council expressed disapproval of the acts of Superintendent Voorhies, in charge of the school, who has enforced the attendance of Indian children at school. Resolutions were passed condemning the superintendent and asking that the agency remain separate. A delegation of Indians was appointed to visit Washington to make their wishes known. The council met five days ago, and the excitement of discussion gradually resulted in the wild, weird dance of the tribe.

George Moses, Philip McFarland and Peo-Peo-Kalipit, chiefs of the tribe, are participating in the dances. Guards have been stationed to prevent the Indians from receiving whisky, and precaution is taken to prevent any depredations. A party arriving from the scene reports that the canons are echoing with the yells of the dancers. Superintendent Voorhies addressed the council during the early deliberations, but, it seems, was unable to influence the Indians.

GIANT COAL COMBINE HAS GONE BUMP

Promoter of Enterprise Says the Illinois Operators Asked Too Much for Holdings.

INDIANAPOLIS, Jan. 30.—The giant coal combine of the Indiana and Illinois mines has failed. Positive information to this effect was contained in a private telegram received in Indianapolis tonight from John S. Bays, of Sullivan, who has been in charge of the promotion of the enterprise. The failure is attributed to the high prices demanded by the Illinois operators, and the combination of the two states seems to have been made an impossibility, but it is not improbable that the mines of Indiana may enter a combination alone.

FROM OCEAN TO OCEAN.

Canadian Pacific to Make Trip in Three Days.

ST. PAUL, Jan. 30.—From ocean to ocean in three days is a dream the Canadian Pacific will make a reality early in the spring. Equipment will cost the system nearly \$1,000,000 and will be supplied by builders in the United States.

The new service will be in addition to that formerly operated and the new train will be tri-weekly.

The Canadian Pacific will cut 24 hours from the through running time. The new limited will have a 72-hour schedule between Montreal and Vancouver, and will make average running time of 40.3 miles an hour.

The public will get accommodations identical with those of the train that carried the Duke and Duchess of York across the continent. The train will make no local stops whatever.

TWO FREIGHTS COLLIDE.

One Man Killed and Three Injured at Deerfield.

CHICAGO, Jan. 30.—In a rear-end collision between two freight trains on the Chicago & Milwaukee division of the Chicago, Milwaukee & St. Paul road at Deerfield, Wis., early today, one man was killed and three badly injured.

The dead: HUGH COX, aged 25, of Kansasville, Ill.

The injured: A. F. McKenzie, Elk-horn, Ill., and Michael Gaffney and John McManus, both of Kansasville.

The men were stockmen, riding in the caboose of a train that had stopped at Deerfield for water. According to a statement issued by officials of the company, the block signal operator, by mistake, admitted a "dead" train into the section with the freight. The caboose was demolished.

BABY IS SMOTHERED.

Young One Slips Down Under Bed Clothes and Suffocates.

ST. PAUL, Jan. 30.—The seven-weeks-old daughter of Leon Edwards, 1474 Hewitt avenue, was accidentally smothered to death about 6 o'clock this morning.

The child was sleeping quietly at 5 o'clock, but an hour later was discovered to be lying on its face, under three heavy quilts, dead. It is supposed to have turned over on its face and slipped under the bed clothes. Edwards is a workman at the Minnesota Transfer shops.

SHOT HIS WIFE TWICE.
Fred Haas Would Not Stand for Being Called Down.

CHICAGO, Jan. 30.—Fred Haas, 51 years old, and his wife, 55 years old, quarreled today because, it is said, Mrs. Haas had upbraided her husband for drinking. Haas became enraged and attacking his wife with a revolver. She turned to flee, and he followed, driving her down stairs and firing two bullets into her body. Mrs. Haas was taken to the Greenmount hospital. It is thought that she cannot live. Haas did not resist arrest.

Two Burglars Shot.
VALLEY, Neb., Jan. 30.—Matt Ruhlin, a saloon-keeper, and a number of citizens had a fight with two burglars who had broken into the saloon early today and both of the burglars were shot. One of them, Geo. Myers, who was captured, may not recover. The other escaped. None of the citizens were hurt.

Snow and Frost in England.
LONDON, Jan. 30.—Sharp frosts and heavy snows are greatly impeding traffic and work in the United Kingdom and causing many casualties. Cross channel traffic is interfered with by blinding snow storm and thousands of workmen employed at the shipbuilding yards are idle.

PROPOSED AMENDMENTS TO THE CITY CHARTER.

ONE.
Amend Section 272 so as to read as follows:

"Sec. 272: When said board shall be ordered by the common council to make any improvements described in Sec. 356 of this charter, it shall cause an estimate of the cost of such improvement to be made by the city engineer, and shall thereupon proceed to assess upon such amount, which shall be added to the assessment to defray the necessary expenses of making surveys, plans, specifications and superintendence, on the property to be benefited by said improvement in proportion as nearly as may be to the benefits resulting therefrom, but in no case in excess of such benefits. In making such assessment the board shall describe each parcel of property assessed, and the amount assessed against the same, and shall state the name of the owner thereof so far as known to said board. No mistake in, or omission of such owner's name shall in any wise affect such assessment.

If the work shall have been completed before any assessment is made, the amount so assessed shall be insufficient to complete the work, said board shall, after the completion of said work, make a final assessment in the usual manner, and the same shall be added to the assessment made before the completion of the work. All assessments paid on account of any improvement ordered to be done by the board before the contract therefor is let shall be kept separate in the permanent improvement revolving fund for such improvement until the amount of said fund is exhausted. Said improvement equals that portion of the estimated cost of said improvement that shall be paid from said fund."

TWO.
Amend Section 358 by adding to the end thereof the following: "Provided, that for the purpose of this section in determining the ownership of property where any piece of property is owned by two or more owners jointly or in common all such owners shall be counted as one."

Add a Section as follows: "Section 284 a. That same penalties and interest shall be collected by the County Treasurer on assessments as upon general taxes, which penalties and interest shall belong to the city and be turned over by said Treasurer to the city with the assessments."

FOUR.
Add a Section as follows: "Section 358 a. The Common Council of the City of Duluth by a 3/4 vote of all its members shall have power to order the construction of sanitary main trunk sewer in any part of the city and necessity require it, and the City shall have the power to assess upon real estate to be specially benefited by the same to defray the cost of the construction, or a part thereof, according to special benefits which will accrue to the property owners, provided for in Section 358 of this Charter; provided, however, that a Sanitary Main Trunk Sewer is hereby defined to be and shall be the main outlet sewer for the drainage of any sanitary sewer District, terminating at the point of final discharge of sewerage into St. Louis Bay or River, or Duluth or Superior Bay or Harbor, or Lake Superior, the whole length of which shall be designed and intended as the outlet for lateral sewers and shall not include any other main outlet, branch, lateral sewer or any extension of such main trunk sewer."
