

Bathing Girls with Henry Woodruff in "The Prince of Tonight."

The choicest bits of scenes the world affords are revealed in Lyman H. Howe's new program at the Lyceum during the week of May 15. The program is a veritable series of excursions to remote parts of the world. Among the subjects of this kind are included a trip through "forbidden" Russia; a visit to southern France through scenes of such surpassing beauty that the spectator feels transported to a fairyland; and a voy-

age down the Nile showing Egypt past and present. The trip commences at Cairo—possibly the most cosmopolitan city on earth. Then the audience is taken to gaze at the mute, majestic, mysterious Sphinx and those strangest of all edifices—the Pyramids. By their age, magnitude and solidity, the latter seem to typify time and eternity as the Sphinx symbolizes silence. Events of natural and international activities are also reproduced. How Wilbur Wright has finally solved the problem of aerial navigation

is shown by splendid pictures of his recent and remarkable flights by aeroplane. An experience of a life time is imparted by a realistic ride on a runaway train. The picture is a sensation in the most literal sense. Still another subject of unusual novelty is that which shows the strength and skill of a common house fly magnified hundreds of times. It is inconceivably interesting. The fly juggles a ball (bread pill), log of wood (fragment of a match), a shell, etc., with all the agility of a clever circus performer.

CARLSON AND LIND, CHOICE GROCERIES

This Firm is Located at 332 Twenty-first Avenue West—Zenith Phone 816.

This enterprising grocery concern is noted throughout the city for always carrying a stock of choice groceries, which embrace all the staples and delicacies of the trade in the best quality and at the most reasonable prices. Everything in the way of groceries, provisions, teas, coffees and other commodities which go to make up a complete stock will be found at Carlson and Lind's in their most satisfactory proportions. The company, through the meritorious quality of its goods and the reasonableness of its price, as well as the fair and upright dealing of the men has built for the company a very large and satisfying trade. It has become a fact in the neighborhood in which they live and do business, that not an article is ever sold by the firm that cannot be guaranteed to be exactly as represented and the prices are kept down to the lowest possible living point. The absolute fairness in all its dealings has made this company very popular and its patrons are found in all parts of the city. It has been in business here for a period of seven years and through all the vicissitudes of good and hard times the company has steadily grown and maintained an even-tenure of its own. In addition to handling the choice assortment of groceries, it also deals in such notions and light hardware articles as are indispensable in every household. As already stated, the firm is located at 332 Twenty-first Avenue West, Zenith phone 816. And they certainly merit recognition of the very liberal patronage that has always been bestowed upon them by the working class for the last seven years.

The firm not only has the respect and confidence of the workers, but also through its uniformly square and business methods in dealing with all of its patrons and customers; it is commended by all citizens; it is known by all who deal with them that they sell their goods at lowest prices possible, and will compare favorably in prices with the lowest priced retail dealer anywhere. Their ability to sell so closely is probably no doubt due to their very excellent business methods and the care and attention that both men bestow upon every little detail of their business.
