

Store Open Saturday Nights.

**\$8.85**

is perhaps too low a price to put on a suit of clothes made by such a reputable firm as the Kuh, Nathan & Fischer Co. of Chicago. We know that many a man will shake his head and say, "No \$8.85 suit for me!"

If you will take into consideration that we are ready to fit and guarantee these Suits just as though you paid \$12.50 or \$15 for one, that Burrows would have never sold you one for a cent less than \$12.50 or \$15.00, and that we do sell them at \$8.85 only because we must dispose of goods with the Burrows labels before our new stock with the Columbia labels comes in—then you may think twice before spending more than \$8.85 for a summer suit.

Among the many single suits which we placed in the \$8.85 price column are many garments from the Stein-Bloch Co. and other famous makers.

The bulk of suits sold since "The Columbia" took hold of the "Great Eastern" were higher priced suits. Those who knew the Burrows stock are not slow to take advantage of the special Columbia prices.

We want those who usually buy a medium-grade suit to investigate this extraordinary \$8.85 offer of ours. Get busy!

**The Columbia**  
CLOTHING COMPANY.

Footnote: Burrows' \$3.50 and \$4 Shoes now \$2.88.

S. I. Levin, importer of wines and liquors, at 501 West Superior street carries the very best stock for the city for family and medicinal purposes.

**STARVED ON A STOOP 'TOO OLD' TO FIND WORK**

Aged Workingman so Weak He Could Not Speak Until He Was Given Food.

Then He Said Sadly to Police: "This World Does Not Want Old Men."

New York, July 13.—"This world does not want old men." These words were uttered by Anthony Weiss, seventy years old, who was found starving on the street yesterday. Weiss had attracted attention by sitting all day on a stoop at No. 13 Wooster street. He refused to heed those who approached him and could not be induced to say a word.

Later, when he was taken to the police station in Macdougall street, it was found that his reluctance was due to weakness, which left him unable to speak. When he had recovered somewhat under the warming influence of hot soup, he said he had not been able to find work because of his age.

"I have tried repeatedly to get something to do," he murmured, "but they said I was too old. So I decided there was nothing for me to do but die and I sat down on the porch to await the end."

The magistrate ordered that Weiss be sent to the almshouse and cared for. He was too weak to walk from the court room to prison, however, and an ambulance had to be called to take him to Bellevue Hospital.

**PRESENTATION OF CUP IS POSTPONED**

The presentation to the champion Franklin team of the interscholastic cup given for winning the honors of the league, has been postponed from July 13 to a date to be fixed by Norman D. McLean, secretary of the Boy's department of the Y. M. C. A.

**DULUTH TO HAVE BIG FALL FESTIVAL**

Week of August 21 to 28 to be Gala Period in Zenith City.

Third Regiment Band Promotes Big Fete for Head of Lakes People.

Duluth people will be afforded a week of rare enjoyment next month, when the Third Regiment band will present its first annual fall festival and jubilee, beginning Monday, August 21, and continuing throughout the entire week. The Cosmopolitan Amusement company, one of the largest carnival amusement organizations on the road this year, has contracted to furnish the attractions for the big show and the band members believe that they will be able to offer the best line of amusement features ever presented in the Zenith City.

Five strong fire acts will be offered to the band's patrons, including a top the gap, the electrical spiral tower, which is ascended by a performer mounted on a huge rubber ball, a monkey aeronaut in a daring balloon ascension. Two troupes of acrobats will also present pleasing features. Along the "Pike," modelled after the most successful amusement feature at the St. Louis fair, will be grouped fourteen paid shows, including the huge Wild West stadium, dog, monkey and pony circus, the electrical panorama, a visit to the Tyrolean Alps, two other electrical theaters, the old plantation minstrels, Bohemian glass blowers' exhibit, Katerjammer Kastle, or mystic palace, the largest horse ever exhibited, which weighs 2630 pounds and is perfectly formed; a mid-gets' theater, a ferris wheel, carousel or huge merry-go-round, a giant snake of unusual species, and the physical culture show, where a lot of handsome young women demonstrate the training which makes a perfect physique and perform marvelous acrobatic acts.

The festival will be given in an enclosure at Twelfth avenue East and London road. On each day of the jubilee parades of the city streets will be made by the local band and the carnival company, which also carries an excellent musical organization. On the opening day Mayor Cullum and the members of the common council and city officials will head the procession, going to the carnival grounds, where the chief executive will make an official inspection of the festival and open it to the public. Other special features planned are a Labor Day, Fraternal day, Range day, Superior day, Duluth day, when Mayor Cullum will be asked to declare an official half holiday. Special features will also be afforded for the children during one day of the gala week.

The Cosmopolitan company is one of the best equipped show corporations on the road this season. "The Royal Blue Flyer," composed of thirty-six specially constructed railway cars, are required to transport the organization and it carries its own electric lighting plant operated by a fifty-horse power dynamo. In every respect the attractions offered by the Cosmopolitan company are of the highest moral tone, which is now demanded everywhere by carnival and street fair patrons. The days when "anything to get the money" will have passed and carnival promoters everywhere are trying to do the highest class attractions. An effort is being made to secure a labor candidate for the queen of the carnival competition. Two years ago the representative of the unions was successful in the contest and it is hoped that organized labor will be represented again this year. The successful candidate will be presented with a handsome memento of the occasion and will head the queen of the carnival procession to be given some evening during the week.

**GOVERNOR'S DAUGHTER TO CHRISTEN SHIP**

WASHINGTON, July 12.—The Fore River Shipbuilding company notified the secretary of the navy that the battleship Vermont will be launched at the shipyard of that company at Quincy, Mass., Aug. 31, and that the governor of Vermont has designated his daughter, Miss Jennie Bell, to act as the sponsor of the vessel.

**SCHOOL ELECTION IS CHIEF EVENT OF TODAY**

Three Directors of local School Board to be Chosen by People Today.

E. R. Cobb, Labor's First Candidate, Will Receive Support of Union Labor.

There is to be a school election today—Saturday. The polls will be open from 10 a. m. to 4 p. m., and but few workmen will have an opportunity to vote unless they take time off from their work to do so. Last winter the labor organizations tried to have the polls opened longer, but certain members of the present school board took particular pains to see that the bill was defeated. One of them wrote a letter to a certain member of the legislature in which he said that the extension of the hours for the election would bring in labor union influence in school elections and this would seriously hamper educational work.

The candidates today are E. R. Cobb, L. D. Campbell, Geo. L. Hargraves, B. N. Wheeler, J. J. Le Tourneau, and Frank B. Smith. The Labor World has not taken any part in the campaign, because of the fact that on both sides were strong friends of labor. E. R. Cobb, for instance, was in the early days a most enthusiastic labor advocate. While out of the movement now, yet he is still known for his friendship and belief in organized labor. Frank Smith has always been a consistent friend. While these gentlemen represent different sentiments in other matters, on the labor question and the rights of labor in school matters they both agree. It is expected that Mr. Cobb will get the solid support of the union labor in this contest.

A bond issue for the construction of a manual training building was authorized last year, but because of other improvements for which the fund was used the balance in the treasury is inadequate for the purpose and the board desires to be instructed as to how to expend the remaining sum. As a new grade building is soon to be erected in the center of the city, the voters will be asked for authority to use the money for that purpose. "Shall a portion of the proceeds of the bond authorized at a general school election be used in the construction of a grade building in the central part of the city instead of for the construction of a manual training building?" is the way the question is worded on the ballots to be answered yes or no. All arrangements for the election have been made by the board and it is believed that a heavy vote will be polled.

**LAW AGAINST BARKERS WOULD WIPE OUT EVIL**

David Casmir Tells a Polished Story About What Their Work Consists Of.

We Have Detected Them Repeatedly in the Act of Hauling Men into Stores.

David Casmir, proprietor of the Eagle Clothing store, don't like the ordinance introduced by Alderman McEwen, designed to prevent the employment of barkers on the sidewalks of our city. It was expected that Mr. Casmir would take this position on the matter. His store is one of those in the very heart of the city that has abused the system. It does not look good to any respectable city or to any respectable business house to have a hoister on the outside watching for the "right" kind of men to pull them in. Only the other day the editor of this paper saw a barker in the act of grabbing a passing workman by the shoulder and attempting to pull him into a store.

In another case we observed the barker stop three men evidently fresh from the woods, and ask them to come in and get their checks cashed. The inference is that they were to be ready money when once inside the door of the clothing store.

There may be some good features in the employment of men for boosting, but the wrong that is done by unscrupulous barkers should warrant the passage of an ordinance that will abate the nuisance. The police department holds that there is no end to the complaints that come to them about the abuses from the barkers. This being true, every newspaper, whether it gets its advertising patronage from the class of stores that employ barkers or not, should recognize that an evil exists and should co-operate with the officials who are trying to remedy it.

Mr. Casmir tells only one side of the story. He forgets that there are other people in the same business who are not so unscrupulous as he. There are firms who observe no rules of business that are followed by other stores. These firms keep open nights and Sundays. When other stores are closed and their employees are getting much needed rest these places are running wide open. They are of little use to the business interests of the city, and are certainly doing a great harm to labor.

**G. E. JAMES DOES GOOD WORK FOR UNION LABEL**

His Method of Advertising the Shoe Workers' Label Seems To Be Successful.

A St. Paul Visitor in the City Speaks in High Terms of Recent State Meeting.

G. E. James, secretary of the Federation Council of the Minnesota State Federation of Labor, and a member of the executive board of the Boot and Shoe Workers Union, is a visitor in Duluth this week. Mr. James is pushing the union stamp of his organization and is making a thorough campaign in the city. During the evenings he goes before the unions and urges the purchase of union stamped shoes. In the daytime he visits about the city, distributing advertising novelties from house to house. The shoe dealers also come in for their share of attention.

Mr. James' system of campaigning for the union label is the very best we have noticed. It ought to bring big returns, and we have no doubt but that there will be a greater demand for union shoes in Duluth as a result of his visit here.

In speaking of the recent convention of the Minnesota State Federation of Labor at Brainerd, Mr. James said that he felt it was the most productive held for some time. He was particularly pleased over the happy ending, and believes that this will be a great year for organized labor in Minnesota. The Federation council will put an organizer in the field at once. A Mr. Bly, a member of the cigarmakers' union, is to begin work in Mankato next Monday. After he finishes there he will begin a campaign in Winona. Then Brainerd will be given attention. A big mass meeting will be held in Stillwater soon, and chartered cars from the Twin Cities will carry representatives of a number of unions there to stimulate the work of organization in the Prison City.

**FINDS PLACES FOR LABORERS.**

Positions were found for 1,737 persons by Secretary Haley, of the free city employment bureau, during the quarter ending July 1, according to the report issued yesterday by the department. He sets out the locality to which laborers are assigned under the headings of in Duluth, St. Louis county and outside. The report follows:

City.	Co. Outside
April 8 .....	88
April 15 .....	44
April 22 .....	29
April 29 .....	37
Total for April .....	199
May 6 .....	58
May 13 .....	47
May 20 .....	33
May 27 .....	40
Total for May .....	178
June 3 .....	32
June 10 .....	37
June 17 .....	35
June 24 .....	30
July 1 .....	27
Total for June .....	162

Mr. Haley says he has been able to find positions for all who have applied during the last quarter, although not always such places as the applicant desires.

"For any man who is willing to work, I can always find a job," he said. "Last week was the poorest I have seen since I came into this office, but it is easily attributable to the wet weather, the circus and the Fourth of July. Under such conditions laborers are likely to postpone applications for work."

**CHINESE EAT HOUSES ARE BEING PASSED UP**

Cooks and Waiters Forced to Plead With Workingmen For Patronage.

Yellow Plague Is Becoming a Pest to Industrial and Business Life.

Union labor and the Chinese are at outs in this city. Ever since the first Chink opened a restaurant in Duluth there has been an unsettled condition of affairs in the culinary business. There are now seven Chinese restaurants in the city, and every one of them give cheap meals as the result of the cheap labor employed.

The competition is so great that it is impossible for the white cooks and waiters to secure an improvement in working conditions. This competition is causing so much alarm that it was determined to bring an open fight against the Chinese joints. It is reported that the Health Department could find a good excuse for inspecting the kitchens of these restaurants. For sanitary reasons alone it would be a good thing for all men to give Chinese restaurants a wide berth.

The following card is being circulated about town, presumably under the direction of some committee of organized labor: "Workingmen, attention! Pass up the Chinese restaurants. Are you in favor of good wages? If you are true workingmen, why do you not patronize union restaurants that recognize the Cooks' and Waiters' Union. The Chinese restaurants are run by cheap working-people. Do not patronize them. Help white cooks and waiters by patronizing union restaurants."

Every workingman in Duluth ought to support this modest request.

**SAYS DEPEW HELPED LOOT EQUITABLE.**

NEW YORK, July 10.—The World tomorrow will say: "Revelations far more startling than those in the report of Superintendent Hendricks are contained in the testimony taken in the state insurance department's investigation of the Equitable Life Assurance society."

"Senator Chauncey M. Depew testified that the Depew Improvement company, in which he was interested, obtained a loan from the Equitable of \$250,000 on property which the state insurance department valued at only \$150,000. He admitted that neither principal nor interest had been paid and that the Equitable had been forced to foreclose. He admitted that, as a member of the executive committee of the Equitable, he had not advised this loan but had voted for it. "Jacob H. Schiff, confronted with records of the Equitable that Kuhn, Loeb & Co. had sold a large amount of Union Pacific preferred stock to the society, swore that these records were false. In various sales of bonds to the Equitable by his firm he admitted that a large loss was shown. He confessed that he had been a dummy director, but said that since the Equitable scandal developed he had bought five shares of stock, paying \$2,000 a share."

**MONEY TO LOAN FOR ALL PURPOSES**

If you are in need of a little money to tide you over a temporary embarrassment just turn to the "Want Page" of this paper—under the heading of "Money to Loan," you will find listed a number of firms, anyone of whom will lend you all the money you may need at very reasonable rates.
