CITIZENS' ALLIANCE SCORES PATTERSON

SAYS HE IGNORANTLY MISSTATED FACTS ABOUT STRIKE.

Denver Citizens' Alliance Say He Misrepresented Things When He Asked Senate to Investigate Colorado Labor Strikes.

Denver, Col., Dec. 17.—Senator Patterson's statement before the United States Senate this week relating to the tyrannical conditions in the striking mining fields of Colorado has aroused the ire of the Citizens' Alliance of Denver.

Whereas, Senator Patterson last Friday offered a resolution in the senate of the United States, authorizing the appointment of a committee to investigate all matters connected with the existing labor strikes in the state of Colorado and the conduct of the state officials in reference thereto, and in his recital of the alleged facts, either ignorantly misstated the same or willfully and purposely misrepresented them, and attacked the motives of the state officials and reflected upon the good name of the people of this state; and

Whereas, the appointment of said committee is especially desirable to the end that the true facts connected with said matters be published to the world and the incorrect, partisan and misleading statements of Senator Patterson be refuted, now, therefore, be it

Resolved, that while we deprecate the manner and method in which Senator Patterson presented the subject to the senate in his resolution, yet we join with him in requesting the appointment of said committee; and be it further,

Resolved, that the secretary of the Citizens' Alliance of Denver be instructed to send a copy of this resolution to the President of the United States Senate. (Signed)

The Citizens' Alliance of Denver, By J. F. Zell, Secretary.

MARINE LABOR NEWS.

The marine engineers held their first meeting Tuesday evening. There was a large attendance. The event of the evening was the election of officers, which resulted as follows: President, Louis Griggs; first vice president, J. Q. Adams; second vice president, Wm. Murphy; secretary, Peter Berg; financial secretary, Armor Harvey; assistant financial secretary, George Trevillon. Delegate to the national convention of the M. E. B. A., Louis Griggs.

The L. T. P. A. will hold the first meeting of the season at the Kalamazoo block. President Walsh issued the call for the meeting Wednesday. The election of officers will be held a week hence.

With the laying up of tugs the engineers headquarters in the Hunter block is again being filled up with tired engineers who pass the winter in reading and recreation about the club rooms of the association.

The tug firemen held their first meeting last Monday evening in the engineers hall. There was a good attendance. Work for the winter was arranged for. The election of officers will be held next month.

It is rumored in marine labor circles that the resignation of A. B. Wolvin from the trust steamship interests is for the purpose of giving marine labor organizations a battle next season. Mr. Wolvin was always regarded to be fair with organized labor in the settlement of disputes.

Dock laborers have been more successful bettering their conditions than workmen in any other line. In four years the men on the lakes have been able to bring about an increase in wages of five per cent. The movement now on foot is to make these conditions general and have them extended to the men in Denmark, Sweden, Norway and Great Britain and Ireland.

Steamboatmen on the Upper Mississippi announce a revolution. They declare they will do away with the negro roustabouts and supplant them with white men. The negro, they say, even as a roustabout is deteriorating.

The International Seamen's Union re-elected all of its old board of officers, excepting a fourth vice president, and adjourned to meet next year in San Francisco, following the convention in that city of the American Federation of Labor. Alfred McDonnell, of Boston, was chosen fourth vice president. The four delegates selected to represent the season at the A. F. of L. convention are President Penle, W. McArthur, Andrew Furuseth and General Secretary William H. Frazier.

The Parker Pen Company of Janesville, Wis., will give annually a bonus of \$15 to the women who have been in their employ three years, and \$35 to those employed five years or over. The move is made to encourage the girls to remain bachelor maids.

COCHRAN WILL GET M'CLELLAN'S PLACE NEW YORK, Dec. 16.—W. Bourke Cochran will be nominated by Tammany Hall to succeed Mayor-elect George McClellan as the representative from the Twelfth congressional district as soon as Mr. McClellan resigns from his seat to undertake his duties as the municipal executive. This was determined today at Mr. Cochran's office, where he met Charles F. Murphy and gave the Tammany Hall leader his consent to run.

POLES MAY BE GIVEN BISHOP GREEN BAY, Wis., Dec. 16.—The request of the Polish Catholic clergy for the appointment of a bishop of their nationality in the United States is likely to be recognized within the next few days.

MAYOR HUGO AND DR. CULLUM TO BATTLE FOR SUPREMACY.

The primary election held on Tuesday last was a surprise and disappointment in many respects. The aldermanic contests in the First, Fourth and Seventh Wards brought out an immense vote for the Republican party. For this reason Mayor Hugo received a very flattering vote from his party. Almost 54 per cent of Mayor Hugo's vote was secured in the three wards in which there were aldermanic contests. In the other five wards Mayor Hugo received a

majority of 172 over the combined vote of Mannheim and Cullum. In the whole city Mayor Hugo ran 386 votes behind the total number of votes cast for aldermanic candidates. His greatest loss was in the Fourth Ward where he ran behind 114 votes. It is charged by many Republicans that a number of Democrats voted in the Republican primaries in this ward.

T. W. Hugo, Republican.

Dr. M. B. Cullom, Democrat.

James McDowell made a poor showing in the First Ward. The fates were against him. In the Fourth Ward Trevillion proved that he had lost none of his old-time vigor, and came out with colors flying when there were arrayed against him the mightiest host of politicians in the city.

Alderman Mannheim's vote was really a surprise to Dr. Cullom's friends. He showed that he commanded no small following, and his run was indeed creditable in every respect. The small Democratic vote through-

out the city is by no means discouraging to the party. The apathy of the voters was general. Both parties can justly complain of this. The friends of Mayor Hugo and Dr. Cullum will begin the work of organization immediately. Before the contest closes every voter will be seen and urged to register.

The contest between Judge Gearhart and S. F. White for special judge was interesting, but Judge Gearhart was too heavy for Mr. White.

vote of over four to one. It is said that Mr. Nelson was not treated right by the crowd who induced him to become a candidate for alderman. Early in the game a number of West End people had talked Mr. Nelson for mayor. Indeed the talk became so general that he was almost induced to enter the race. At this moment some friends of Mayor Hugo visited Mr. Nelson and urged him to enter the race for alderman, claiming that he would be the logical candidate for mayor two years hence.

This sounded very good to Mr. Nelson, and so he yielded to the wishes of Mr. Hugo's friends. It is now charged that he was deserted at the last moment. One of Mr. Nelson's

Joseph Mannheim, who made a gallant fight for Democratic nomination and lost.

supporters said to the Labor World yesterday that he knew it was a trap into which they enticed Mr. Nelson, and that more would be heard from this later.

SURGEONS TO SEE HIS BRAIN WORK

NEW YORK, Dec. 16.—Several noted New York surgeons interested in the remarkable case of Asa Paulson, the Stockholm, N. J., guide, went to Patterson yesterday to see the man as he lies in St. Joseph's hospital and to learn for themselves more details concerning his strange injury.

Paulson received a full charge of buckshot behind and above the right ear, which plowed a hole through the frontal bone, destroyed the right eye, carried away about three ounces and a half of brain matter, and so fearfully fractured the frontal bone as to practically require the removal of the entire bone constituting the forehead.

That the brain is incapable of pain is proved by the fact that the exposed portion is freely bathed with an antiseptic fluid, rubbed with lint, pressed into place with a bandage, and at times actually trimmed with scissors. By watching it the doctors can ascertain whether the patient is asleep or whether his brain is active. A sudden mental excitement occasions greater protrusion of the exposed convulsion.

PIONEER FARMER BADLY FROZEN

GLENCOE, Minn., Dec. 16.—Frank Skucius, Sr., a pioneer resident of McLeod Co., was badly frozen last night and may lose one of his feet. He attended a meeting of the C. S. P. S. society in town and left for home at about 11 o'clock. On the way the team became frightened and ran away.

Mr. Skucius was bundled up and unable to handle the horses. The sleigh was overturned and he was thrown out, suffering injury that left him unconscious some time. When he recovered his senses he was badly frozen, but managed to get to the home of Matthew Wehl, some distance away, arriving there about 5 o'clock in the morning. Both feet are frozen to the ankles, and both hands and his ears. He is 60 and has lived here 30 years. He has a wife and family.

BRISTOW'S REPORT MADE PUBLIC

WASHINGTON, Dec. 16.—The full report of Fourth Assistant Postmaster General Bristow, was made public today with the exception of the exhibits, which are withheld because of pending criminal proceedings.

The report reveals many new facts brought out by the mouth of investigation and not embodied in the official abstract made public a fortnight ago. These are mostly in the way of important supplementary information regarding the alleged connection of executive officers of the department with fraudulent contracts for supplies alleged efforts to promote mining stocks among postoffice department employes, irregularities in outside postoffices, etc.
